A flourishing trading centre in 16th century, today the city has grown to become the second largest city of Rajasthan and is still one of the leading centres for wood, cattle, camels, salt and agriculture in Rajasthan. However, the past is never far behind and the city boasts of some very fine reminders of this glorious past -- Palaces, Forts, Temples and other elegant monuments of architectural and historical value.

Mehrangarh Fort : From its towering height of 400 ft, atop a steep hill, Mehrangarh Fort is Jodhpur's most remarkable monument, enclosing within its mighty ramparts a complex of ethereal palaces notable for their exquisite lattice work. EQUESTRIAN INFO

Horses

An excellent selection of responsive and energetic Marwari horses home bred by your guide Bonnie Singh of Dundlod Fort. The Marwari has been used throughout history as a cavalry horse and is comfortable, forward going and wonderfully spirited. The Marwari's extraordinary beauty, arched ears and fiery look adds to their charm.

Guide & local team

The Marwari horses come from the stables of expert horseman Kanwar Raghuvendra Singh at Dundlod Castle. Known as Bonnie, he is a warm and considerate host and has set up the largest Marwari stud farm in India and has established a breed improvement programme. Bonnie is assisted by an army of helpers who support him both on horseback and on the ground.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be a good rider, capable and in control in all paces in open spaces. You must be able to rise to the trot and canter in a forward seat. It is also important to be able to stop, to give the direction during fast paces.

Weight limit: 14 stones (89 kgs) (196 lbs)

PACE

There are long periods of walking, some fast and regular trot and numerous gallops when terrain allow it.

TACKING ABILITY AND PARTICIPATION

A team of grooms will feed, care for and saddle your horses. You can help with untacking if you wish, but this is not expected.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be tough and physically fit for long hours in the saddle and fast paces. Having previous experience of a trail ride of several days would be an advantage but it is not compulsory. Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough and open spaces.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

EQUESTRIAN EQUIPMENT

The tack is English style Indian Army saddlery. It is not particularly comfortable especially after a long days riding - we therefore recommend a seat saver be taken with you and the grooms will happily put it in place. The team can also provide seat savers if you do not have your own (limited number available).

Saddle bags are provided

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

You will stay in a combination of hotels and safari style camps with large spacious tents. Each tent has two made up beds with comfortable mattresses. Separate toilets and showers are set up, with hot water available in the morning and evening.

The hotels are usually former forts and palaces steeped in extravagant royal and colonial history. Rooms will vary in size but each will have a private bathroom. Sometimes hotels are modest, but most are luxurious. Food is freshly cooked, carefully prepared and delicately spiced.

MEALS

Hotel nights:- A buffet breakfast will be available and a choice of evening meals. Rajasthan cuisine is very tasty with a variety of curries, rice served with a side nan or Chapati (Indian breads), Chicken, lamb, vegetables and fresh fruits. Limited spirits, wines, beers and soft drinks will be available. Camping help yourself breakfast of toast, cereals, fruit and eggs if you wish. You have a hot lunch and then another hot meal in the evening around the camp fire. The food is varied and tasty Indian cuisine. Contrary to popular belief, all Hindus are not vegetarians and strict vegetarianism is limited to the south. However, you are unlikely to be served beef steak as the cow is sacred. You can expect to eat either goat or chicken.

Water: Take care and do not drink water unless it out of a bottle. It is better to buy mineral water when staying in the towns. The water you will be offered along the trail will be treated.

Limited spirits, wines, beers and soft drinks will be available.

CLIMATE

Rajasthan has a hot dry climate. The monsoon is from June to September during which it is particularly hot. Rain outside the monsoon months is unlikely. The rides are scheduled for the cooler months and at this time the maximum temperature would be around 24°C during the day. Please be mindful that evenings can be cool (c. 5°C) and you should bring a warm sweater and be prepared for a chilly morning just in case there is a snow fall in the Himalayas as the temperature does drop suddenly at times. When camping, the nights can be cold are felt much more and you are advised to bring warm clothes for sleeping.

TIPS

Tipping is popular in India and it is customary to tip not only your team (guide, cook etc) but also staff in hotels and restaurants.

After the ride, guest usually collect the money in an envelope and hand it over to either your guide Bonnie or Sunayana (his assistant) with the instructions to divide it among the whole team – grooms, camp cook and staff, jeep drivers etc... Budget for c. £40-50 per person in total.

At the hotels, tipping is absolutely discretionary. The bell boys at the hotel handling the baggage do expect a small tip. If you are happy with their services, they may give them around Rupees 50 to 100 – but again, it is absolutely discretionary.

Be careful not to tip too much - being overly generous can affect the general standard of living and destabilise the local economy. If children earn more money than their fathers by begging or asking for money for photos then this can create major distortions within the family.

PACKING LIST

Please pack in accordance with local religious and traditional cultures - it is important to keep your shoulders and knees covered when meeting local populations. Please do not wear shorts or strappy tops in towns and villages. You will also require some smart casual clothes for your hotel nights. Please note that internal flights in India have a maximum weight limit of 15kgs for checked-in luggage and 7kgs for hand luggage.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
