Its refined elegance is a conspicuous contrast both to the Hindu architecture of pre-Islamic India, with its thick walls, corbelled arches, and heavy lintels, and to the Indo-Islamic styles, in which Hindu elements are combined with an eclectic assortment of motifs from Persian and Turkish sources.

## Horses

An excellent selection of home bred, responsive and energetic Marwari horses from the stables of your guide Bonnie Singh of Dundlod Fort. Used throughout history as cavalry horses, the Marwari is comfortable, forward going and wonderfully spirited. Their extraordinary beauty, arched ears and fiery look adds to their charm.

## Guide & local team

---

The Marwari horses come from the stables of expert horseman Kanwar Raghuvendra Singh at Dundlod Castle. Known as Bonnie, he is a warm and considerate host and has set up the largest Marwari stud farm in India and has established a breed improvement programme. Bonnie is assisted by an army of helpers who support him both on horseback and on the ground.

## Minimum riding ability

---

### **MINIMUM RIDING ABILITY**

You need to be a competent rider, capable and in control at all paces in open spaces. You must be able to rise to the trot and canter in a forward seat.

Weight limit: 14 stones (89 kgs) (196 lbs)

### **PACE**

There are long periods of walking, some fast and regular trots and numerous gallops when the terrain allows it.

## TACKING ABILITY AND PARTICIPATION

A team of grooms will feed, care for and saddle your horses. You can help with untacking if you wish, but this is not expected.

## TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be physically fit for long hours in the saddle and at fast paces. Having previous experience of a trail ride of several days would be an advantage but it is not compulsory. Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough and open spaces.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

## EQUESTRIAN EQUIPMENT

The tack is English style Indian Army saddlery. It is not particularly comfortable especially after a long days riding - we therefore recommend a seat saver be taken with you and the grooms will happily put it in place. The team can also provide seat savers if you do not have your own (limited number available).

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

## TRAVEL INFO

### COMFORT

During the ride, you will mainly stay in a safari style camp with large spacious tents. Each tent has two made up beds with comfortable mattresses. Separate toilets and showers are set up, with hot water available in the morning and evening. Hotel nights will be in twin bedded rooms with a private bathroom.

Enjoy sumptuous meals, freshly cooked and delicately spiced throughout.

### MEALS

Hotel nights:- A buffet breakfast will be available and a choice of evening meals. Limited spirits, wines, beers and soft drinks will be available. Camping help yourself breakfast of toast, cereals, fruit and eggs if you wish. You have a hot lunch and then another hot meal in the evening around the camp fire. The food is varied and tasty Indian cuisine. Contrary to popular belief, all Hindus are not vegetarians and strict vegetarianism is limited to the south. However, you are unlikely to be served beef steak as the cow is sacred. You can expect to eat either goat or chicken.

Water: Take care and do not drink water unless it out of a bottle. It is better to buy mineral water when staying in the towns. The water you will be offered along the trail will be treated.

Limited spirits, wines, beers and soft drinks will be available.

### CLIMATE

Rajasthan has a hot dry climate. The monsoon is from June to September during which it is particularly hot. Rain outside the monsoon months is unlikely. The rides are scheduled for the cooler months and at this time the maximum temperature would be around 24°C during the day. Please be mindful that evenings can be cool (c. 5°C) and you should bring a warm sweater and be prepared for a chilly morning just in case there is a snow fall in the Himalayas as the temperature does drop suddenly at times. When camping, the nights can be cold are felt much more and you are advised to bring warm clothes for sleeping.

### TIPS

Tipping is popular in India and it is customary to tip not only your team (guide, cook etc) but also staff in hotels and restaurants.

After the ride, guest usually collect the money in an envelope and hand it over to either your guide Bonnie or Sunayana (his assistant) with the instructions to divide it among the whole team – grooms, camp cook and staff, jeep drivers etc... Budget for c. £40-50 per person in total.

At the hotels, tipping is absolutely discretionary. The bell boys at the hotel handling the baggage do expect a small tip. If you are happy with their services, they may give them around Rupees 50 to 100 – but again, it is absolutely discretionary.

Be careful not to tip too much - being overly generous can affect the general standard of living and destabilise the local economy. If children earn more money than their fathers by begging or asking for money for photos then this can create major distortions within the family.

## PACKING LIST

Please pack in accordance with local religious and traditional cultures - it is important to keep your shoulders and knees covered when meeting local populations. Please do not wear shorts or strappy tops in towns and villages. You will also require some smart casual clothes for your hotel nights.

#### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Woolly hat
- Buff or Bandana to protect against sand, sun and dust

#### Upper body

- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- A light waterproof jacket

#### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Casual trousers for the evenings.
- Swimsuit to enjoy the swimming pool of the hotels

#### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Trainers or equivalent light shoes for the evenings
- Socks
- Gloves - your hands are particularly exposed to the sun

#### Other useful items

- Towels - camping ones will both dry and pack more easily
- Small backpack 25-30 liters
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night - bring spare batteries and bulbs

- Sunscreen and lip balm - should be high factor
- Insect repellent, preferably containing DEET
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops

- Re-hydration sachets

- Water purification tablets
- Antiseptic wipes
- Handwash gel

#### Miscellaneous

- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- Please take your rubbish home with you. There are no recycling facilities in Rajasthan, so take your used batteries, aerosols etc back home and dispose of them appropriately. Try to leave excess packaging material at home before travelling
- If you prefer travelling in a "light way" please choose a biodegradable soap or washing powder/liquid.
- Please don't take a hard sided suitcase. Your luggage should be soft sided with a capacity of about 80 litres. We recommend taking a backpack or similar.
- Backpacks cannot be worn whilst riding.
- We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc) and whilst riding.
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride.

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
