Minimum riding ability

MINIMUM RIDING ABILITY

These rides are suitable for competent riders. You should be able to control a horse outside at all paces and over varied terrain.

Riders over 80 kg / 12.5 st / 176 lbs, please contact us before booking.

PACE

There are plenty of opportunities to trot and canter, but the terrain in the heart of the mountains dictates when you can do this. You will need to lead your horse on some of the steep descents.

TACKING ABILITY AND PARTICIPATION

You will groom, tack and untack your horse and assist with feeding and watering.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

This ride takes place mainly in the high mountains, so you will need to be in good physical condition. You will need to be fit as you will be required to lead your horse on some of the steep descents and will need to be comfortable walking on rough ground.

A previous riding holiday with several days on horseback is requested before joining this trip. Riders who do not ride regularly are requested to get fit prior to the ride.

EQUESTRIAN EQUIPMENT

Water bottle holders are provided along with saddle bags.

Comfortable English tack.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit

TRAVEL INFO

COMFORT

Accommodation is in various lodgings, all of which are comfortable. They are usually small gites and family homes with dormitories or private rooms (optional supplement). The accommodation is charming and in lovely locations with welcoming hosts.

MEALS

Food consists of good breakfasts, picnic lunches carried in your saddlebags and excellent dinners at your lodging for the night. You should expect traditional family style meals freshly prepared by your hosts mostly using local produce.

There will be a supplement to pay if you have any specific diet (vegetarian, gluten free, etc). Please see dates and prices.

CLIMATE

The region can experience different weather patterns.

In the foothills of the Ariège valley towards Tarascon and Pays de Sault the weather is mediterranean, with hot and sunny weather likely. In the Pyrenean valleys the weather is more volatile with the possibility of storms and high temperature differences between day and night.

Rain can be possible all year round, particularly on the northwest facing slopes and snow is common above 1,000m.

TIPS

In France it is customary to tip - usually this is by rounding up the price when you are satisfied with the service in a restaurant. You may wish to leave a tip with the guide who can split it amongst all members of the team.

PACKING LIST

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun and dust

Upper body

- Thermals in case of cold weather
- Long sleeved shirts provide protection from the sun, which can be fierce at altitude
- T-shirts
- Lightweight fleece or jumper
- Warm polar fleece or equivalent (plus a spare in case one gets wet)
- Waterproof jacket - rain can be difficult to predict and it's better to be prepared. In the mountains the weather can change quickly

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Waterproof over trousers
- Casual clothes for the evenings (jeans or walking trousers)
- Thermals (can also be used as nightwear)

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged

- Several pairs of warm socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

Nightwear

- Sleeping bag with a minimum comfort rating of minus 5 celsius - you may find minus 8 - minus 10 more comfortable.
- Sleeping bag liner adds an extra layer - either cotton, fleece or silk
- Self inflating mattress such as Thermarest for comfort

- Please don't take a hard sided suitcase. Your luggage should be soft sided with a capacity of 60-80 litres. We recommend taking a backpack or similar. The luggage limit on the ride is 15kg per person.
- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

- Towels (camping towels pack lighter and dry quicker)

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
