EQUESTRIAN INFO

Horses

The horses are a mixture of Hungarian warmbloods, sport horses, Furioso (from English Thoroughbreds) and Kisberi. They are very forward going, balanced and well trained. They are all in great condition and have very healthy, hard hooves, allowing them to be ridden barefoot.

Guide & local team

Your guide, Maja, is from Budapest and speaks good English. She left the formality of riding schools in the city for the wide open landscapes of the plains for unbridled gallops!

Minimum riding ability

MINIMUM RIDING ABILITY

You must be a competent rider, capable of cantering and galloping in balance across open terrain in a group whilst maintaining full control of your horse.

- Rider weight limit: 85 kg/187 lbs/13.3 st. Riders over 85 kg can sometimes be accommodated on request. They must be excellent riders with a light seat. (please contact us before booking)

PACE

There are lots of opportunities for longer trots/canters and gallops across the open plains where the going is a mixture of sandy tracks and grassy meadows. There can be some long periods of canter.

Guests can help groom and tack, although this is not expected. You can also assist with feeding and watering if you wish.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You will cover 160 - 180km over the week and some of the days are long, so you need to be fit and in good physical condition. Previous experience of a trail ride lasting several days is an advantage but not essential.

English tack only.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
