You can choose to stay in just one or combine them. All lodges are luxurious with a charming African feel and are beautifully situated within the reserve
- The diverse topography of the reserve also enables us to naturally sustain over 40 species of game including giraffe, white rhino, sable antelope, Roan antelope, buffalo, nyala, gemsbok (Oryx), kudu, Livingstone eland, blue wildebeest (gnu), red hartebeest, zebra, impala, bushbuck, duiker, steenbuck, mountain reedbuck, waterbuck, warthog, blesbuck, baboons, bushpig, klipspringer, leopard, jackal, brown hyena, caracal, civet and genet to name but a few.
- Small group sizes and plenty of guides offering great flexibility
- Numerous activities available on-site to suit non-riders as well as riders : game drives, walking safaris, fishing, swimming. Off-site activities can also be arranged locally at extra cost.

TRAVEL INFO

COMFORT

There are three unique lodges in the reserve and you can choose to spend your time in one, or combine the two. A basic bush camp is also possible for private groups.

- Ant's Nest is nestled in a natural amphitheatre. This is the original homestead, with a wide variety of game frequenting the waterhole in front of the lodge, where horses and dogs abound. There are wide verandahs, a heated swimming pool in the garden and plenty of areas for relaxing.
- Ant's Hill is built on the edge of a cliff, offering breathtaking views across the Waterberg. The draped four-poster beds are seven foot wide and each bathroom is spectacular. Set in boulders on the edge of the cliff, the heated swimming pool cascades over the lip of the gorge, inducing you to relax there for hours.
- Bushwillow consists of 1100 hectares of open spaces along with the camp itself. The camp includes 3 basic standard en-suite double/twin standalone rooms and one two bedroom, two bathroom unit. It sleeps a maximum of 10 guests and a minimum of 4 guests at a time. All rooms offer the same amenities along with air conditioning and tea and coffee making facilities. All the rooms surround the main lodge and are within close proximity of each other. The main lodge offers a swimming pool, bar, lounging and dining area.

The rooms at each lodge are unique and priced individually. There are twin/double rooms situated above the main lodge with a private veranda overlooking the spectacular gorge; a spectacular two bedroom cottage with vast living and veranda areas as well as a plunge pool; privately appointed honeymoon cottages, one which has a private plunge pool. Please ask for information on which rooms are available for your desired period.

WiFi is available in the communal areas and in the rooms.

All rooms have hairdryers and safes, and a laundry service is included.

MEALS

Meals are prepared locally using fresh ingredients. Vegetarians and special diets can be provided with advance notice. The food is excellent and always plentiful.

Most drinks are included, including alcohol, except for premium wines, champagnes etc. You can help yourself to soft drinks, water, juice etc throughout the day. Tap water is safe to drink but the staff can buy bottled water for you if you prefer.

There are three meals a day - breakfast, a light lunch, and a three course dinner in the evening. Guests usually eat together around one communal table but honeymoon couples can request private dining one night if they wish.

CLIMATE

From November to December, the summer months become hotter and more humid with either continual rain or storms in the afternoon, on these days, you will head out to ride once the rains have stopped. At this time of year, mosquitoes and other insects are also more numerous and present in comparison to the winter months.

From January to March, the weather is usually drier and the days are very hot. Your morning rides finish earlier in order to avoid this heat. At this time of year, mosquitoes and other insects are also more present and numerous in comparison to the winter months.

In April, the vegetation starts to change, the green bush becomes brown and sparse throughout this period of autumn. The temperatures will drop during the night, however during the day it will still be hot with the possibility of storms in the afternoon.

In May and June, the winter months, the temperature lowers significantly at night and early in the morning. The vegetation becomes browner still and the tress lose their leaves. Due to the sparseness of the vegetation, visibility through the bush is improved.

From July to September, the weather is extremely dry with very cold nights. The temperature is also quite cool during your morning and end-ofafternoon excursions.

From October to November, the spring is at its peak dryness with hot winds and sparse vegetation. The first rains arrive at the end of October.

TIPS

Tipping is not expected but if you wish to leave a tip then up-to-date guidelines are provided in your room.

Our Recommendations

- Wherever possible you should wear neutral colours, such as beige, brown or natural bush colours for riding as bright colours, such as red, yellow or white can startle the wildlife and they will see you long before you've seen them
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.
- Travelling in your riding boots and carrying your hat and some riding clothes is highly recommended then if your luggage goes astray you are still able to ride!

SUSTAINABLE TOURISM

- 1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
- 2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
- 3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
- 4. Choose your experiences carefully. Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
- 5. Support local populations. Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
- 6. Share! Raise awareness among your family and friends about sustainable tourism.
