Day 1 — 1 : OVERNIGHT FLIGHT TO JOHANNESBURG

International flight overnight to Johannesburg, arriving on Day 2

Day 2 — 2 : JOHANNESBURG - WATERBERG

Ranch Waterberg

On your arrival, you will be met at Johannesburg airport and transferred to the ranch in the middle of the Waterberg plateau (c. 3.5 hours drive). You must arrive in the early morning to avail of the group transfer (please see dates and prices). A private transfer can be arranged at a different time for an extra cost if the listed flight times wouldn't suit your travel plans.

You should arrive at the ranch in time for lunch and a chance to unpack and relax before your first afternoon ride. You will head out and have your first chance to explore the plains in search of game such as giraffe and zebra. Your evening will end with sundowners and dinner on the verandah.

IMPORTANT : the following itinerary is just an example - the actual itinerary is flexible and will depend on your preferences and those of the group. Every night, your guide will talk you through the following day's programme.

Day 3 — 3 : WATERBERG RANCH

 Ranch Waterberg

After breakfast, you will head out on horseback around the ranch, making the most of the long sandy tracks and looking out for zebra, giraffe, antelope and other game. Guests ride across an area of approximately 21,000 acres. The terrain is mostly sandy tracks through the bush and open plain areas. The going is easy on the horses and riders and most of the horses are unshod.

The rides are tailor-made to suit all guests and the team try to be as flexible as possible.

In the afternoon, you may choose to join a vehicle safari on a neighbouring reserve (at an extra cost, payable locally) to try to spot some of the 'Big 5' - large cats and elephants.

You will head back to Horizon lodge for dinner in the evening.

Please note: itinerary for the following days is given for indicative purposes only. You can do as much or as little as you like, and you only can decide what your day will look like!

Day 4 — 4 : WATERBERG RANCH

 Ranch Waterberg

The group may be split into adults and children, or split according to ability as each group follows a programme of activities suited to their level.

The youngsters can go off to try western games whilst the adults ride to the ranch owner's homestead at Boschdraai for a tour of the farm, school and crèche.

After lunch those interested can take the staff on at baseball, basketball or volleyball. Others can simply enjoy the joys of an African siesta, or perhaps a ride around the hippo pools.

Day 5 — 5 : WATERBERG RANCH

 Ranch Waterberg

This morning you may opt to take a ride exploring more of the vast ranch lands, or relax by the pool at the lodge. Non-riding activities are possible and include guided bush walks, cycling, or fishing. Additional off-site activities can be booked on request at an extra cost (game drives in a nearby Big 5 reserve, night-sky safaris, zipline, elephant rides, massages etc)

After lunch there will be an opportunity to have a go at polocrosse - a cross between polo and lacrosse, this fun and addictive game can be enjoyed by riders of all levels and ages. Splitting the group into teams of three, you will be taught the rules and aims of the game before launching right into a match!

This may then be followed by a cooling swim with the horses in the dam before sundowners and dinner on the veranda.

Day 6 — 6 : WATERBERG RANCH

 Ranch Waterberg

This morning, you may decide to go on a full day ride west of the lodge, taking you to the conservancy game reserve. This ride offers lovely long canters on sandy tracks and great game viewing opportunities on large plains, populated by a plethora of game: large herds of wildebeest, hartebeest, sable, eland and blesbok and impressive journeys of giraffe. Buffalo, ostrich, kudu, zebra, waterbuck and impala are also encountered.

After a lunch at the lodge and a rest by the pool, the afternoon ride continues to explore this game rich area, riding back to Horizon in time for

sundowners. Guests can choose to do as a day ride or overnight at one of the lodges within the conservancy, at an additional cost.

EQUESTRIAN INFO

Horses

Good selection of horses, of which approximately 65 are suitable for guests: Thoroughbreds, Arabs, Boerperds, Welsh ponies and various crossbreeds. There is a horse to suit everyone, from calm and sensible to instill confidence in nervous riders up to more spirited mounts for those who prefer it.

All are ridden in McLellan saddles which are South African trail saddles and comfortable for long hours in the saddle.

Hard hats are compulsory and we recommend you take your own to ensure the best fit.

Guide & local team

There are always at least two guides in each riding group - a lead guide who always speaks English and a back-up guide.

Minimum riding ability

MINIMUM RIDING ABILITY

All abilities can be catered for and groups are usually split according to ability, with experienced riders going on faster rides and novice riders taking it more steadily. However, groups can choose to ride together if they wish but the pace will be set by the weakest rider.

Only those with prior jumping experience (and a body protector) will be permitted on the small cross country course.

Hard hats are compulsory and we recommend that you take your own to ensure the best fit.

Non-riders are welcome but non-riding children under 10 years old must be accompanied by an adult at all times.

Rider weight limit: 85 kilos, 187 lbs, 13.3 st.

PACE

Game viewing is normally at a walk so as not to startle the animals, but there are opportunities for faster riding for those with the experience and desire. Two riding groups can set out each day so that those wishing for faster riding can do so, whilst those wanting a leisurely ride can enjoy the African landscape at their own pace.

Longer rides (up to 3-4 hours) are scheduled for morning rides, with afternoon rides being shorter (1-2 hours).

TACKING ABILITY AND PARTICIPATION

The horses are tacked up for you by the staff but you will be asked to untack and assist with turning your horse into the paddock at the end of the day.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

No special experiences required - suitable for all and riders ride out in groups of similar ability.

If you wish to jump then you need to be physically fit enough and have sufficient cover on your insurance. Apart from this there are no special requirements on this ride.

EQUESTRIAN EQUIPMENT

McClellan trail rider saddles. These are specifically designed for long hours in the saddle. They are comfortable for the horses and rider on long distances. English saddles will only be used when jumping. The majority of the horses are ridden in snaffles.

Saddlebags are supplied.

Helmets are mandatory. We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit. Body protectors are not supplied and if you wish to go cross-country jumping you must bring your own.

TRAVEL INFO

COMFORT

The lodge overlooks a beautiful lake and the large colonial verandah is the perfect spot to take in the beauty of South Africa. You can choose between the double/twin ensuite rooms in the main house or upgrade to the luxurious, en-suite thatched rondavels, each set slightly away from the main house offering a private and cosy place to relax in after a long day in the saddle. A pool enables guests to cool off after a hot African summer day.

Note: Power cuts are frequent in South Africa and we recommend all guests bring a high lumen torch or head torch.

MEALS

Breakfast consists of cereal, fruit, eggs, toast, tea and coffee.
Lunch is usually light such as quiche and salad or lasagne or salad.
Afternoon tea with a selection of drinks and freshly baked cakes.

Dinner comprises three courses and there are plenty of vegetables on offer.
All drinks are included.

Meals are prepared on-site using fresh, local ingredients wherever possible. Vegetarians and special diets can be catered for with advance notice.

CLIMATE

From November to December, the summer months become hotter and more humid with either continual rain or storms in the afternoon, on these days, you will head out to ride once the rains have stopped. At this time of year, mosquitoes and other insects are also more numerous and present in comparison to the winter months.

From January to March, the weather is usually drier and the days are very hot. Your morning rides finish earlier in order to avoid this heat. At this time of year, mosquitoes and other insects are also more present and numerous in comparison to the winter months.

In April, the vegetation starts to change, the green bush becomes brown and sparse throughout this period of autumn. The temperatures will drop during the night, however during the day it will still be hot with the possibility of storms in the afternoon.

In May and June, the winter months, the temperature lowers significantly at night and early in the morning. The vegetation becomes browner still and the trees lose their leaves. Due to the sparseness of the vegetation, visibility through the bush is improved.

From July to September, the weather is extremely dry with very cold nights. The temperature is also quite cool during your morning and end-of-afternoon excursions.

From October to November, the spring is at its peak dryness with hot winds and sparse vegetation. The first rains arrive at the end of October.

TIPS

Tips are not expected but if you wish to leave a tip then we recommend c. £10 per guest per day for the entire local team - this can be given to your hosts to share out equally. You can tip in any currency (GBP, Euro, USD or Rand) by cash or card.

PACKING LIST

This may sound strange but if you have any old clothes, shoes, or blankets that you would otherwise throw away and have some room in your luggage please do take it with you. Horizon is involved with local schools and creches and helps where possible with the Waterberg Welfare Society and its aids orphan program. As such they have lots of people who are grateful for any old clothing. Please do not feel you have to now go out and buy something to bring, or have to empty all your cupboards - it is not by any means expected - it is just that over the years so many people have expressed regret at not knowing how useful that item they threw away last week would have been to someone else.

Head

- Hard hats are compulsory and we recommend you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

Upper body

- Long sleeved shirts provide protection from the sun and thorns
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - particularly during the summer months (October - April) when there can be rain or thunderstorms
- Casual clothes for the evening

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps to protect against thorns. We don't recommend taking your favourite long leather boots in case they get damaged
- Sandals, flip-flops or trainers for moving around the lodge and camp
- Gloves - your hands are particularly exposed to the sun whilst riding

Nightwear

Other useful items

- A high lumen torch or head torch
- Swimsuit - for the pool or swimming your horse in the dam
- Binoculars for viewing game
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding

In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag

In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent, preferably containing deet
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...

Our Recommendations

- Wherever possible you should wear neutral colours, such as beige, brown or natural bush colours for riding as bright colours, such as red, yellow or white can startle the wildlife and they will see you long before you've seen them
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- A laundry service is available, which may mean that you can pack light

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
