You can check in to your room from 2pm. Guests are welcome to arrive earlier and have lunch with the team. Depending on your arrival day/time, in the afternoon you could join a group walk or head out for sunset ride to get used to the "gaucho" style of riding: long legs, deep seats and neck reining.

In the evening, enjoy dinner with your hosts Kevin and Georgia and your fellow riders. Overnight at the estancia.

**IMPORTANT:** The itinerary is flexible and may vary from week to week. The following is an example of some of the rides and activities on offer. You can also ride as much or as little as you'd like.

Please also note that on Sundays, there are morning rides, but no afternoon rides. There are a range of other activities available on the estancia (such as guided walks, farm drives and wine tastings).

## Day 2 — 2: LOS POTREROS - 4-6 hours riding

---

 Estancia Los Potreros

For your first day at Los Potreros, ride to the ‘Top of the World’, the highest point on the estancia, to appreciate the spectacular views out over the Sierras Chicas. The trail along the ridge is perfect for condor and eagle spotting, before returning to the estancia in time for lunch on the veranda.

In the afternoon, you may be head out on an organised group walk or be invited to a demonstration and introduction to the very special Peruvian Paso horse. You may also choose simply to relax at the estancia.

Dinner and overnight at the estancia.

## Day 3 — 3: LOS POTREROS - 4-6 hours riding

---

 Estancia Los Potreros

Enjoy a long morning’s ride galloping alongside the gauchos, heading out to explore the hidden waterfall of the Condors, before heading back to enjoy a Los Potreros speciality of Pizza a la Parrilla. Take the rest of the afternoon to relax by the pool and in the early evening head out for a sunset ride on our Peruvian Paso’s.

Dinner and overnight at the estancia.

## Day 4 — 4: LOS POTREROS - 4-6 hours riding

---

 Estancia Los Potreros

Cattle day! Discover your inner gaucho as you help the boys round up our herd of award-winning Aberdeen Angus, collecting them and moving them across the hills to our cattle station. Following lunch ‘gaucho style’ under a shady tree, see if you can master the art of the lasso in the corrals, before some lovely long open canters along the top of the hills as you return to the estancia for tea and cake on the veranda.

Dinner and overnight at the estancia.

## Day 5 — 5: LOS POTREROS - 4-6 hours riding

---

 Estancia Los Potreros

The ride this morning drops down to a hidden waterfall where you can take a dip or just take a few moments to relax in the cool shade. From there a wonderful long canter takes you up to ‘Potrero de Niz’, the original family home of the Beggs, and a delicious picnic lunch on the porch. Perched on the top of a hill, the house has stunning views over the valleys. Be warned that once there you will never want to leave! In the afternoon you'll ride back via the ‘Bellstone’ which will have the geologists amongst you scratching your heads.

Tonight, the chefs open the farm kitchen doors and invite you to join them in preparing some traditional local dishes whilst sampling some more fabulous Argentine wines.

Dinner and overnight at the estancia.

## Day 6 — 6: LOS POTREROS - 4-6 hours riding

---

 Estancia Los Potreros

This morning head out with the gauchos to ride around a different area of the farm, look out for burrowing owls and enjoy your mid-morning coffee with panoramic views and incredible blue skies. Enjoy a traditional Argentine ‘asado’, sampling several different cuts of the estancia’s home-reared beef, washed down with plenty of Malbec.

Take the rest of the afternoon to relax by the pool and in the evening, you are invited to an informal wine-tasting, sampling local wines of the region.

Dinner and overnight at the estancia.

## Day 7 — 7: LOS POTREROS - 4-6 hours riding

On your final day, ride through plunging gorges and over soaring mountain tops to reach ‘Las Tasas’ – a gorgeous natural swimming-hole where you can dive, swim or just take a snooze in the sun. After a shady picnic lunch, help the gauchos round up the mares and foals to protect them from the elusive puma.

Tonight, enjoy some live traditional Argentine music with a glass of wine in the garden before sitting down to a fabulous farewell dinner.

Dinner and overnight at the estancia.

## Day 8 — 8: DEPARTURE

## EQUESTRIAN INFO

### Horses

With a riding herd of over 80 horses, there is something to suit everyone. The horses, mainly bred on the estancia, are responsive, sure-footed and willing. The varied work that they take part in, including rounding up cattle, taking out guests or playing polo, combined with the natural lifestyle they lead in an un-stabled herd environment means the horses are always fresh, interested and keen to do their jobs. The herd is a mixture of Criollos, Paso Peruanos and crossbreeds.

### Guide & local team

Your hosts are estancia owner Kevin Begg and general manager Georgia. The estancia also has a team English-speaking guides alongside local gauchos. There is an English-speaking guide on all rides and activities on the farm.

### Minimum riding ability

#### MINIMUM RIDING ABILITY

The estancia welcomes riders of all abilities, from complete beginners to experienced riders. Rides are split according to ability so that those who wish to only walk can do so, whilst those that prefer some trotting and cantering can move on a faster pace where appropriate.

Some activities, such as polo or cattle work, are reserved for those with riding experience.

There is weight limit of 90kg / 14,1st / 198lbs.

For polo or to ride Peruvian Paso horses, there is limit of 83kg / 13st / 182lbs.

#### PACE

The pace is varied and dependent on your wishes. However, the terrain is quite rocky and so fast riding is not always possible. There will be opportunities to canter during the course of the week, but this is not a fast ride.

Competent riders may get the chance to ride a Paso Peruano horse which is characterised by: the "llano de paso". This is a "running walk" where the horse exhibits alternate lateral movements - it is a smooth, graceful, fast and extremely comfortable pace.

#### TACKING ABILITY AND PARTICIPATION

You are not expected to tack up your horse and this is all done for you by the team of gauchos. If you wish to assist then you may do so. You may be asked to help untack at the end of the day.

#### TRIP CONDITIONS AND REQUESTED EXPERIENCE

Guests with good physical fitness will feel more comfortable on the longer riding days, but all abilities can be accommodated. No specific experience is required on this trip.

Guests can expect to be in the saddle between 4 and 6 hours per day.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

#### EQUESTRIAN EQUIPMENT

For trails you will ride in traditional Argentina tack - wooden saddles with many sheepskin layers on top for comfort and simple snaffle bridles. For polo you will ride in English tack.

We recommend that riders wear a helmet to the correct standard and bring your own to ensure a proper fit. A hard hat must be worn when playing polo, during gaucho games or for children.

A limited supply of hard hats and half chaps are available to borrow at the estancia.

## TRAVEL INFO

### COMFORT

Accommodation on the estancia is simple and traditional, but with all the creature comforts. The estancia can welcome a maximum of 12 guests. Rooms are individual and tastefully furnished in keeping with the history and style of the estancia, and have their own private bathroom, with walk-in showers in every room. Each guest bedroom also has Wifi. .

You can find antiques and books around the estancia, and crisp winter nights are warmed by wood-burning stoves and open log fires. There is a pool to rest after long rides in the summer heat (not open during the winter months). For families, the estancia also has two cottages with interconnecting rooms.

### MEALS

Meal times are one of the highlights of a stay at the estancia -- everyone eats together and the hosts are always keen to share their insights into Argentine life. Dishes are homemade, European in style, and varied and delicious, often featuring meat, which is popular in Argentina, and local wines. Ingredients are locally sourced, and wherever possible, produced on the farm. The estancia has its own organically grown vegetables, fruit and free-range eggs.

The estancia can cater for most dietary requirements, however, please note that in rural Argentina, the range of speciality products, particularly for gluten-free or lactose-free diets, is more limited than in many other countries. Please inform us of any specific dietary requirements in advance and prior to booking.

### WATER

Each guest is provided with a personal reusable water bottle, which can be refilled and taken on all activities around the estancia. In addition, every room is provided with filtered drinking water 3 times a day.

### CLIMATE

The climate of Córdoba, like most of the province, is sub-tropical with four distinct seasons. However, this part of Argentina can be visited all round and the pleasant riding weather can be experienced at all times of the year, with few extremes.

The average annual temperature is 18 ° C.

In January, the hottest month of the southern summer, temperatures range between 17 ° C and 31 ° C, with high temperature differences between day and night.

In July, the coldest month of the southern winter, average temperatures vary between 4 ° C and 19 ° C, with frequent frosts and occasional, but rare, snowfalls.

### TIPS

Tipping is not expected but if you are happy with the service you receive then you may wish to leave a tip for the team. You can leave this with your guide who will ensure that it is split between all members of staff. We would recommend c. USD 10-15 per day per person.

### PACKING LIST

Please pack carefully and sensibly: the following guide is here to give you an idea of what to bring.

#### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. You will have to wear a riding helmet if you wish to play Polo.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun and dust
- Warm hat if visiting during the winter months of June-August

### Upper body

- Thermals in case of cold weather during the winter months of June - August
- Long sleeved shirts provide protection from the sun
- T-shirts
- Lightweight fleece or jumper
- Warm polar fleece or equivalent (plus a spare in case one gets wet)
- Waterproof jacket - rain can be difficult to predict and it's better to be prepared.

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Waterproof over trousers in the winter months of June - August
- Casual clothes for the evenings (jeans or walking trousers)
- Thermals in case of cold weather during the winter months of June - August

### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Lightweight shoes or trainers for the evenings
- Several pairs of warm socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

### Other useful items

- Swimsuit - for swimming/bathing in rivers - particularly during the summer months (Nov-Mar)
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around at night - bring spare batteries and bulbs
- Ear plugs (for light sleepers)
- Binoculars (for farm drives and nature walks)

Medical kit - Please ensure you bring a sufficient supply of any personal medication you may require during your stay, as access to pharmacies is limited in rural areas.

- Sunscreen and lip balm - should be high factor
- Insect repellent
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets
- Antiseptic wipes
- Handwash gel

### Our Recommendations

- Backpacks cannot be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- Keep a copy of your passport and travel documents in a separate place in case you lose the originals
- Please be aware that internal flights in Argentina may have a lower luggage allowance than your international flight and you should pack according to the lowest limit.

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.

4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
