EQUESTRIAN INFO

Horses

The horses are all Barb Arabs or Arabian stallions. They are tough and keen but sensible and sure-footed across the varied terrain. As they are stallions, they do need be handled with softness and you do have to maintain distance from the other riders, but they are well schooled. Their average height is 15 hands.

Guide & local team

You will be guided by local Moroccan's who are familiar with the horses and the landscape. They will be accompanied by grooms. At least one of the guides will speak English but the grooms may only speak French and Arabic.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be a competent rider, capable and in control in all paces in open spaces. You must be able to rise to the trot and canter in a forward seat. It is also important to be a confident rider as you will be riding stallions.

Please note that the horses are only c. 15hh so if you weigh over 90kg or are taller than 6ft 5inches then please contact us before booking so that we can check there is a suitable mount for you.

PACE

There is a lot of walking on this trail because of the mountainous landscape, however there are opportunities to trot and canter each day where the terrain allows.  
Please note that canters are always in single file due to the fact you are riding stallions.

TACKING ABILITY AND PARTICIPATION

You will be expected to assist with grooming, tacking up and untacking your horse each day whilst out on the trail. It would also be appreciated if you could help with camp tasks such as putting up tents or watering and feeding the horses.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be physically fit for long hours in the saddle (c. 6 hours) in the African sun and at high altitudes. The terrain is varied to include steep ascents/descents and there may be holes to avoid. You need to be able to mount and dismount your horse whilst on rocky paths so as to assist your horse during hard climbs and tricky descents. Temperatures are cooler in the mountains than in Marrakech because of the altitude but it can still be hot and very sunny in summer. Please remember that there is always a level of unpredictability when riding in the mountains and you may experience wind, cold or even storms.  
Having previous experience of riding a trail of several days would be an advantage but it is not compulsory. Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough terrain and open spaces. You also need to be fit enough to walk on foot and lead your horse in the mountains.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

EQUESTRIAN EQUIPMENT

Forestier trail riding saddles and comfortable tack.  
Saddlebags are provided.  
We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

## COMFORT

The first and last night are spent in a 3 star hotel, either in twin or triple rooms with bathrooms.

Whilst camping, you stay in two person tents with mattresses (you must bring your own sleeping bag). There is a communal tent for dining, a shower tent with hot water (morning/evening) and a toilet tent.

## MEALS

A cook travels with you and prepares all of the meals. You will usually have a cold lunch and a hot evening meal when camping. Meals are typical Moroccan cuisine.

Water is provided but you should bring your own bottle.

Special diets can be accommodated, however please note that some foods can be difficult to find in Morocco. Certain diets may incur a supplement (gluten-free diets can be accommodated at a supplementary charge of €100/£90/\$110 for instance, if you require specific gluten-free supplements). All dietary requirements must be specified at the time of booking.

## CLIMATE

The Atlas mountains have a typical mountainous climate with cold winters and the rides don't run during the winter months.

During the summer months the mountains offer a good alternative to the heat of the desert or Marrakech. The nights are cool without being cold (9-14c depending on altitude) and the days are usually sunny with temperatures around 25c. In short, the climate is ideal from May to September, with temperatures dropping in March/April and October.

Marrakech has a Mediterranean climate which is usually hot summers and a clear blue sky, with cold winters. The best season to visit this city is Spring/Autumn when the temperatures are pleasant all day (22-30c).

## TIPS

It is customary, as a sign of thanks to tip the local team. We recommend a tip of €50/£45, but you should give what you feel comfortable with. We recommend giving the tips to your guide who can distribute them amongst all of the staff members.

## PACKING LIST

### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

### Upper body

- Long sleeved shirts provide protection from the sun and dust
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - the rains can be difficult to foresee and it's better to be prepared. Layering is key to cope with the fluctuations in temperature between day and night
- Casual clothes for the evening

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps as long chaps/long boots can get very hot.
- Sandals, flip-flops or trainers for moving around the camp
- Gloves - your hands are particularly exposed to the sun whilst riding

### Nightwear

- Thermals are a good option for sleeping in, or a t-shirt and shorts for warmer nights
- A woolly hat when camping (desert nights can be cold)
- Sleeping bag - we recommend a comfort factor of 2-5c (Oct-Nov and Feb-April) and minus 5 - minus 8 for Dec/Jan. We also recommend taking a silk or fleece liner for an extra layer

#### Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided and you should pack it into two bags if it weighs more than 15kg so it's easier for the team to transport between camps
- Take a second, smaller bag to pack things you may need during the day such as a book or sunscreen then you can easily access it during the long lunch break
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

#### Other useful items

- Swimsuit
- Towel. Camping towels will pack lighter and dry more easily
- Sarong (for going to/from the shower tent)
- Water bottle (1.5 litre or two x 1 litre)
- Hand sanitiser
- Wet wipes for when showers aren't possible
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night
- Toilet paper and small plastic bags for taking rubbish away

#### In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag.
- Small penknife

#### In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

#### Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Rehydration sachets (dioralyte or similar)
- Spare prescription glasses/contact lenses
- Ear plugs, particularly if you are a light sleeper
- Micropur or similar water purification tablets

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
