EQUESTRIAN INFO

Horses

The horses are all Barb Arabs or Arabian stallions. They are tough and keen but sensible and sure-footed across the varied terrain. As they are stallions, they do need be handled with softness and you do have to maintain distance from the other riders, but they are well schooled. Their average height is 15 hands.

Guide & local team

You will be guided by local Moroccans who are familiar with the horses and the landscape. They will be accompanied by grooms. At least one of the guides will speak English but the grooms may only speak French and Arabic.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be a competent rider, capable and in control in all paces. You must be able to rise to the trot and canter in a forward seat. It is also important to be a confident rider as you will be riding stallions.

Please note that the horses are only c. 15hh so if you weigh over 90kg or are taller than 6ft 5inches then please contact us before booking so that we can check there is a suitable mount for you.

PACE

There is a lot of walking on this trail, however there are opportunities to trot and canter each day where the terrain allows. The long beaches with hard

sand are perfect for faster paces.

Please note that canters are always in single file due to the fact you are riding stallions.

TACKING ABILITY AND PARTICIPATION

You will be expected to assist with grooming, tacking up and untacking your horse each day whilst out on the trail. It would also be appreciated if you could help with camp tasks such as putting up tents or watering and feeding the horses.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be physically fit for long hours in the saddle (c. 6 hours) in the African sun and at high altitudes. The climate is pleasant, particularly from June to October. Temperatures are cooler along the coast than inland due to ocean winds but it can still be hot and very sunny in summer. Some short storms) can occur.

Having previous experience of riding a trail of several days would be an advantage but it is not compulsory. Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough terrain and open spaces.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

EQUESTRIAN EQUIPMENT

Forestier trail riding saddles and comfortable tack.

Saddlebags are provided.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

CLIMATE

Being a coastal city, Essaouira enjoys a mild climate throughout the year. There are often coastal breezes along the Atlantic coast to cool things down too.

Temperatures are c. 30c during the day in summer and c. 22c in spring and autumn. In winter the wind can make it feel colder, The sea temperature is usually 20-22c between June and October.

Marrakech has a Mediterranean climate which is usually hot summers and a clear blue sky, with cold winters. The best season to visit this city is Spring/Autumn when the temperatures are pleasant all day (22-30c).

TIPS

It is customary, as a sign of thanks to tip the local team. We recommend a tip of €50 / £45, but you should give what you feel comfortable with. We recommend giving the tips to your guide who can distribute them amongst all of the staff members.

PACKING LIST

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

Upper body

- Long sleeved shirts provide protection from the sun and dust
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - the rains can be difficult to foresee and it's better to be prepared. Layering is key to cope with the fluctuations in temperature between day and night
- Casual clothes for the evening

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps as long chaps/long boots can get very hot.
- Sandals, flip-flops or trainers for moving around the camp
- Gloves - your hands are particularly exposed to the sun whilst riding

Nightwear

- Sleeping bag
- Thermals are a good option for sleeping in, or a t-shirt and shorts for warmer nights

Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided and you should pack it into two bags if it weighs more than 15kg so it's easier for the team to transport between camps
- Take a second, smaller bag to pack things you may need during the day such as a book or sun cream then you can easily access it during the long lunch break
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
