## EQUESTRIAN INFO

### Horses

---

The horses are all Barb Arabs or Arabian stallions. They are tough and keen but sensible and sure-footed across the varied terrain. As they are stallions, they do need to be handled with softness and you do have to maintain distance from the other riders, but they are well schooled. Their average height is 15 hands.

### Minimum riding ability

---

#### MINIMUM RIDING ABILITY

---

You need to be a competent rider, capable and in control in all paces. You must be able to rise to the trot and canter in a forward seat. It is also important to be a confident rider as you will be riding stallions.

Please note that the horses are only c. 15hh so if you weigh over 90kg or are taller than 6ft 5inches then please contact us before booking so that we can check there is a suitable mount for you.

#### PACE

---

There is a lot of walking on this trail because of the long hours and steepness of the tracks, however there are opportunities to trot and canter each day where the terrain allows.

Please note that canters are always in single file due to the fact you are riding stallions.

#### TACKING ABILITY AND PARTICIPATION

---

You will be expected to assist with grooming, tacking up and untacking your horse each day whilst out on the trail. It would also be appreciated if you could help with camp tasks such as putting up tents or watering and feeding the horses.

#### TRIP CONDITIONS AND REQUESTED EXPERIENCE

---

You need to be physically fit for long hours in the saddle (c. 6 hours) in the African sun and at high altitudes. The terrain is varied to include steep ascents/descents and there may be holes to avoid. Temperatures are cooler in the mountains than in Marrakech because of the altitude but it can still be hot and very sunny in summer. Please remember that there is always a level of unpredictability when riding in the mountains and you may experience wind, cold or even storms.

Having previous experience of riding a trail of several days would be an advantage but it is not compulsory. Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough terrain and open spaces.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

#### EQUESTRIAN EQUIPMENT

---

Forestier trail riding saddles and comfortable tack.

Saddlebags are provided.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

## TRAVEL INFO

#### COMFORT

---

The first and last nights are in a 3 star hotel in either Marrakech or Ouarzazate, in twin or triple rooms. There is the option to upgrade to a riad for extra cost.

Whilst camping, you stay in two person tents with mattresses (you must bring your own sleeping bag). There is a communal tent for dining, a shower tent

with hot water (morning/evening) and a toilet tent.

## MEALS

A cook travels with you and prepares all of the meals. You will usually have a cold lunch and a hot evening meal when camping. Meals are typical Moroccan cuisine.

Water is provided but you should bring your own bottle.

Special diets can be accommodated, however please note that some foods can be difficult to find in Morocco. Certain diets may incur a supplement (gluten-free diets can be accommodated at a supplementary charge of €100/£90/\$110 for instance). All dietary requirements must be specified at the time of booking.

## CLIMATE

The Atlas mountains have a typical mountainous climate with cold winters and the rides don't run during the winter months.

During the summer months the mountains offer a good alternative to the heat of the desert or Marrakech. The nights are cool without being cold (9-14c depending on altitude) and the days are usually sunny with temperatures around 25c. In short, the climate is ideal from May to September, with temperatures dropping in March/April and October.

Marrakech has a Mediterranean climate which is usually hot summers and a clear blue sky, with cold winters. The best season to visit this city is Spring/Autumn when the temperatures are pleasant all day (22-30c).

## GUIDE AND LOCAL TEAM

You will be guided by local Moroccan's who are familiar with the horses and the landscape. They will be accompanied by grooms. At least one of the guides will speak English but the grooms may only speak French and Arabic.

## TIPS

It is customary, as a sign of thanks to tip the local team. We recommend a tip of €50/£45, but you should give what you feel comfortable with. We recommend giving the tips to your guide who can distribute them amongst all of the staff members.

## PACKING LIST

### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

### Upper body

- Long sleeved shirts provide protection from the sun and dust
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - the rains can be difficult to foresee and it's better to be prepared. Layering is key to cope with the fluctuations in temperature between day and night
- Casual clothes for the evening

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps as long chaps/long boots can get very hot.
- Sandals, flip-flops or trainers for moving around the camp
- Gloves - your hands are particularly exposed to the sun whilst riding

### Nightwear

- Thermals are a good option for sleeping in, or a t-shirt and shorts for warmer nights
- A woolly hat when camping (desert nights can be cold)
- Sleeping bag - we recommend a comfort factor of 2-5c (Oct-Nov and Feb-April) and minus 5 - minus 8 for Dec/Jan. We also recommend taking a silk or fleece liner for an extra layer

#### Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided and you should pack it into two bags if it weighs more than 15kg so it's easier for the team to transport between camps
- Take a second, smaller bag to pack things you may need during the day such as a book or sunscreen then you can easily access it during the long lunch break
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

#### Other useful items

- Swimsuit
- Towel. Camping towels will pack lighter and dry more easily
- Sarong (for going to/from the shower tent)

## Health

---

There are no legal requirements regarding vaccinations. Still, it's a good thing to get your vaccinations in order before travelling to Morocco. The general vaccination against Diphtheria, Tetanus and Polio (DTP) is recommended. Also both hepatitis A as well as typhoid would be recommended. Malaria is very rare and present only in a few remote areas. Don't underestimate this tropical disease and take precautions. Buy repellent (preferably with 50% DEET), and sleep under a net.

---

## Insurance

---

It is a condition of your booking with Equus Journeys that you have travel insurance which covers you for the riding activities to be undertaken. Your travel insurance should cover you for medical expenses and repatriation. Your guides will require your travel insurance details before they allow you to ride and may refuse to let you ride if you cannot provide them. You should take your insurance documents with you.
