Built in 1631-48 in Agra, seat of the Mughal Empire, the monument sums up many of the formal themes that have played through Islamic architecture. Its refined elegance is a conspicuous contrast both to the Hindu architecture of pre-Islamic India, with its thick walls, corbelled arches, and heavy lintels, and to the Indo-Islamic styles, in which Hindu elements are combined with an eclectic assortment of motifs from Persian and Turkish sources.

EQUESTRIAN INFO

Horses

An excellent selection of home bred, responsive and energetic Marwari horses from the stables of your guide Bonnie Singh of Dundlod Fort. Used throughout history as cavalry horses, the Marwari is comfortable, forward going and wonderfully spirited. Their extraordinary beauty, arched ears and fiery look adds to their charm.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be a competent rider, capable and in control at all paces in open spaces. You must be able to rise to the trot and canter in a forward seat.

Weight limit: 14 stones (89 kgs) (196 lbs)

PACE

There are long periods of walking, some fast and regular trots and numerous gallops when the terrain allows it.

TACKING ABILITY AND PARTICIPATION

A team of grooms will feed, care for and saddle your horses. You can help with untacking if you wish, but this is not expected.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be physically fit for long hours in the saddle and at fast paces. Having previous experience of a trail ride of several days would be an advantage but it is not compulsory. Guests who do not ride regularly are requested to get fit prior to the ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough and open spaces.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

EQUESTRIAN EQUIPMENT

The tack is English style Indian Army saddlery. It is not particularly comfortable especially after a long days riding - we therefore recommend a seat saver be taken with you and the grooms will happily put it in place. The team can also provide seat savers if you do not have your own (limited number available).

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

During the ride, you will mainly stay in a safari style camp with large spacious tents. Each tent has two made up beds with comfortable mattresses. Separate toilets and showers are set up, with hot water available in the morning and evening. Hotel nights will be in twin bedded rooms with a private bathroom.

Enjoy sumptuous meals, freshly cooked and delicately spiced throughout.

MEALS

Hotel nights:- A buffet breakfast will be available and a choice of evening meals. Limited spirits, wines, beers and soft drinks will be available.

Camping help yourself breakfast of toast, cereals, fruit and eggs if you wish. You have a hot lunch and then another hot meal in the evening around the camp fire. The food is varied and tasty Indian cuisine. Contrary to popular belief, all Hindus are not vegetarians and strict vegetarianism is limited to the south. However, you are unlikely to be served beef steak as the cow is sacred. You can expect to eat either goat or chicken.

Water: Take care and do not drink water unless it out of a bottle. It is better to buy mineral water when staying in the towns. The water you will be offered along the trail will be treated.

Limited spirits, wines, beers and soft drinks will be available.

CLIMATE

Rajasthan has a hot dry climate. The monsoon is from June to September during which it is particularly hot. Rain outside the monsoon months is unlikely. The rides are scheduled for the cooler months and at this time the maximum temperature would be around 24°C during the day. Please be mindful that evenings can be cool (c. 5°C) and you should bring a warm sweater and be prepared for a chilly morning just in case there is a snow fall in the Himalayas as the temperature does drop suddenly at times. When camping, the nights can be cold are felt much more and you are advised to bring warm clothes for sleeping.

GUIDE AND LOCAL TEAM

The Marwari horses come from the stables of expert horseman Kanwar Raghuvendra Singh at Dundlod Castle. Known as Bonnie, he is a warm and considerate host and has set up the largest Marwari stud farm in India and has established a breed improvement programme. Bonnie is assisted by an army of helpers who support him both on horseback and on the ground.

TIPS

Tipping is popular in India and it is customary to tip not only your team (guide, cook etc) but also staff in hotels and restaurants.

After the ride, guest usually collect the money in an envelope and hand it over to either your guide Bonnie or Sunayana (his assistant) with the instructions to divide it among the whole team – grooms, camp cook and staff, jeep drivers etc... Budget for c. £40-50 per person in total.

At the hotels, tipping is absolutely discretionary. The bell boys at the hotel handling the baggage do expect a small tip. If you are happy with their services, they may give them around Rupees 50 to 100 – but again, it is absolutely discretionary.

Be careful not to tip too much - being overly generous can affect the general standard of living and destabilise the local economy. If children earn more money than their fathers by begging or asking for money for photos then this can create major distortions within the family.

PACKING LIST

Please pack in accordance with local religious and traditional cultures - it is important to keep your shoulders and knees covered when meeting local populations. Please do not wear shorts or strappy tops in towns and villages. You will also require some smart casual clothes for your hotel nights.

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding

- Comfortable riding boots. We recommend short boots with half chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Trainers or equivalent light shoes for the evenings
- Socks
- Gloves - your hands are particularly exposed to the sun

Other useful items

- Towels - camping ones will both dry and pack more easily
- Small backpack 25-30 liters

- Swiss army knife (or equivalent)

In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Travelling in your riding boots and carrying your hat and some riding clothes is highly recommended - then if your luggage goes astray you are still able to ride!

Medical kit

- Any medication you regularly take
- Sunscreen and lip balm - should be high factor
- Insect repellent, preferably containing deet
- Blister plasters in case of any rubs

- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...

- If you prefer travelling in a "light way" please choose a biodegradable soap or washing powder/liquid.
- Please don't take a hard sided suitcase. Your luggage should be soft sided with a capacity of about 80 litres. We recommend taking a backpack or similar.
- Backpacks cannot be worn whilst riding.
- We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc) and whilst riding.
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride.

Visa procedure:

You'll need to get a visa before travelling to India. You can find further information about how to apply on the Indian High Commission website (

<https://www.hcilondon.gov.in/index/>).

Make sure you get the right visa for your travel and that it's valid for the purpose and duration of your stay. If you enter India on the wrong visa, you could be detained on arrival and you may be deported and blacklisted, meaning that you can't enter India again. Make sure you meet entry requirements.

Tourist visas can't be extended while in India.

From 1 April 2017, the length of stay on an e-visa has been increased from 30 days to 60 days with double entry on tourist and business e-visa and triple entry on medical e-visas. This means you can stay for or re-enter within 60 days of the date of your first entry into India on your e-visa. However, you must leave the country before your visa expires, irrespective of when or how many times you enter. When you arrive at the airport, your passport will be stamped and an expiry date for your e-visa will be handwritten by an Immigration Officer. Please be aware that 60 days is not automatically equal to two calendar months. Check the date that is written on your passport and make sure you leave the country before your visa expires.

Holders of passports endorsed 'British citizen' who meet the eligibility criteria can apply for a double entry e-Tourist Visa (e-TV) to enter India at certain designated airports. You can find more information about the eligibility criteria on the government of India's e-Tourist Visa website (

<https://indianvisaonline.gov.in/evisa/tvoa.html>). Beware of fake websites offering the e-TV service. You should check carefully whether or not you're

eligible for an e-TV before you apply. British subject, British protected person, British overseas citizen, British national (overseas) and British overseas

territories citizen passport holders aren't eligible to apply for an e-TV.

Passport validity:

Your passport must be machine readable, with 2 blank pages for your visa and valid for a minimum of 180 days at the time of your visa application. However, the guidelines regarding passport validity on arrival in India are unclear. To avoid possible problems at immigration, make sure your passport is valid for a minimum of 180 days at the time of entry into India.

India's Bureau of Immigration has announced that with immediate effect, foreign nationals who arrive at an Indian port holding non-machine readable passports will be denied entry. Carriers who transport foreign passengers holding non-machine readable passports may be subject to a fine.

Time required

All visa applications in the UK now have to be filed online at <https://www.vfsglobal.com/en/individuals/index.html>. After the mandatory electronic filing of visa applications, applicants are asked to submit printed copies of their applications, photos, passports and fees to respective Indian Visa Application Centres (IVACs). Processing times vary at the sole discretion of the High Commission of India and its consulates in the UK, and some applications may take longer than others to get processed. You should confirm your travel plans only after obtaining the visa.

Postal applications take a minimum of 10 working days (not including transit). In addition, if the High Commission or the Consulate General requires an applicant to attend an interview, the India Visa Application Centre will contact the applicant and inform them of the date and time of the interview accordingly.

Health

Vaccinations are sometimes advised for hepatitis A and B, Japanese encephalitis, tuberculosis (for infants), polio and typhoid. Dengue and malaria are both caused by mosquito bites and are prevalent in hot and humid conditions. There are occasional, seasonal outbreaks of dengue fever. Travellers should vigilantly protect themselves against mosquito bites.

Malaria prevention is strongly recommended so use insect repellent and wear protective clothing. Obtain anti-malarial medicine from your doctor before travelling.

Even seasoned travellers may find themselves at the mercy of travellers' diarrhoea. Hygiene standards vary. If possible, travel around with soap or antibacterial gel in order to clean your hands. The culprits that cause diarrhoea are often the microorganisms found in local water supplies, so decrease your chances by drinking bottled or boiled water. You can have alcoholic drinks but say no to ice. Drink carbonated beverages or those with only boiled water like coffee and tea.

Carry rehydration solution packets, Pepto Bismol or Imodium in case you are afflicted. Before your travel, seek medical advice about what to take for self-treatment.

Wear adequate sunscreen or do like the locals to beat the heat and avoid the sun between 1200 and 1600 when it is at its harshest; don a cotton kameez to keep covered and cool.

Insurance

It is a condition of your booking with Equus Journeys that you have travel insurance which covers you for the riding activities to be undertaken. Your travel insurance should cover you for medical expenses and repatriation. Your guides will require your travel insurance details before they allow you to ride and may refuse to let you ride if you cannot provide them. You should take your insurance documents with you.

Our recommendation :

Cancellation and travel insurances are not included. Please note that insurance is mandatory. We recommend to take out an insurance policy as soon as your travel is booked in case of cancellation.

Budget and money

Rupee (INR; symbol Rs) = 100 paise. Notes are in denominations of Rs1,000, 500, 100, 50, 20 and 10. Coins are in denominations of Rs5, 2 and 1, and 50, 25, 20, 10 and 5 paise.

Note: The import and export of local currency is prohibited. Sometimes smaller vendors will not take bills larger than Rs 500. It is best to carry a range of rupee notes if you are shopping at bazaars and local markets.

Credit cards:

In major cities, the full cadre of banks cards are generally accepted including debit cards, American Express, Diners Club, MasterCard and Visa. However, in smaller towns and villages, choice is generally narrowed to cash or MasterCard and Visa.

ATM:

24 hour ATM machines can be found in all the major cities and most large towns. Visa, MasterCard, Cirrus, Maestro and Plus are amongst the most commonly accepted cards.

Telephone and jetlag

Roaming agreements exist with most international mobile phone companies. Coverage is limited to major towns but is increasing all the time.
