### ITINERARY

## Highlights

- Join the wranglers working 1200 head of cattle in a vast grassland area steeped in history and cultural heritage
- You can participate in all ranch activities on horseback: herding, searching for lost calves, branding, vaccinating and castrating
- The Tylett family will give you a warm welcome - their family have been ranching for 5 generations
- Camp in the territory of the last wild Mustangs
- A real working ranch

## Day 1 — 1: LONDON - BILLINGS

 Best Western Clock Tower Inn

Fly from London to Billings Montana. Arrive late afternoon and stay overnight in a hotel in Billings. Billings is a nice little town with good restaurants and a relaxed atmosphere.

Please note that this night is not included in the cost of your holiday and you are welcome to book your own hotel accommodation if you wish to. We will be happy to provide a quotation.

## Day 2 — 2: BILLINGS - LOVELL

 Montana Camp

You will have a free day to explore Billings. You will be met at the BW Clock Tower Inn between 17:00 and 18:00 and transferred to the ranch (c. 3H drive). Until late June, you will stop en route in a western store for any outstanding purchases (from July the location of the camp will not allow it). Arrive at the camp and meet the horses, cowboys and the family.

Please note: You can choose to rent a car and stay longer in the United States after your ranch holiday. Yellowstone Park is especially worth visiting and is only a 2:30 hour drive from the ranch.

The following program is by no means comprehensive but reflects all the activities in which you are able to participate. The weeks working from the ranch are broken up by the cattle drives.

## Day 3 — 3: LOVELL - 5 to 7 hours on horseback

---

 Montana Camp

Head to the corral after breakfast to catch your horse, this will involve roping! You will be given instructions first on how to ride western and how to tack and untack your horse.

The aim of the day is to gather 120 cows and their calves and drive them to a new pasture in anticipation of branding the calves the next day. A picnic lunch will be enjoyed along the way. Return to the camp in the evening for a well deserved hearty dinner.

## Day 4 — 4: LOVELL - 5 to 7 hours on horseback

---

 Montana Camp

Today will be spent "Branding" or marking the cattle. You will ride out to find the herd that you gathered yesterday. Once the herd is contained in the bottom of a narrow valley, so they can not scatter, a large fire will be made in which the irons are placed. Some riders will be responsible for keeping the cattle together in the herd, two others will rope the calves out and separate them from the rest of the herd. When the calves mother has been identified, the same marking will be applied to the calve. Two riders will then hold the calve on the ground while others mark it with the hot iron, tag its ear and vaccinate it. A well deserved lunch break at midday and then you can switch roles! Hip and his team teach you how to use a lasso and you can quickly get practicing with the herd. Return to the camp early in the evening.

## Day 5 — 5: LOVELL

---

 Montana Camp

Today you need to move another herd to a fresh pasture in order for the grazed pastures to recover. This will take the whole day because the distances are huge and the cows are scattered. Also you will need to sort the cattle as they will not all go in the same pasture. Return to camp late in the day. This evening practice your roping skills if you wish to as tomorrow is devoted to branding and castrating calves.

## Day 6 — 6: LOVELL - 5 to 7 hours on horseback

---

 Montana Camp

Another day of "branding" today. The cattle are already in the same pasture, so your first job is to make a fire. Today everyone can help to catch the calves. The older ones will be castrated, this operation only takes a few seconds. Return to camp late in the day.

## Day 7 — 7: LOVELL - 5 to 7 hours on horseback

---

 Montana Camp

Ride through beautiful scenery towards the Big Horn Canyon. You can see remnants from the past as you ride past abandoned cabins, old carriage wheels, old corrals for horses left behind by the pioneers. It is not uncommon to find arrowheads and it is easy to imagine herds of bison roaming free through these vast areas. You will feel that you have worked hard when you find missing cows and those that need care. Back to the ranch in the late afternoon.

## Day 8 — 8: LOVELL - 5 to 7 hours on horseback

---

 Montana Camp

Today you will move several herds of cattle to new pastures. From up on the mountainside opposite the canyon, you will be able to see the entire ranch and how their land dominates the whole area extending across to the horizon. Your last evening at the ranch, the evening will be spent around the camp fire.

## Day 9 — 9: LOVELL - BILLINGS

---

 Best Western Clock Tower Inn

This morning after you have had a leisurely breakfast, you will be transferred to your hotel in Billings. You leave camp around 9:30 a.m. and arrive in Billings April through June at 1:00 p.m. July through September you arrive at 11:30 a.m.

Transfers are only included to and from the Billings Airport and the Best Western Clock Tower Inn.

Please note this hotel night is not included in the listed price and is optional. There are very few flights leaving from Billings in the afternoon so we recommend spending a night at a hotel and catching a flight the next day.

## Day 10 — 10: BILLINGS - LONDON

---

Return flight to London or maybe extend your trip.

Why not pay a visit to the beautiful Yellowstone Park, not very far from Billings?

## Day 11 — 11

---

Arrive in London

## EQUESTRIAN INFO

## Horses

---

Over 100 Quarter Horses all perfectly trained for working cattle. They are energetic, calm and steadfast. All horses are ridden in western tack and are used to western techniques. Western saddles are ideal for spending long hours on horseback.

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

This is a trip for fit and experienced riders. You must be comfortable and secure in the saddle for several hours and be able to mount from the ground. A good level of physical fitness is required.

Rider's weight limit: 100kg, 225 lbs, approx. 16 stones.

### PACE

Riding at all paces - walk, trot and canter over varied terrain through pleasant pastures, forests, peaks, lakes and rivers.

### TACKING ABILITY AND PARTICIPATION

Each rider is responsible for their horse, so you will groom, tack and untack your horse. You can feed and water your horse if you wish.

### TRIP CONDITIONS AND REQUESTED EXPERIENCE

Good physical condition is required. The climate is continental, so hot in summer while enjoying the mountain air, cold in the Autumn to very cold and snowy in the winter.

### EQUESTRIAN EQUIPMENT

Western tack  
Saddlebags provided

You can also bring leather straps and spurs if you wish.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

## TRAVEL INFO

- Picnic lunch
- Copious hot meals for dinner

Water is available at the camp.

Alcohol is not provided but you are welcome to bring your own drinks.

A \$50 additional fee will be charged for special dietary needs.

### GUIDE AND LOCAL TEAM

Your guides and ranchers will be Loretta and Hip. They are lovely and quick to make their guests comfortable. With their daughter Desiree and the rest of their team, they will share their daily lives with their guests and welcome you to their household as if you were family!

### TIPS

Tips are compulsory in USA. The local team expects to get 15-20% of the cost of your stay.

### PACKING LIST

#### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana
- Warm hat for cold nights when camping

#### Upper body

- Thermals (long or short sleeved)
- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year and the evenings can be particularly cold
- Swimming costume - for swimming/bathing in rivers/hot springs

#### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Thermals
- Casual trousers for the evenings, such as jeans or tracksuit bottoms
- Waterproof over trousers

#### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps as an extra layer against inclement weather. We don't recommend taking your favourite long leather boots in case they get damaged

- Waterproof shoes/boots can be useful for abundant dew in the mornings or when it rains
- Trainers or equivalent light shoes for moving around the camp in the evenings
- Several pairs of warm, thick socks
- Gloves - your hands are particularly exposed to the sun, cold or rain whilst riding. Waterproof gloves can be particularly useful

#### Nightwear

- Sleeping bag. You need at least a comfort factor down to minus 5 celsius, but would recommend at least minus 8 or 10 celsius
- Sleeping bag liner - silk, cotton or fleece - adds an extra layer
- inflatable mattress
- Pyjamas or tracksuits or thermals for sleeping in

#### Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided with a capacity of 60-80 litres. We recommend taking a backpack or similar.//
- Hard sided suitcase are not permitted on this ride as your luggage is carried by packhorses. It should be soft sided with a capacity of 80-100 litres. We recommend taking a backpack or similar.
- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (passport, camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- Tall riders may benefit from taking a pair of long stirrup leathers with them (the local stirrups are adjustable but are sometimes limited in length)
- Even if foam mattresses are provided, you may pack your inflatable mattress for comfort sake.

#### Other useful items

- Towels - camping ones will both dry and pack more easily
- Small backpack for accessing items required during the day (carried by support crew)
- Camera and high capacity memory card. Spare battery
- Bum bag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night - bring spare batteries and bulbs
- Water bottle (2 litres or 2 x 1 litre)
- Swiss army knife
- Field glasses
- Wet Wipes or equivalent (for when washing facilities aren't available)
- Toilet paper and a lighter to burn it with
- Small plastic bags for rubbish
- Ear plugs (for light sleepers)

#### In your hold luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag. We recommend biodegradable washing products where possible.
- Swiss army knife (or equivalent)

#### In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Travelling in your riding boots and carrying your hat and some riding clothes is highly recommended - then if your luggage goes astray you are still able to ride!

#### Medical kit

- Any medication you regularly take
- Sunscreen and lip balm - should be high factor
- Insect repellent, preferably containing deet
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets
- Water purification tablets
- Antiseptic wipes
- Handwash gel

#### Miscellaneous

- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals

- Please take your rubbish home with you. There are no recycling facilities in XXX, so take your used batteries, aerosols etc back home and dispose of them appropriately. Try to leave excess packaging material at home before travelling
- You may wish to take some photographs or postcards of your home with you to show your hosts. You may also wish to take some crayons, colouring books etc for the children
- If you prefer travelling in a "light way" please choose a biodegradable soap or washing powder/liquid.

## VISA & HEALTH

### Formalities

---

It is your responsibility to ensure you have the valid visa requirements for entry. We will endeavour to keep this section up to date, but please visit <https://www.cbp.gov/travel/international-visitors> for further information.

You'll need prior authorisation to enter the United States using a British passport, either through a visa, a Permanent Resident Card, or the Visa Waiver Programme. To enter the United States of America, a passport valid for the duration of stay is required by Australian, British, Canadian and other EU nationals.

#### ENTRY REQUIREMENTS - VISA WAIVER PROGRAMME

Most passport holders can get an Electronic System for Travel Authorisation (ESTA) through the Visa Waiver Programme, which allows travel to the US for up to 90 days. Visit the official US website to apply for your ESTA: <https://esta.cbp.dhs.gov/esta/>

All travellers entering the USA under the Visa Waiver Program require individual machine-readable passports. Children included on a parent's passport also require their own machine-readable passport. Travellers not in possession of machine-readable passports require a valid USA entry visa.

UK Emergency Travel Documents (ETDs) aren't valid for entry into the United States or transit through the United States under the Visa Waiver Programme; if you're planning to enter or transit through the US using an ETD you must apply for a visa from the nearest US embassy or consulate before you travel, or hold a valid lawful permanent resident card (often referred to as a 'green card'), which you must have with you on arrival; you can leave the US using an ETD that has been issued in the United States

Visitors to the USA travelling under the Visa Waiver Program must obtain authorisation from the Electronic System for Travel Authorization (ESTA), a fully automated, electronic system for screening passengers before they begin travel to the USA, if arriving by air or sea. It is recommended that applications are made at least 72 hours prior to travel but you may apply at any time prior to travel. Airlines must now deny check-in to passengers without a valid ESTA. There is a US\$14 fee. An ESTA is valid for two years, so if you've applied for one previously, ensure it's still valid.

When applying for ESTA-authorisation and entering the passport number, the number 0 must not be replaced by letter O as this can lead to problems upon entering the USA. The granting of an ESTA does not guarantee entry to the USA. Canadian citizens do not require an ESTA, but permanent residents of Canada who are eligible for the Visa Waiver Program must obtain one.

#### ENTRY REQUIREMENTS - VISAS

If you don't qualify for entry under the VWP, and don't have a US Permanent Resident Card, you should apply for a visa from the nearest US Embassy or Consulate before travelling.

Holders of UK passports with the endorsement British Subject, British Dependent Territories Citizen, British Protected Person, British Overseas Citizen or British National (Overseas) Citizen do not qualify for the Visa Waiver Program and need to obtain a visa.

#### PLEASE NOTE

Travelers in the following categories are no longer eligible to travel or be admitted to the United States under the Visa Waiver Program (VWP):

- Nationals of VWP countries who have traveled to or been present in Iran, Iraq, Sudan, Syria, Libya, Somalia and Yemen on or after March 1, 2011 (with limited exceptions for travel for diplomatic or military purposes in the service of a VWP country).
- Nationals of VWP countries who are also nationals of Iran, Iraq, Sudan, or Syria.

#### IMPORTANT NOTICE FOR TRAVELERS TRANSITING THROUGH CANADA

If you are travelling to the USA via Canada, please remember you also need to apply for an Electronic Travel Authorization (eTA), mandatory for anyone transiting through Canada. Completing ESTA formalities do not replace your eTA.

## Health

---

There are no vaccinations required for entering the United States. If you are entering from a yellow fever endemic area (or you have been to one within 7 days of entering the country), you may be required to show proof of immunization. Recommended vaccinations include Tetanus(Lockjaw), Hepatitis A and Hepatitis B. Rabies vaccinations are sometimes recommended for wilderness travel and/or wildlife volunteer projects. Lyme disease is endemic in the northeastern, Mid-Atlantic and upper Midwest areas and transmitted via blacklegged ticks.

Travel insurance that provides medical coverage is a requirement for visitors to the US. Only emergency cases are treated without prior payment and treatment may be refused without evidence of insurance or a deposit. All receipts for services rendered must be kept in order to make a claim. Medical care in the United States tends to be quite expensive, especially for emergency treatment provided in hospital settings, paid for out of pocket.

---

## Insurance

---

It is a condition of your booking with Equus Journeys that you have travel insurance which covers you for the riding activities to be undertaken. Your travel insurance should cover you for medical expenses and repatriation. Your guides will require your travel insurance details before they allow you to ride and may refuse to let you ride if you cannot provide them. You should take your insurance documents with you.

---

## Voltage

---

120 volts AC, 60Hz. Plugs have two flat pins with or without a third round grounding pin

---

## Budget and money

---

The US Dollar, is the national currency of the United States. One dollar consists of 100 cents. Frequently used coins are the penny (1¢), nickel (5¢), dime (10¢) and quarter (25¢). 50¢ and \$1 coins also exist, but are rarely used. Frequently used banknotes are the \$1, \$5, \$10 and \$20 notes. \$2, \$50 and \$100 notes can also be found, but are rarely used.

Most major credit cards are accepted throughout the USA, including American Express, Diners Club, MasterCard and Visa. Visitors are advised to carry at least one major credit card, as it is common to request pre-payment or a credit card imprint for hotel rooms and car hire, even when final payment is not by credit card. Be sure to check with your card issuer for current surcharge rates imposed for use of the card outside your home country. You should also inform your issuer that you are travelling for a specified period so your card is not flagged or temporarily suspended.

Bank-issued debit cards are accepted at many businesses in the US; however, using them to pay for many travel-related expenses, such as car hire and hotel rooms, often incurs a surcharge, deposit, or a hold on your account.
