You will have the chance to meet the team and your hosts at a welcome reception at the Il Paretaio equestrian centre and guest house at 7 pm.

Day 2 — 2: BARBERINO - 1 lesson

 Agriturismo Il Paretaio

The training methods used at Il Paretaio are based on loosening your horse up and encouraging supple movements in order to achieve elasticity and lightness when using aids. They follow the traditional principles of classical riding that are also practised by riders competing in modern dressage.

Throughout your lessons, they will teach you to feel physically and emotionally connected to your horse.

Each dressage lesson consists of a maximum of 3 riders per instructor. Lessons in the morning are usually 50 minutes and those in the afternoon 40 minutes. In the summer - from June to September included, as it can be very hot, the length of the morning lessons will be shortened to 40 minutes

During your lesson, you will address exercises such as the shoulder-in, lateral movements, leg yield, counter canter and flying changes... The sessions will show you the importance of rhythm, impulsion and how to appropriately employ aids.

Lunch is not included but can be had at the farmhouse if you wish; on the menu you will find a variety of delicious traditional Tuscan pasta dishes and salads. After a busy day, you will be able to relax around the communal dining table and enjoy a hearty Italian dinner with Chianti wine. This is the time to share your experiences from the day!

In your leisure time, you can visit Florence and Siena, or the village of San Gimignano which are all easily accessible. There are buses that run from Barberino Val d'Elsa - although the journey by bus is a little longer than that by car, it does allow you to avoid traffic jams and parking problems.

Guide & local team

Your instructors, Giovanni and Cristina De Marchi, started their careers training at a prestigious school in Portugal under the tutelage of Pedro de Almeida and Maître Louis Valenca - who themselves were trained by the great Nuno Oliveira. They work to adapt their lessons to the needs of their riders, whether accomplished or beginner, so that each student ends their course feeling more confident and at ease in the saddle. In their teaching method, passion rhymes with pleasure!

Giovanni and Cristina were recently joined by their son, Pietro de Marchi. Pietro is a BHS accredited professional coach and rider in dressage, showjumping and eventing. Pietro teaches internationally and has been training in the UK for the last four years specializing in training young horses to event and has reported very good successes. He participated at Burghley and has qualified a young horse for Badminton. During his equestrian career, he has had the opportunity to train with many international riders, among which one of them has been with the Dressage master and four times Olympian and European medalist, Richard Davison.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
