Arrive at the ranch Sunday evening around 16:30 for a welcome dinner. You will be introduced to the Tomlinsons, the Silver Spur Ranch family, the crew and the other guests. This evening you will stay in a cabin or bunk room at the ranch. The family owns about 1,000 cattle and they are spread across some 48000 hectares as well as breeding a number of horses every year.

Day 3 — 3 : WARM CREEK - 5-6 hours riding

 Camp Idaho

Today you will awake to the smell of coffee brewing over the fire and hot cakes on the griddle. Help break down the camp before catching the horses and getting on your way.

Your cowboy will take you on a beautiful ride to the mountainside, through pine forests, canyons, meadows. Keeping the herd of horses together is sometimes a challenge! You will corral the horses and set up camp at Weber Creek campsite.

Day 6 — 6 : HORSE DRIVE - 6-7 hours riding

 Lodge Idaho

After breakfast, breakdown the camp, gather and saddle the horses. Round up the horses and get them heading in the right direction through some of the most beautiful country you can imagine. Arrive back to the ranch in the late afternoon there will be a little relaxation time and a hot shower. Depending on the time Lynn will sort out one of the colts and work with him for a short time, explaining the techniques used. A farewell dinner with lots of stories and songs before a good nights rest in your cabin.

At the Silver Spur they will do all they can to make your vacation one to remember, so if there is something that you want to do, that you think they may have missed, be sure to let them know and if its possible they will do it.

Minimum riding ability

MINIMUM RIDING ABILITY

You must be a strong and experienced rider as there will be fast riding and steep hills to navigate. Adults only (minimum 18 years).

PACE

There will be many long trots as this is the natural pace of the wild horses. There will also be occasions to gallop throughout the day.

TACKING ABILITY AND PARTICIPATION

Your participation in the care of the horses (feeding, grooming, tacking and untacking) and meal planning is welcomed. The team will take care of the chores (washing up, putting up tents, etc).

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You will need to be riding fit and used to long hours in the saddle. You will ride for up to 35 km per day, between 6 and 7 hours in the saddle, sometimes more. The mountain terrain is rough (especially on day 6). It is essential to approach this trip with an open mind and be prepared for the outdoor life (you have to accept that it will be basic accommodation and a very communal lifestyle).

EQUESTRIAN EQUIPMENT

You will be riding in a western saddle and using western riding techniques.

Your bedding at the ranch, tents, sleeping pads, sleeping bags and pillows will be provided.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

You are joining a family of cowboys who live their lives in harmony with nature.

Before the drive you stay in cabins with running water, where beds are made up for you. There is a solar-powered hot water shower and a washbasin (both within an outdoor wooden block).

During the horse drive the accommodation is in comfortable tents with foam mattresses or you can sleep under the stars. Sleeping bags are provided. Foam mattresses are provided, but you may want to pack your inflatable mattress for comfort sake. There is a toilet tent at each camp. You can bathe in the hot springs and rivers along the route. An authentic chuck wagon will accompany you along the route.

If you come by yourself we will most-likely pair you with somebody of your same gender to share your accommodations. Each cabin and tent (while on the trail) will have individual twin beds) If you are completely uncomfortable sharing your accommodation please let us know before hand and we will see what we can do.

No WiFi and limited phone coverage.

MEALS

Expect hearty breakfasts with savoury and sweet choices.

During the trail, lunches will be picnics and in the evening you will have a hot meal of meat, potatoes, vegetables and salad.

Drinking water and soft drinks are provided. Alcohol is not provided.

CLIMATE

There is a continental climate in the mountains, you will be between 2000m and 3300m so it may be hot but the temperature cools down at night. There is little chance of rain but you must always be prepared for this eventuality.

In May, June and September temperatures range from 4 ° C at night to 26 ° C in the day. It can get hot but the temperature cools in the evenings or when it is cloudy. There is a slight chance of snow early in October.

In July and August temperatures range between 12 and 30 ° C with lots of sunshine during the day but cooler at night because of the altitude.

GUIDE AND LOCAL TEAM

The Tomlinson family will give you a warm welcome and help you to discover Idaho.

TIPS

Tipping is expected in all restaurants (except on some snack meals and in self-service restaurants). It is customary to leave 10-12% of the bill as a tip. Some places you visit automatically add in a tip. It is also correct to tip taxi drivers and extra couple of dollars.

Gratuities at the ranch are included in the cost of your package.

VISA & HEALTH

Formalities

It is your responsibility to ensure you have the valid visa requirements for entry. We will endeavour to keep this section up to date, but please visit <https://www.cbp.gov/travel/international-visitors> for further information.

You'll need prior authorisation to enter the United States using a British passport, either through a visa, a Permanent Resident Card, or the Visa Waiver Programme. To enter the United States of America, a passport valid for the duration of stay is required by Australian, British, Canadian and other EU nationals.

ENTRY REQUIREMENTS - VISA WAIVER PROGRAMME

Most passport holders can get an Electronic System for Travel Authorisation (ESTA) through the Visa Waiver Programme, which allows travel to the US for up to 90 days. Visit the official US website to apply for your ESTA: <https://esta.cbp.dhs.gov/esta/>

All travellers entering the USA under the Visa Waiver Program require individual machine-readable passports. Children included on a parent's passport also require their own machine-readable passport. Travellers not in possession of machine-readable passports require a valid USA entry visa.

UK Emergency Travel Documents (ETDs) aren't valid for entry into the United States or transit through the United States under the Visa Waiver Programme; if you're planning to enter or transit through the US using an ETD you must apply for a visa from the nearest US embassy or consulate before you travel, or hold a valid lawful permanent resident card (often referred to as a 'green card'), which you must have with you on arrival; you can leave the US using an ETD that has been issued in the United States

Visitors to the USA travelling under the Visa Waiver Program must obtain authorisation from the Electronic System for Travel Authorization (ESTA), a fully automated, electronic system for screening passengers before they begin travel to the USA, if arriving by air or sea. It is recommended that applications are made at least 72 hours prior to travel but you may apply at any time prior to travel. Airlines must now deny check-in to passengers without a valid ESTA. There is a US\$14 fee. An ESTA is valid for two years, so if you've applied for one previously, ensure it's still valid.

When applying for ESTA-authorisation and entering the passport number, the number 0 must not be replaced by letter O as this can lead to problems upon entering the USA. The granting of an ESTA does not guarantee entry to the USA. Canadian citizens do not require an ESTA, but permanent residents of Canada who are eligible for the Visa Waiver Program must obtain one.

ENTRY REQUIREMENTS - VISAS

If you don't qualify for entry under the VWP, and don't have a US Permanent Resident Card, you should apply for a visa from the nearest US Embassy or Consulate before travelling.

Holders of UK passports with the endorsement British Subject, British Dependent Territories Citizen, British Protected Person, British Overseas Citizen or British National (Overseas) Citizen do not qualify for the Visa Waiver Program and need to obtain a visa.

PLEASE NOTE

Travelers in the following categories are no longer eligible to travel or be admitted to the United States under the Visa Waiver Program (VWP):

- Nationals of VWP countries who have traveled to or been present in Iran, Iraq, Sudan, Syria, Libya, Somalia and Yemen on or after March 1, 2011 (with limited exceptions for travel for diplomatic or military purposes in the service of a VWP country).
- Nationals of VWP countries who are also nationals of Iran, Iraq, Sudan, or Syria.

IMPORTANT NOTICE FOR TRAVELERS TRANSITING THROUGH CANADA

If you are travelling to the USA via Canada, please remember you also need to apply for an Electronic Travel Authorization (eTA), mandatory for anyone transiting through Canada. Completing ESTA formalities do not replace your eTA.

Health

There are no vaccinations required for entering the United States. If you are entering from a yellow fever endemic area (or you have been to one within 7 days of entering the country), you may be required to show proof of immunization. Recommended vaccinations include Tetanus (Lockjaw), Hepatitis A and Hepatitis B. Rabies vaccinations are sometimes recommended for wilderness travel and/or wildlife volunteer projects. Lyme disease is endemic in the northeastern, Mid-Atlantic and upper Midwest areas and transmitted via blacklegged ticks.

Travel insurance that provides medical coverage is a requirement for visitors to the US. Only emergency cases are treated without prior payment and treatment may be refused without evidence of insurance or a deposit. All receipts for services rendered must be kept in order to make a claim. Medical care in the United States tends to be quite expensive, especially for emergency treatment provided in hospital settings, paid for out of pocket.

Insurance

It is a condition of your booking with Equus Journeys that you have travel insurance which covers you for the riding activities to be undertaken. Your travel insurance should cover you for medical expenses and repatriation. Your guides will require your travel insurance details before they allow you to ride and may refuse to let you ride if you cannot provide them. You should take your insurance documents with you.

Voltage

120 volts AC, 60Hz. Plugs have two flat pins with or without a third round grounding pin

Budget and money

The US Dollar, is the national currency of the United States. One dollar consists of 100 cents. Frequently used coins are the penny (1¢), nickel (5¢), dime (10¢) and quarter (25¢). 50¢ and \$1 coins also exist, but are rarely used. Frequently used banknotes are the \$1, \$5, \$10 and \$20 notes. \$2, \$50 and \$100 notes can also be found, but are rarely used.

Most major credit cards are accepted throughout the USA, including American Express, Diners Club, MasterCard and Visa. Visitors are advised to carry at least one major credit card, as it is common to request pre-payment or a credit card imprint for hotel rooms and car hire, even when final payment is not by credit card. Be sure to check with your card issuer for current surcharge rates imposed for use of the card outside your home country. You should also inform your issuer that you are travelling for a specified period so your card is not flagged or temporarily suspended.

Bank-issued debit cards are accepted at many businesses in the US; however, using them to pay for many travel-related expenses, such as car hire and hotel rooms, often incurs a surcharge, deposit, or a hold on your account.

Telephone and jetlag

The dialling code for the USA is +1

The country straddles a number of different time zones. Eastern Daylight time (eg. New York) is GMT -4. Mountain Daylight time (eg. Montana) is GMT -6. Pacific Daylight time (eg. California) is GMT -7.
