## Day 1 — 1: EUROPE - QUITO - ALOAG - No riding

Hacienda La Alegria

Flight from Europe to Quito. Please note that flights are not included. It is likely that you will fly via a hub airport such as Madrid or Miami as there are no direct flights from the UK.

On arrival at Quito airport you will be transferred to the hacienda to overnight (2,890m). Airport transfers are at additional cost.

## Day 2 — 2: ALOAG - 4 hours riding

Hacienda La Alegria

After breakfast, get to know the horses and tack by starting in the arena before heading out to ride around neighbouring haciendas. Today is about acclimatising to the altitude and so it will be a steady four hour ride before returning to the hacienda for lunch.

In the afternoon you can rest and try out the hot tub or visit the milking barn and cave where cheeses are aged.

## Day 3 — 3: ALOAG - CORAZON VOLCANO - BOMBOLI - 4 hours riding

---

 Hacienda Bomboli

Crossing extensive pastures and eucalyptus forests, enjoy the stunning views of the “Avenue of the Volcanoes”. From there you will appreciate the green and fertile Machachi Valley and tomorrow's route. Ascend by Corazon Volcano up to 4,000 meters and descend through the Cloud forest reserve.

In the Cloud forest you will be able to observe a great biodiversity of plants and flowers, including giant guneras, orchids, and birds such as the turkey of the forest. In the afternoon you will arrive to Hacienda Bomboli at 3,000 m, and relax by the fireplace enjoying the sunset and watching the lights of the villages near the coast. Arrive in time for tea before a delicious meal.

Dinner and overnight at Hacienda Bomboli.

## Day 4 — 4: CORAZON VOLCANO - ALOAG - 6 hours riding

---

 Hacienda La Alegria

In the morning, enjoy a walk around the Hacienda gardens to learn about orchids and plants of the Cloud Forest. Then ride uphill admiring the forest and the hundreds of flowers and plants. You will use the old road that was built in 1873 to connect Quito with the coast.

Arrive to Hacienda La Alegria for lunch, relax and enjoy the hot tub and the fireplace.

## Day 5 — 5: ALEGRIA - ISINLIVI - 5 hours riding

---

 Isinlivi Lodge

Today is a long journey in the saddle. Start the ride one hour south of the Hacienda (by road transfer) to start our 4-day adventure at the southern Andes. Ride by the Inca trail and dirt trails that will take your group to Isinlivi. From this day on you will ride through a dramatic landscape, including steep ravines and narrow passages. From a distance you will see the magnificent Eastern Mountain chain. Here, the ride continues through the breathtaking hills and scenery, before arriving at a small village called the Isinlivi, that dates back to 1857. Tonight, you will be staying at a lodge.

## Day 6 — 6: ISINLIVI - QUILOTOA - 5 hours riding

---

 Quilotoa Inn

After breakfast you head south to the Quilotoa Crater Lake. The trail goes across the highest mountain heading west. As you descend to the Canyon the environment becomes arid and desolate. The soil is composed by pumice from the Quilotoa volcano that erupted 1,280 years ago.

In the afternoon, you finally reach the Quilotoa volcano summit at 3,800 meters above sea level, where your hostel is located. At the edge of the volcano you will enjoy an amazing view of the breathtaking Quilotoa Crater Lake. The 3 kilometer wide caldera was formed by the collapse of this volcano after the last eruption.

## Day 7 — 7: QUILOTOA - SIGCHOS - SAN JOSE - 7 hours riding

---

Today, you will ride to Sigchos, a village that is known as the "last home" of the Inca general Ruminahui.

Ready for a long day in the saddle, you will head north to the ridge of Quilotoa Crater lake. The trail will take you across the highest mountain, heading north-west. Here, you will find some small dairy farms and some artisanal cheese makers where you can take a short break and try some of the delicious, locally produced cheese.

Arriving in the afternoon to Hacienda San Jose, you will have time to relax and enjoy the jacuzzi and sauna, and have a comfortable night's sleep at the working dairy farm and guest house.

## Day 8 — 8: SAN JOSE - PLANCHALOMA - ALOAG - 6 hours riding

---

 Hacienda La Alegria

The last day riding in the region will pass through several narrow old paths ascending to the high Andes paramo. From here enjoy the incredible scenery from one valley to another.

The colors and the mountains make the changes from paramo to eroded land full of different color patches. At the distance you will see the Eastern Mountain Chain before you make your way back to your starting point.

## Day 9 — 9: ALOAG - QUITO - EUROPE - No riding

---

After breakfast you are transferred to Quito airport for your flight home.

## Day 10 — 10: EUROPE

---

Arrive back in the Europe.

## EQUESTRIAN INFO

## Horses

---

You ride local Criollo horses which are sure footed and ideally suited to the terrain and altitude.

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

You need to be a capable rider who is comfortable in all paces across varied terrain.

There is a rider weight limit of 90kgs.

### PACE

The pace is varied depending on the terrain, with long periods of walk due to the altitude. There are plenty of opportunities to canter.

### TACKING ABILITY AND PARTICIPATION

You will be asked to help groom, tack and untack your horse but help is on hand if required. You are also welcome to assist with feeding and watering the horses if you wish.

## TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be physically fit with good endurance. This ride is at high altitude (4,500 - 5,000m) and there is a possibility of altitude sickness.

Previous experience of trail rides over a number of days would be beneficial but is not required. Riders who do not ride regularly are required to get fit before joining the trail.

## EQUESTRIAN EQUIPMENT

The saddles are similar to western but have a basic frame over which sheepskins are placed for comfort. Bridles are usually simple snaffles. Ponchos and waterproof trousers are provided to help in cold weather but you should still take your own warm clothes and jackets. Saddlebags are provided on the horses.

## TRAVEL INFO

### COMFORT

You stay in charming haciendas, in double/twin rooms with private bathrooms. Some of the haciendas are more rustic than others and there is one night in a refuge in dormitory accommodation. There is no camping on this trail ride.

### MEALS

Meals are produced each day by your guide. Lunches are taken as picnics in the saddle bags and dinner will be warm and hearty. Local produce is used wherever possible and is of high quality.

Be careful if drinking water from unknown sources and ask for boiled water or mineral water if you are unsure. You could also take purification tablets.

### CLIMATE

The weather can be unpredictable and it is not unusual to experience all four seasons in one day. It can be sunny, windy, cloudy or rainy and the whole range of variations can occur within a matter of hours. Temperatures can fluctuate from 7c - 10c or even as high as 25c.

At lower altitudes the weather is less variable and can be warm and sunny throughout the dry season, which is usually around June - September and December.

### GUIDE AND LOCAL TEAM

Gabriel is your host and owner of the hacienda. He speaks good English, is very knowledgeable about his country and delighted to share it with his guests. He will be supported by local chagras.

### TIPS

It is customary to tip in Ecuador. Porters in airports and hotels will expect c. USD 1 per bag. City restaurants will include both tax and a 10% service charge, but smaller restaurants may not include tax or tips so you will need to add them.

We would recommend tipping c. USD 5 per person per day for your guide and USD 3 per day for your driver.

### PACKING LIST

#### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun and dust
- Warm hat

#### Upper body

- Thermals in case of cold weather (can also be worn at night)
- Down jacket or warm coat for the cold evenings
- Long sleeved shirts provide protection from the sun
- T-shirts
- Lightweight fleece or jumper
- Warm polar fleece or equivalent (plus a spare in case one gets wet)
- Waterproof jacket - rain can be difficult to predict and it's better to be prepared.

#### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Waterproof over trousers
- Casual clothes for the evenings (jeans or walking trousers)
- Thermals in case of cold weather

#### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Lightweight shoes or trainers for the evenings
- Good walking boots (or hybrid walking/riding boots)
- Several pairs of warm socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

#### Nightwear

- For extra comfort, a sleeping bag. We also suggest adding a liner, such as silk or fleece for extra warmth

#### Our Recommendations

- You should use a soft sided suitcase which can easily be transported - we recommend a large backpack or rucksack of c. 60-80 litres
- Backpacks cannot be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- Please be aware that internal flights in Chile may have a lower luggage allowance than your international flight and you should pack according to the lowest limit.

#### Other useful items

- Swimsuit - for swimming/bathing in rivers
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night - bring spare batteries and bulbs
- Ear plugs (for light sleepers)
- Water bottle - 2 x 1 litre, or equivalent
- Wet wipes for when washing water isn't available

#### In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag.
- Swiss army knife or equivalent
- Lighter for burning toilet paper

#### In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

#### Medical kit

- Sunscreen and lip balm - should be high factor
  - Insect repellent
  - Any medication you regularly take
  - Blister plasters in case of any rubs
  - Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
  - Spare prescription glasses/contact lenses
  - Eye drops
  - Imodium or similar anti-diarrhoea medication
  - Micropur or similar water purification tablets
  - Re-hydration sachets
  - Antiseptic wipes
  - Handwash gel
  - Toilet paper
-

## Formalities

---

All tourists need a passport valid for at least six months beyond their travel dates. In principal you also need an onward ticket or return ticket as well, although this is rarely asked for. Upon entry you will have to complete an international embarkation/disembarkation form, which is stamped along with your passport and must be kept together with it; you will have to present it when leaving the country.

### Passport note:

You are legally required to carry your passport with you at all times in case of a spot check by local authorities; a photocopy is not an officially acceptable substitute and you may find that you are not allowed to return to your hotel to collect the original.

### Visas:

Visas are not required by American, Canadian, Australian, British or other EU nationals for stays of up to 90 days in a 12-month period.

### Visa note:

Nationals not referred to are advised to contact the embassy to check visa requirements for Ecuador.

### Insurance:

From 22nd July 2018 onwards, tourists arriving for a stay of 90 days or less will be asked to show proof that they have appropriate travel medical insurance. This also applies to the Galapagos Islands.

## Health

---

There are no vaccinations legally required to travel to Ecuador. There is one exception though. You need a yellow fever vaccination if you have travelled to a country (7 days or less before entering Ecuador) where that disease is widely prevalent. A yellow fever vaccination is required anyway, when travelling in the Amazon rainforest east of the Andes.

It's a good thing to get your vaccinations in order before travelling to Ecuador. The general vaccination against Diphtheria, Tetanus and Polio (DTP) is

recommended. Also a hepatitis A vaccination is recommended and vaccination against hepatitis B, tuberculosis, rabies and typhoid are also sometimes recommended for stays longer than 3 months.

Malaria is prevalent in some parts of the country (below 2,000 metres, especially in the rainforest but also some coastal areas, none on the Galapagos Islands) and it is recommended to take malaria pills and take other normal anti-mosquito precautions as well. Dengue sometimes occurs as well. There is no vaccination, so buy mosquito repellent (preferably with 50% DEET), and sleep under a net. Also wear long sleeves if possible.

UK health authorities have classified Ecuador as having a risk of Zika virus transmission.

Finally, other possible health issues include diarrhea and other general travellers' diseases like motion sickness. Watch what you eat and drink and in case you get it, drink plenty of fluids (to prevent dehydration) and bring ORS.

---

## Insurance

---

It is a condition of your booking with Equus Journeys that you have travel insurance which covers you for the riding activities to be undertaken. Your travel insurance should cover you for medical expenses and repatriation. Your guides will require your travel insurance details before they allow you to ride and may refuse to let you ride if you cannot provide them. You should take your insurance documents with you.

---

## Voltage

---

120 volts AC, 60Hz. Plugs used are American-style (two perpendicular flat blades with or without a circular grounding pin).

---

## Budget and money

---

The US Dollar, is the national currency of Ecuador. One dollar consists of 100 cents. Frequently used coins are the penny (1¢), nickel (5¢), dime (10¢) and quarter (25¢). 50¢ and \$1 coins also exist, but are rarely used. Frequently used banknotes are the \$1, \$5, \$10 and \$20 notes. \$2, \$50 and \$100 notes can also be found, but are rarely used.

Ecuador has minted their own coins that are the same value as the US coins. There is a larger 50 ¢, 20 ¢ and a 2 ¢ coin. Most people do not like taking bills that are larger than \$10 and it can be quite hard to break \$20 bills at most restaurants and shops. It is recommended to come into the country with plenty of \$1, \$5 and \$10 bills. Most ATMs give \$20 bills.

## Telephone and jetlag

---

To dial Ecuador from the UK: 00 + 593 + City Area Code + Local number

Ecuador's standard time is -5 Hours away from Greenwich Mean Time and Ecuador does not utilise Daylight Time Saving.
