

## Celestial Mountain Trail

### KYRGYZSTAN

This adventurous **trail ride** journeys through a very wild area of Kyrgyzstan. In the homeland of the famed "celestial horses" which were coveted by Chinese emperors, your route follows that of local herders and shepherds, passing through their pasture-lands dotted with yurts. Ride over passes at 3,800m, across rivers and past emerald blue lakes within the Tien Shan mountain range.

### ITINERARY

## Highlights

- The magnificent endless horizons of the Tien Shan mountain range
- Follow part of the Silk Road to China, through valleys forged by ancient glaciers
- Experience the semi-nomadic traditions of local Kyrgyz herders and be welcomed into their yurts
- A 100% Kyrgyz team who have invested in local development initiatives and ecotourism projects
- The varied and exceptionally rich flora of the Tien Shan mountain pastures

## Day 1 — 1: BISHKEK - BARSKOON - No riding

 Family Guesthouse

You will fly to Bishkek and likely arrive in the early hours of the morning. Please note that flights are not included but can be booked on request.

You will be met at the airport, have breakfast (optional, to your own account) and then be transferred to the village of Barskoon (c. 4-5 hours, elevation 1790m). Here you will stay overnight in a rustic guesthouse.

Please note that it would be ideal to arrive at the airport around 5-6:00 am. If you arrive earlier, you will need to wait until all of the other riders have arrived.

## Day 2 — 2: STABLES - KOK-BULAK - SARAY BULAK (2550M) - Approx. 6 hours riding

 Camp

After breakfast you will take a short drive to the stables (1955m). You will ride out from here to the Ak-Dobo hills, cross the Tarylga River and ride

through fir-tree forests and beautiful mountains. You will enjoy views of wide-open pastures in the Kok-Bulak valley, where shepherds herd their animals in the summer. You will spend the night camping in tents in the Sary-Bulak Valley (2550m).

### Day 3 — 3: SARY-BULAK – KICHI-JARGYLCHAK – KOK-BEL - Approx. 6 hours riding

---

From Sary-Bulak, you will ride along the Kichi-Jargylchak River and pass the Kindik jailoo (meadows). Here you will have a chance to meet shepherds and be introduced to their way of life. On the way down, you will pass through a rich tapestry of flowers and experience breathtaking views of mountain scenery and Lake Issyk-Kul. You will stay overnight in tents in the Kok-Bel Valley (2450m.)

### Day 4 — 4: KOK-BEL - KASHKA SUU – JUUKU VALLEY - Approx. 6 hours riding

---

From Kok-Bel Valley, your trek takes you to the Juuku Valley. You will meet shepherds and experience their nomadic way of life. You will sleep in tents in the Upper Juuku Valley (2250m.)

### Day 5 — 5: UPPER JUUKU VALLEY – VIEW OF IT-TISH PEAK (4808m) - Approx. 6 hours riding

---

Today you will ride along the Juuku River and meet more shepherds with their animals. After crossing the Kashka-Suu River, you will see the impressive It-Tish Mountain Peak, which looms overhead at 4808m. You will camp overnight in tents in the Chong-Tash Valley (2900m).

### Day 6 — 6: JUUKU PASS (3633m) - ARABEL PLATEAU - Approx. 6 hours riding

---

Your guide will take you through the Juuku Valley to the Juuku Pass (3633m). Along the way, you will see two lakes called Jashyl-Kol, or “The Green Lakes”. The trek will continue through the Arabel Valley and at night you will sleep in tents next to the Arabel-Suu River (3700m).

### Day 7 — 7: ARABEL-SUU RIVER – JETIM-BEL PASS (3995m) - TARAGAI RIVER - Approx. 6 hours riding

---

Ride across the Arabel-Suu River, over the Pass Jetim-Bel and down to Taragai River and Taragai Valley. You will then travel along the Taragai River, reaching the Taragai Bridge, and camp not far from the bridge next to the river (3300m) under a starry sky.

### Day 8 — 8: TARAGAI RIVER BRIDGE – JAMAN-ECHKI VALLEY - Approx. 6 hours riding

---

Today you ride along the river and the valley to reach the Jaman-Echki Valley. You will encounter large open spaces and enjoy views of the Tien-Shan mountain ranges on both sides of Taragai River. You will sleep in tents in the Jaman-Echkin valley at 3550m.

### Day 9 — 9: JAMAN-ECHKI PASS (3863m) – BURHAN VALLEY - Approx. 6 hours riding

---

Today you will ride over the Jaman-Echki Pass and down to the Burhan valley, which is a summer pasture for many shepherds with their animals. You may get the chance to stop at some shepherd’s yurts and taste “Kymyz” (the national drink made from mare’s milk). Whistling marmots pop up from the rocks on every side to watch riders and send their alarm call to their fellows. At night you will camp by the Kalcha River (3050m).

### Day 10 — 10: JYLUU-SUU VALLEY - Approx. 6 hours riding

---

The trek continues along the same valley of Burhan. Every now and then, you will pass a lone yurt – home to a family for the summer. You will then move on along the river to the Jyluu-Suu Valley. Overnight camping in tents in the valley (3030m)

## Day 11 — 11: UCH-EMCHEK VALLEY – KALCHA RIVER - Approx. 6 hours riding

Today's ride is easy but long. As you make your way gently up along the wide Uch-Emchek Valley, you may see the occasional yurt. You will pass separate herds of yak, horses, cows, sheep and goats.

You'll camp next to the Kalcha River (3350m).

## Day 12 — 12: KEREGE-TASH PASS (3684m) – SARY-MOINOK PASS (3128m) - Approx. 6 hours riding

Today is the last day of the ride. Tosor Pass (3800m) will be on your left side while you ride up to Chunkur-Kol mountain lake. Then from Karage-Tash Pass (3684m), you will ride down along the river to

Sary-Moinok (3128m). From here, you'll be driven down to Barskoon village. You'll get the chance to soak in a hot bath, enjoy dinner in a yurt and spend the night in the guesthouse.

## Day 13 — 13: BARSKOON - BISHKEK - No riding

After breakfast, you'll be driven down to Bishkek, stopping for lunch. In Bishkek there will be time to visit the bazaar of Osh - a colourful and lively market and worth the detour! Dinner is to your own account before a short night in your hotel.

## Day 14 — 14: DEPARTURE

After breakfast, you will be transferred to the airport for your flight home.

There will be a group transfer to the airport at a time that is convenient for most of the riders. If your flight is very different from the rest of the group, then you will need to take a taxi to the airport (additional fee €30).

## Horses

---

The Kyrgyz horses are cross-breeds between the "heavenly horses" of Russia (Orlov and Don valley) which are discussed in ancient texts and the English Thoroughbred. The resulting breed is sturdy, well balanced, rustic, tough and ideally suited for the rough terrain. They live freely in herds in the mountains and are c. 14.2 - 15.1hh.

## Guide & local team

---

Your hosts and guides for the trail will be members of the Obolbekov family and they have worked for many years with our sister company in France - Cheval d'aventure. They all speak excellent English.

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

---

You need to be a capable rider who is used to riding outdoors and fit enough for some long hours in the saddle. You are riding in a very remote location across rugged terrain and there is no option to miss a day if you get tired.

Rider weight limit is 85 kg / 187 lbs / 13 st 5 lbs. Heavier riders may be accommodated depending on horse availability, but must notify us before booking.

### PACE

---

The ride is not fast because of the altitude and steep terrain, but some flat plateaus and valley bottoms are conducive to some canters - although some sections which look inviting may have too many marmot burrows and your guide will assess the conditions on the day.

### TACKING ABILITY AND PARTICIPATION

---

You will be asked to groom, tack and untack your own horse although help is on hand. You may also assist with feeding and watering the horses if you wish.

### TRIP CONDITIONS AND REQUESTED EXPERIENCE

---

You need to be fit and in good physical condition. You will be riding at altitude - between 1,600 and 4000m - with some very rough terrain to cross and significant elevation changes throughout each day. There are some sections where you will need to dismount and lead your horse downhill. Please check with us if you have any medical conditions as you will be a long way from medical help.

You should be prepared for extremely changeable weather and the mountains could show you rain, hail, snow, wind and sun all within 24 hours

Your luggage will be transported by car during the trip.

Previous experience of riding a trail of several days is a definite advantage but is not required. Riders who do not ride regularly are requested to get riding fit prior to the start of their holiday.

The team has a satellite phone for emergencies.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

### EQUESTRIAN EQUIPMENT

---

Saddles are local and consist of a basic frame over which is thrown sheep or goat skins for comfort.

Helmets are mandatory. Please bring your own to ensure a proper fit.

You should wear hiking/riding boots as there may be some sections where you will need to dismount and lead your horse. Please ensure these are suitable for riding.

The local team will provide saddle bags for your belongings, but you should bring plastic or waterproof bags to protect them.

## TRAVEL INFO

### COMFORT

---

During the trail you stay in two man tents and should take your own sleeping bags and mats.

In Barskoon you will share a room or yurt.

In Bishkek you stay in double or triple rooms with private bathrooms.

## MEALS

The food is simple and abundant, using as many fresh ingredients as possible and prepared daily by the cook.

Breakfast consists of eggs, bread, cheese and dried fruits.

Lunch is a picnic and consists of bread, cheese, meat, fruit and chocolate.

Dinner often starts with a hot soup followed by a main of meat, salad, pasta, rice and followed by cheese, fruits or chocolate.

Vegetarian, pescatarian and lactose-free diets can be catered for on this ride, but unfortunately it is not possible to accommodate strict vegan and gluten-free diets.

## CLIMATE

The weather is likely to be changeable.

In Bishkek and at low altitudes it can be hot and dry, but in the mountains and at altitude you can experience many variations. It can be warm during the day but the temperature will drop to around zero or below at night. You could experience rain, hail or even snow as well as wind but the bad weather rarely lasts long. The area actually reports low rainfall throughout the year but you should be prepared with many warm layers and waterproof clothing.

## TIPS

It is customary to tip but this is entirely at your discretion. In Bishkek you may wish to tip 10%, but on the trail we recommend c. £5 - £10 per person per day to be split amongst all the team.

## PACKING LIST

Please pack carefully and sensibly: the following guide is here to give you an idea of what to bring. Please note: you will be riding at altitude and the weather can be unpredictable, even in the summer, so make sure to bring layers and enough warm clothing, waterproof gear and gloves – these are a must throughout the season. On this ride, you will be accompanied by a support vehicle. Please also use a soft sided case / bag which can easily be transported (limit is one bag per rider). You can leave extra luggage not needed for the trail at the guesthouse in Barskoon. We also recommend bringing waterproof hiking/riding ankle boots that you can wear with half chaps, as there may be some sections where you will need to dismount and lead your horse downhill (and normal riding boots won't provide enough grip). Please ensure these are suitable for riding, with ankle support and a small heel.

### Head

- Riding helmet -- it is mandatory that you wear a riding helmet on this ride and that you bring your own to ensure a correct fit.
- Sunglasses - with a cord attached so they don't fly off when riding.
- Warm hat for cold nights.
- Sun hat for when not riding.
- Buff or bandana.

### Body

- T-shirts and long sleeved tops for during the day (long-sleeves provide protection from the sun and are an extra layer if it's cold. You may also consider bringing thermals in case of cold weather).
- Warm fleece or jumper (and a spare one in case it gets wet).
- Lightweight fleece.
- Comfortable riding trousers or jodhpurs.
- Down jacket - the evenings can be particularly cold.
- Waterproofs (jacket and trousers, which should have opening on the outside/bottom of the leg so you can take them off without removing your boots).

### Hands and Feet

- Waterproof riding/hiking boots.
- Half chaps.
- Warm socks.
- Gloves - your hands are particularly exposed to the sun, cold or rain whilst riding. We recommend waterproof gloves.
- Lightweight trainers (optional, for moving around camp in the evenings).

Night time - please remember it can get very cold at night (it may drop below 0°C or there may be wind and rain, so please pack accordingly).

- Thermals for sleeping in.
- Sleeping bag. We highly recommend a comfort rating of -15°C to -20°C. Alternatively, you can bring a lighter sleeping bag and a sleeping bag liner (silk, cotton or fleece) to add an extra layer.
- Sleeping mattress. We recommend Therm-A-Rest mats, which are inflatable and light.
- Ear plugs and eye mask (for light sleepers).

### Other items

- Water-purification tablets.
- Head-torch.

- Water bottle.
- Sun cream and lip balm with high SPF.
- Medical kit.
- Personal toiletries and wet wipes.
- Small plastic bags for rubbish.
- Solar charger/power bank.
- Swiss army knife.
- Swimwear and camping towel, should there be a chance to wild swim on the way to/from Barskoon.

#### Other recommendations

- We recommend travelling in your riding boots and carrying your hat and some riding clothes / any essentials and valuables in your hand luggage - then if your luggage goes astray you are still able to ride!
- Please print copies of your passport and insurance documents and take them with you.
- Backpacks should not be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc).
- Please take your rubbish home with you and try to leave excess packaging material at home before travelling.

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
