Hisarya is a small resort town in central Bulgaria, located in the Plovdiv province. It sits at an elevation of 368 m. Hisarya has 22 hot water springs that have been actively used since ancient times: water temperatures vary from 44-55°C. This area has always attracted settlers due to the abundance of water. Thracians first settled here IV-III century BC. Later, the Romans arrived to these lands, transforming the town. They built a beautiful city, wide streets, stunning courtyards, villas, marble baths, aqueducts, sewage systems and an amphitheater. Ruins from the Roman period are still well-preserved in the modern city of Hisarya.

The team will look after the horses

TRIP CONDITIONS AND REQUESTED EXPERIENCE

Alcoholic drinks are payable locally but beer is provided with your picnic.

Traditional Bulgarian cuisine is influenced partly by the culinary customs of the other Balkans nations and shares common features with Greek, Turkish and Serbian cuisines. Bulgarian food is tasty and diverse. The geographical location of the country and its mild climate allow perfect conditions for growing different vegetables, fruits, spices and herbs which are fundamental ingredients in all Bulgarian dishes. Bulgaria is also famous for the diversity and quality of its dairy products which are widely used in the preparation of typical Bulgarian food.

Vegetarian and gluten-free diets can usually be accommodated if mentioned in advance - please inform your travel advisor upon booking.

CLIMATE

The location of the Rhodopes in the south eastern part of the Balkan Peninsula determines the region's climate to a great extent. The climate is influenced both by the colder air coming from the north and by the warmer breeze from the Mediterranean. The average annual temperature in the Eastern Rhodopes is 13 °C (55 °F), the maximum precipitation is in December, the minimum in August. In the Western Rhodopes, the temperature varies from 5 to 9 °C (41 to 48 °F) and in the summer rainfalls prevail.

The mild climate, combined with some other factors, works in favour of outdoor activities.

TIPS

Tipping is not compulsory but will be very much appreciated if you enjoy the services provided by the team. Tipping is totally at your discretion.

PACKING LIST

Please pack carefully and sensibly: the following guide is here to give you an idea of what to bring. This list must be adapted depending on the season and individual needs.

Our Recommendations

- Backpacks cannot be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (passport, camera, sunscreen, lipbalm etc)

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

- We recommend taking a copy of your passport and insurance documents with you in case you lose your original.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
