In 1978, Candido opened his stables and has led all of his horse riding trails himself. Today, his son, Manolo, works alongside him and has also become an experienced horse riding guide like his father.

Manolo leads most trails and has a basic knowledge of English, but please do not expect the guides to speak perfect English. It is best if you have some knoweldge of Italian to make the most of this experience!

SUSTAINABLE TOURISM

- 1. **Travel light**. It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
- 2. Reduce plastic waste. Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
- 3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
- 4. Choose your experiences carefully. Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
- 5. Support local populations. Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
- 6. Share! Raise awareness among your family and friends about sustainable tourism.
