IMPORTANT This is a sample itinerary. The actual itinerary will depend on game movements, water levels and weather conditions but always with your best interests at heart.

PLEASE NOTE Private rides are also bookable for 2 people or more with dates per request. Packages can be tailor made as per your request. Minimum duration 4 nights, maximum duration 7 nights.

Day 2 — 2 : JOHANNESBURG - RESERVE

 Waterberg Wildside Tented Camp

You will arrive into Johannesburg in the morning - plan to arrive early, before 10:30. You will be met at the airport by one of the team and driven (2h30) to the Entabeni Reserve in the Waterberg mountains.

You will be welcomed by our team, at Wild-Side Tented camp, settle in and have lunch. Our guide will explain the days to come, and you will set off on a game drive (3 hrs.) to see the big 5 from the vehicle today. Arrive back for dinner, and a good rest as you settle in to the African bush.

Day 3 — 3 : RESERVE - 5-6 hours riding

 Waterberg Wildside Tented Camp

Early wake up and an optional game drive again (3hrs.), as the bush comes to life. On your return you will have an opulent breakfast before you meet your horses for your morning ride (2.5-3 hrs.). You will be riding the plains in hopes of seeing some of the big 5 on horseback. Maybe cheetah or elephant to get the adrenaline pumping! Return to the lodge for lunch, with some down time to rest at the pool, before you set out again on horse back as the sun gets milder. Your afternoon ride will take you along spectacular scenery and less travelled paths (2.5 hrs), on search for some more game, such as wildebeest, zebra, giraffe or hippo. Return as the sun sets, join the group around the fire for dinner.

After the first full day on horseback, you can still make changes to your mount for the days to come.

Day 4 — 4 : ENTABENI RESERVE - 5-6 hours riding

 Entabeni Sleep-out Camp

Wake up as the sun starts to rise, and set off for your game drive (3 hrs.) in the early morning. You will return for breakfast, and have your luggage packed for the logistics team to pick up. Your horses will be ready as you head for the renowned Yellowwood kloof, which is the steepest man made road in Southern Africa. You will partially lead your horse up and ride on the less steep areas, taking you through a valley and mountain passes with spectacular views. (total 5-6 hour trek) There is a support vehicle on stand-by should you not be able to walk. You will stop at natural rock pools for lunch, and a swim if the weather permits. As you come out of the valley, the plains open up in front of you, like a mirage of open savannah dotted with game, blesbuck, giraffe, eland... maybe your first sighting of rhino, who tend to like to visit the horses at camp! The team will give you an intro to fly camp, and welcome you with some traditional song and dance to set the scene. The tents look out onto the plains, where animals roam free. As the horses settle in the paddocks next to camp, the team will have prepared the bar ready for sunset drinks by the fire, and a three course meal. Let the feeling of serenity set in, and enjoy this spectacular camp which you will call home for the next two nights.

Day 5 — 5 : ENTABENI RESERVE - 5 hours riding

 Entabeni Sleep-out Camp

Wake to the sound of the bush coming to life, with hot water boiling on the fire and a bush breakfast ready. Set off in search for rhino (2.5 hrs.), as you track these protected giants. You might come up very close to giraffe today, as you ride the plains and mountain passes, taking routes which no vehicle can go. Return to camp for lunch and a break before you set out on your afternoon ride (2.5hrs) to the highest point of the reserve, for a drink or two! Soak in the views, and return for a lovely dinner, with pathways lit up and lanterns to set the scene.

Day 6 — 6 : ENTABENI RESERVE - 3-4 hours riding

 Kingfisher Lodge

After an early wake up and a light breakfast overlooking the breathtaking landscapes, you will start to make your way to the next lodge. Riding through different landscapes, you will arrive to Kingfisher lodge which is located in a lake - if you are lucky you might spot hippos! After lunch, there is time for you to enjoy the pool before your afternoon game drive (3 hrs.), in search for hippo, giraffe and rhino amongst other such as eland and other abundant game.

Massages are available should you want to give yourself a treat after a few days in the saddle.

Return to the lodge in the evening where dinner will be waiting for you.

Day 7 — 7 : ENTABENI RESERVE - 5 hours riding

 Waterberg Wildside Tented Camp

Early start with tea, coffee and biscuits at the lodge, before your game drive (3 hrs.) or bush walk. Your bags will be packed for the team to take down the mountain. You will ride into the big 5 areas of the lower escarpment, and back to Wild side lodge which you should reach in time for lunch. After a very long day in the saddle (5 hours) you will have the option to rest at the lodge or go on a game drive in the afternoon. Return to the lodge for dinner.

Day 8 — 8 : ENTABENI RESERVE - 5 hours riding

You will have the option of a game drive before breakfast. Your bags will be collected by the team, and you will set off on a ride through the reserve, and out towards the horses stables. Your next fly camp is set at a beautiful fig tree, which you will ride to. You will stop for a bush lunch on the way, and arrive to a lit fire, and welcome drinks. After a day travelling with your horses (5 hours) you will have a special good-bye dinner with dance and song for the team.

Day 9 — 9 : JOHANNESBURG - 3 hours riding

First thing in the morning, your packed bags will be taken by the team to the meeting spot for your departure.

After an early breakfast, at around 6:30, you will set off for an 1 to 2 hour ride as you start your descent to the lower escarpment, riding and again partly leading your horses for about 45 minutes, until you reach the foot and continue your ride to the reserve's exit. This route will offer up some spectacular views and a stunning change of scenery.

At around 11:00, you will have reached the “extreme 19th” gate, where the horses are based and you will have a chance to say goodbye to both the horses and your guides. A final brunch will be served at the clubhouse, found at the gate, looking out onto the golf club.

Lunch is optional (at own expense) at the clubhouse, which overlooks the cold course. You will have the chance to take showers on the resort before your departure to the airport at 13:00.

There is the possibility of an extension to this trip either to visit Mozambique, the Okavango Delta, the Victoria Falls, Cape Town, the Wild Coast or any other destination in southern Africa - just contact us for more information.

CLIMATE

From November to December, the summer months become hotter and more humid with either continual rain or storms in the afternoon, on these days, you will head out to ride once the rains have stopped. At this time of year, mosquitoes and other insects are also more numerous and present in comparison to the winter months.

From January to March, the weather is usually drier and the days are very hot. Your morning rides finish earlier in order to avoid this heat. At this time of year, mosquitoes and other insects are also more present and numerous in comparison to the winter months.

In April, the vegetation starts to change, the green bush becomes brown and sparse throughout this period of autumn. The temperatures will drop during the night, however during the day it will still be hot with the possibility of storms in the afternoon.

In May and June, the winter months, the temperature lowers significantly at night and early in the morning. The vegetation becomes browner still and the trees lose their leaves. Due to the sparseness of the vegetation, visibility through the bush is improved.

From July to September, the weather is extremely dry with very cold nights. The temperature is also quite cool during your morning and end-of-afternoon excursions.

From October to November, the spring is at its peak dryness with hot winds and sparse vegetation. The first rains arrive at the end of October.

TIPS

A customary tip would be around €15/£10/\$20, per person per day which is then split between the team.

PACKING LIST

When on a horseback safari, it is best to wear clothes of a neutral colour (green, brown, beige or grey) that will blend in to the countryside. For the evenings, bring clothes that are simple yet a little bit elegant!

Head

- A riding helmet is compulsory and we recommend that you take your own to ensure a correct fit. Helmet makers (GPA, HKM, LAS Helmets, Lamicell, Troxel, Equithème) now offer horse-riding helmets that are ventilated, strong, light and comfortable. You also have the option of buying protective shells to go under your hats (Ranch & Rider, Lexington Safety Products) or western hat helmets (Troxel).
- Sunhat (indispensable)
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun, wind or rain

Upper body

- 4 to 6 polo shirts in cotton or long-sleeved shirts (to protect against the sun)
- 1 or 2 long-sleeved shirts for the evening
- 1 lightweight fleece or jumper (from September to June)
- 1 warm fleece or jumper (from June to September during the winter)
- 1 lightweight or warm waterproof jacket (depending on the season). It is always a good idea to wear a coat with a multitude of pockets to keep your cameras, snacks, other items in.

Legs

- 1 pair of lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Casual clothes for the evenings (jeans or walking trousers)
- A swimming costume
- Non-irritant cotton or synthetic underwear

Hands and Feet

- Comfortable riding boots. We recommend short boots with half. We don't recommend taking your favourite leather boots in case they get damaged
- Lightweight shoes or trainers for the evenings
- Several pairs of warm socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

Our Recommendations

- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lip balm etc)
- A soothing cream may be useful to treat areas irritated by long hours in the saddle
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
