Day 1 — 1: ARRIVE AT THE HORSE FARM AND GITE

On your arrival at the equestrian centre between 18:00 and 20:30, you will be met with a traditional Alsatian meal and you will have the chance to meet the other riders in your group as well as your guide. You will spend the night in a gite at the equestrian centre.

Transfers are possible from either the airport or train station in Strasbourg or Colmar, or the train station Sélestat, Fouday or St Blaise de Roche - these transfers are at an extra charge and are payable locally. For more information see Price Details.

Day 2 — 2: BELMONT - CHAMP DU FEU - HOHWALD - BELMONT - 4-5 hours riding

Your first morning's ride is the chance for the guides to introduce you to the horses and for you to ride out into the surrounding forest to test your level and ease in the saddle. After any adjustments, you will continue your ride up to the site of Champ du Feu at an altitude of 1099 metres.

This ski station and the surrounding area is classed as a Natura 2000 site and is the culmination point of the Bas-Rhin. The region is known for its lush peat bogs, mountainous grass and scrublands

In the afternoon, you will ride out towards the small village of Hohwald. Along the way, you will pass the Hohwald falls, the most beautiful waterfall in Alsace. In the evening, you will enjoy Alsatian cuisine and spend the night in a gite at the equestrian centre.

Day 3 — 3: BELMONT - LA ROTHLACH - BELMONT - 5 hours riding

After a hearty breakfast, you will start your second day by riding out toward Rothlach; this area is known as being the roaming ground for several herds of wild deer.

You will stop for your picnic lunch in the ruins of an ancient chateau, before riding the paths back to the equestrian centre. You will spend the night and have your evening meal in a comfortable gite.

Day 4 — 4: BELMONT - VERLORENE ECK - HEIDENKOPF - BELMONT - 5-6 hours riding

After breakfast, you will ride to one of the stunning, oft-forgotten, beauties of the region, Verlorene Eck. Here, 30 menhir, majestic standing stones, form an arc whose presence and purpose is an unsolved mystery even to this day. You will stop amongst these intriguing stones for your picnic lunch.

In the afternoon, you will ride up to Heidenkopf, a Vosges summit with an altitude of 787 metres. From the tower built on the peak, a spectacular view will open up beneath you across the Vosges Massif and Alsace plains. You will spend the night in a gite.

Day 5 — 5: BELMONT - NATZWILLER - PFRIEMENKOPF - BELMONT - 5-6 hours riding

Your morning ride will take you along trails to the Serva waterfalls, from where you will ride down the mountain side to the village of Natzwiller. You will ride out along flower-lined paths offering breathtaking views of the valley floor. You will have your picnic lunch on the small hill at Pfriemenkopf before heading back out in the saddle towards the equestrian centre. The routes leading back are perfect for some fantastic gallops.

You will enjoy more local French cuisine for your evening meal and you will spend the night in a comfortable gite.

Day 6 — 6: SAINT PIERRE - BELMONT - 5-6 hours riding

For the last ride of your holiday, you will ride to the plateaus of high and low Lachamp. These vast plains allow for lengthy gallops through a landscape dotted with small traditional villages; after which, you will reach the foot of Perheux where you will stop for your lunch.

In the afternoon, you will start the climb up Mont St Jean. After a good gallop, you will arrive at the summit and benefit from a stunning 360° view across the Alsatian mountains. You will then make your way down the hillside back to the equestrian centre for your final French dinner before heading to your gite for the night.

Day 7 — 7: RETURN TO THE UK

After a hearty breakfast, it will be time to say goodbye to the horses and your guides as you start your journey back to the UK.

Transfers are possible from either the airport or train station in Strasbourg or Colmar, or the train station in Selestat, Fouday or St Blaise de Roche - these transfers are at an extra charge and are payable locally. For more information see Price Details.

Minimum riding ability

MINIMUM RIDING ABILITY

For the experienced riders group, you need to have mastered all 3 paces (walking, rising trot and galloping in a forward seat) across uneven terrain.

In the beginners group, riders should have little to no experience in the saddle.

If you weigh over 90kg/ 14st/ 198lbs and wish to ride, please contact us before booking.

PACE

The base pace of the ride is a walking pace interspersed with trots and gallops. This region's terrain is well suited to long gallops.

TACKING ABILITY AND PARTICIPATION

You will be asked to participate in the tacking, untacking and feeding of the horses. You will also be responsible for signalling any injuries or issues with your horse to your guide and then aiding in any necessary treatment.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

This trip is suitable for riders of all levels. There are 2 groups: beginners and experienced riders with 1 guide per group.

The route taken is modified to suit the abilities of the riders in the beginners group and the horses are selected with great care to cater to each rider's specific needs.

For the experienced rider route, you need to be in good physical condition and be able to ride for several days in a row without tiring.

Helmets are MANDATORY.

EQUESTRIAN EQUIPMENT

Riding helmets are mandatory. We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

COMFORT

You will stay in flat-style gites (5 flats of 4 to 10 people) or in the gites on the grounds of the equestrian centre (3 rooms). If you are travelling on your own and do not wish to pay the single room supplement, you will share a room with other riders from your group.

MEALS

The trip is full board. Your lunches will be cold and usually had in picnic form. In the evening, you will enjoy the local Alsatian cuisine. Wine and other drinks are included in the price.

CLIMATE

Alsace has a continental climate with cold and dry winters and hot, often stormy, summers. The months in-between - from April to May and September to October - are usually warm and agreeable.

Spring in Alsace gives you the opportunity to make the most of the lengthening days and discover a beautiful countryside coming out of hibernation. In the autumn, the region is coloured by the vibrant hues of the growing vineyards. Summers in the region can be very hot and are the best season to take refreshing dips in the tranquil lakes and the ride through Vosges.

From the beginning of November, the cooler temperature and fogs that roll out across the countryside create an enjoyable atmosphere to ride through. Mid and late winter can be harsh with frequent frosts.

TIPS

In France, it is customary to tip - usually this is by rounding up the price. You may wish to leave a tip with the guide who can split it amongst all members of the team - this is not obligatory and is entirely at your discretion.

PACKING LIST

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- In your hand luggage: Any liquids, such as shampoo, moisturiser, deodorant over 100 ml and all bottles can be decanted into small, clear, plastic Ziplock bags. We recommend biodegradable washing products where possible.
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
