CLIMATE

Alsace has a continental climate with cold and dry winters and hot, often stormy, summers. The months in-between - from April to May and September to October - are usually warm and agreeable.

Spring in Alsace gives you the opportunity to make the most of the lengthening days and discover a beautiful countryside coming out of hibernation. In the autumn, the region is coloured by the vibrant hues of the growing vineyards. Summers in the region can be very hot and are the best season to take refreshing dips in the tranquil lakes and the ride through Vosges.

From the beginning of November, the cooler temperature and fogs that roll out across the countryside create an enjoyable atmosphere to ride through. Mid and late winter can be harsh with frequent frosts.

TIPS

In France, it is customary to tip - usually this is by rounding up the price. You may wish to leave a tip with the guide who can split it amongst all members of the team - this is not obligatory and is entirely at your discretion.

PACKING LIST

- Casual clothes for the evenings (jeans or walking trousers)
- A swimming costume may be useful for impromptu dips in the lake

- A soothing cream may be useful to treat areas irritated by long hours in the saddle
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- In your hold luggage: Any liquids, such as shampoo, moisturiser, deodorant over 100 ml and all bottles can be decanted into small, clear, plastic Ziplock bags. We recommend biodegradable washing products where possible.
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
