

Ride from the highground to Madagascar's East Coast

MADAGASCAR

On a **horseback ride through Madagascar** discover the many different facets to this spectacular island. Explore the volcanic region around Lake Itasy, relax in the geysers and ride narrow paths up through the terraced rice fields. **In the saddle, ride across Madagascar** from the high altitude plains past crater lakes, through subtropical forests and semi-arid desert to the East Coast, where the lush green scenery gives way to the blue of the Indian Ocean breaking over long stretches of gallop-worthy beaches. Discover a country with a rich culture and unique wildlife, including a visit to meet the famed lemurs!

Trail Riding	 16 days / 11 days riding	 From £3,939	
---------------------	---	--	---

ITINERARY

Highlights

- Discover the beauties of the east coast and the Pangalanes Canal as you gallop across beaches on the Indian Ocean's shore
- Wild camp across this magnificent island and spend time getting to know the way of life here and spend time soaking in the atmosphere in the country's more out-of-the-way areas
- Ride through a large variety of landscapes including the volcanic surrounds of Lake Itasy, pass crater lakes, climb hills and volcanic peaks up steep and craggy paths then ride across semi-arid land as well as through Eucalyptus and tropical forests
- Experience the warm atmosphere and varied emotions that will greet you as you pass through villages dotted through the countryside where the locals will, due to the relatively recent introduction of horses to their island, still find you something of a curiosity!
- Discover and interact with a variety of lemur species, unique to the island, on a private lemur reserve

Day 1 — 1 : ARRIVE IN ANTANANARIVO

On your arrival into Antananarivo airport, you will be met by your guide from the local team and taken to your hotel to settle in for the evening.

Please note that flights are not included but can be booked on request.

Day 2 — 2 : ANTANANARIVO - FAKA RANCH - 1-2 HOURS RIDING

After breakfast, you will be taken into the city and have a chance find your bearings in your new environment before heading out west. You will visit the

Lemur Park where you will get to see the animals that Madagascar is best known for and that are seen as the symbol for the island; Madagascar is home to around 60 species and sub-species of lemur.

You will have your lunch on the road, starting to get into the swing of the island's way of life, as you travel to Faka Ranch and arrive mid-afternoon. On the ranch, you will meet the horses before having your first traditional Madagascan dinner and then turning in for the night in your accommodation on the ranch's grounds.

Day 3 — 3 - FAKA RANCH - ANTAMBAHOAKA - 6 hrs riding

After breakfast, your horseback expedition through the Malagasy Highlands begins gently. Lunch at Babet-Ville, a town that bears traces of the 1950s immigration of families from Réunion. Cross the plains of Sakay and the river of the same name at a ford. Arrive at the camp in the late afternoon and enjoy a sunset typical of this region. Downstream of the Lily River, enjoy dinner under the stars of the Southern Hemisphere. Dinner and overnight in bivouac (camp).

Day 4 — 4 : ANTAMBAHOAKA - SOAVINANDRIANA - 5-6 hours riding

After your first night under the stars on the riverbanks, you will be greeted with a hearty breakfast before riding out to ford the Lily River and take the black volcanic rock paths shadowed by the impressive Kasigie volcano. Taking trails past crater lakes, you will ride down to the beautiful Mananasy Lake to stop for lunch.

The river's banks offer a glimpse of the local life, with groups of zebu, led by the children that herd them, coming to drink in amongst the colourful laundry drying along the riverside.

After your lunch, you will ride up towards Soavinandriana, where the paths can be both steep and rocky. Riding through the town and its market, your horses and presence are likely to draw some curious looks! Reach the pasture where you will leave your horses for the night.

Overnight a camp (please note the camp is located at an altitude of 1650m).

Day 5 — 5 : SOAVINANDRIANA - MANAZARY - 5-6 hours riding

A fantastic day in the saddle awaits you! After leaving the village of Ampefy, you will ride through the region's vital rice fields and climb up through the growing terraces along narrow paths. Once you reach the summit, you will have a breathtaking 360° panorama of the Ankarata mountain chain as well as of Lake Itasy. A 1km wade through shallow waters, leading your horse, will see you reach the remains of an ancient highway that rounds the Lake Itasy to the east.

In the afternoon, your horses will meander their way along this route that travels the length of the lake. You will pass through lush countryside and encounter groups of chattering children, who will watch you with a mixture of uncertainty and curiosity, but always with a ready smile and joyful shouts! After having climbed the steps of the lively Manazary market on horseback, you will reach your camping ground for the evening on the banks of the magnificent Amparihikely Lake. Aperitif in hand and another stunning Madagascan sunset on the horizon, you will watch the fisherman in their traditional dugout canoe out working on the lake.

Overnight at camp.

Day 6 — 6 : MANAZARY - AMPEFY - 4-5 hours riding

During the day's ride, you will make your way right up to the lake whose banks you have been following. Along a beautiful riding path on the north bank, after 4 hours in the saddle, you will reach your lunch stop.

In the afternoon, the horses get a little rest before you explore the village and make your way to the Îlot de la Vierge - a Christian shrine jutting out into the lake. You will then return to the village of Ampefy and settle in to your room at a local guesthouse before enjoying a lively evening in the company of a local folklore group. You will have your evening meal and spend the night at the guesthouse.

Day 7 — 7 : AMPEFY - GEYSERS - 4-5 hours riding

Setting out in the saddle, you will ride through volcanic mountain passes leaving you with the impression of truly being in the middle of nowhere. You will ride trails overlooking the Lily Valley until you reach its famous waterfall that send plumes of water over a 25 metre drop. Here, you will likely find yourself the object of a hoard of children selling souvenirs and volcanic pumice stones.

Leaving the thundering falls in your wake, you will once more ride out through the mountain passes to reach the region's geysers. Here, you will stop and enjoy the relaxing and therapeutic quality of the natural thermal springs and bathe in a pool known for its iron-rich waters.

Overnight at camp.

Day 8 — 8 : ANDRANOMENABE - TANA - 5/6 hours riding

In the arid heat of the Central West, discover the magnificent Lake Andranomenabe, where wild ducks (red-billed teals or teal ducks) bask safely from predators. Enjoy a sublime gallop around the lake. Take in views of the vast Ifanja rice plain, with more than 3,000 hectares of cultivated rice fields. Say goodbye to your horses and return by road to Antananarivo in the afternoon. Settle in for a well-earned rest at the guesthouse. (3-hour drive)

Day 9 — 9 : ANTANANARIVO - ANDASIBE - No riding

You will take the road east (3 hours by car) and after a hearty dinner at Moramanga, you will check in to the Feon'ny Ala Hotel (or similar) on the edge dense forest. Here, you will have a chance to interact the lemurs at the Vakona Lodge reserve and/ or visit the village community of Andasibe.

Overnight at the hotel.

Day 10 — 10 : ANDASIBE - PANGALANE - AMBILA - 3 hours riding

After a good night's sleep, you will be driven to meet the horses that will be waiting for you at Brickaville, a town found at the end of Route Nationale n° 2. The route slaloms its way, in stages, down the cliff sides leading towards the east coast of the island. You will have your lunch at Brickaville before getting back in the saddle and heading out along a back path to reach the ferry crossing the Pangalanes Canal. Here, the view across the Indian Ocean will no doubt top the list of the most memorable parts of your ride.

You will experience a true adrenaline rush as you cross the open iron railway arch bridge consisting of 2 rails and no parapet, 20 metres above the canal waters. The crossing is well worth it, as on the other side you will find the stunning Ambila beaches, bathed in blue Indian Ocean waves, right at your feet. You will spend the night wild camping against the unforgettable backdrop of the shores of the ocean at Ambila.

Overnight at camp.

Day 11 — 11 : AMBILA - 4-5 hours riding

The day's ride will expose you to another side of the Madagascan landscape as you ride through the sand dunes between the Canal and the Ocean, crossing an idyllic lagoon, on horseback, and riding through lush subtropical forest along sublime riding trails. Your destination: Andovoranto — the end of the world! Before lunch at a local restaurant, take breathtaking photos of the meeting point of river, canal, and sea. On the return, if time allows, adventurous riders can swim in the fresh waters of the canal lagoon, where natural hot springs bubble up in places, gently warming your legs — a truly natural SPA. Camp at Ambila. Bivouac.

Day 12 — 12 : AMBILA - VAVONY - AMBILA - 5-6 hours riding

Today, ride north on a seemingly endless trail perfect for fast gaits, with exhilarating sensations under the blazing heat. The path runs between the Tana-East Coast railway line and the beach, bordered by forest - mind the branches! Before lunch at the "Siesta Spot," you'll be taken on an exceptional ride as far as possible along Lake Rasoabe's untouched beach: crystal-clear freshwater, fine sand stretching for miles, and forest-lined shores. Pure paradise, if the spirits allow! A relaxed return to Ambila in the afternoon.

Day 13 — 13 : AMBILA - 4-5 HOURS RIDING

You get back to Vavony from Lake Rasoabe to find the horses later in the morning. You ride back to Ambila, following the coastline. In the afternoon, enjoy an excursion in a traditional pirogue to discover the beautiful Pangalanes Canal differently. When you get closer to the stables, you're in for a chance to swim with the horses. In the afternoon, you are greeted by the local children as you head back to Camp.

Dinner and camping at Ambila.

Day 14 — 14 : AMBILA - BRICKAVILLE - TANA - 3 hours riding / 6-7h transfer

After breakfast, your ride will start with you once more crossing the Pangalanes Canal. The horses will push forward, energised by the sea air. You will enjoy a fast-paced and varied ride and make the most of your last gallops through this unique and beautiful countryside.

You will say your goodbyes to the horses and be driven to Antananarivo, having lunch en route (6-7h drive including hard road). You will spend the night in a comfortable guesthouse in Antananarivo.

Day 15 — 15 : ANTANANARIVO

Today, you will enjoy some free time and a free day to explore the capital city of Antananarivo, often simple called Tana. Here, you will have a chance to visit the city's craft market, be immersed in the fragrance of the local Madagascan vanilla, try the rum and discover the local ambiance and maybe

chat to a few locals!

Overnight at the guesthouse

Day 16 — 16: DEPARTURE

Departure from Tana.

DATES & PRICES

DEPARTURE	RETURN	PRICE WITHOUT FLIGHTS	STATUS

EXTRAS

Tips to the local team

INSURANCE

Cancellation and travel insurance are not included in the above listed price. Please note that insurance is mandatory. We recommend taking out an insurance policy as soon as your trip is booked to cover you in case of cancellation

EQUESTRIAN INFO

Horses

You will be riding geldings and stallions from local farms, and also from Mauritius and South Africa. These large horses are all in excellent condition, docile, patient and are well adapted to long days riding. They are 1,40 cm to 1,70 cm high.

Guide & local team

Your guide will be local to the area and Malagasy, French and English speaking.

Minimum riding ability

MINIMUM RIDING ABILITY

This ride is suited to experienced and seasoned riders, at ease in the saddle at all three paces outdoors on varied and uneven terrain. Certain of the horses are livelier than others and best ridden by experienced riders, however the herds also include mounts that are perfectly suited for riders of a more intermediate level.

Rider weight limit: 85 kilos, 187 lbs, 13.3 st.

PACE

The base pace of the ride is a walking pace, the terrain will regularly allow for long stretches of trotting as well as some unforgettable gallops. You will experience some long very rhythmic stages.

TACKING ABILITY AND PARTICIPATION

A team of grooms take care of the horses throughout the ride. They will also tack and untack your horses at the beginning and end of each day's ride, however if you wish to work alongside them in caring for the horses, you are more than welcome!

TRIP CONDITIONS AND REQUESTED EXPERIENCE

In order to get the most out of this expedition, you need to be in good all-round physical condition. The hours in the saddle can be long and you can be asked to dismount and lead your horse in hand over sometimes steep terrain. Riders who are not currently riding fit must get back in the saddle before the ride and ensure they are appropriately fit for this ride.

The temperature during the day can reach highs of up to 30°C in May and November, so you must be prepared to ride in hotter weather than perhaps you are used to all whilst spending long days in the saddle.

Previous experience of a ride over several days is a plus but is not obligatory. On embarking on this adventure to Madagascar, you will meet people from a different culture with a different mindset to your own, you must be ready to accept and respect any differences you encounter.

EQUESTRIAN EQUIPMENT

English tack

Saddle bags are provided

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

Your nights camping will be spent in 3-man tents shared between 2 riders. A shower and toilet tent will also be set up for the camp.

You will spend 2 nights in bed and breakfast style accommodation - a room for 2-4 people with a private bathroom.

For your remaining nights, you will stay in 2* standard hotels in double rooms with private bathrooms.

MEALS

Your meals will be had around a camp fire in comfortable chairs. During your lunchtime picnics and dinners, you will enjoy varied and quality Madagascan cuisine.

CLIMATE

The area surrounding Antananarivo has a high altitude tropical climate. Although Madagascar is situated in an intertropical zone, the yearly average temperature is moderated by the effects of the altitude. The climate is marked by its cool and dry winters, from May to October, and mild, rainy summers, from November to April. During the cooler seasons, the temperature rarely falls below 10 °C and in the hot season, it rarely tops 30 °C.

Frosts are rare but not completely unheard of; during June, the morning temperature can drop to 1°C. Days when the sun doesn't make an appearance are equally as rare - less than ten sunless days per year!

TIPS

Tippling is customary in Madagascar, especially within the tourism industry. Any tip you leave will be split between the porters at the airport and in your accommodation, your waiters/, the grooms, drivers and camp helpers, the cook and their assistant.

An acceptable tip would be around 20000 Ariary (£4 - £6) each day for the driver and for the guide. For the porters, waiters/ waitresses and other staff 2000 to 10000 Ariary (£0.5 - £3) per worker. These amounts are just a suggestion and any tips left are at your own discretion.

PACKING LIST

Head

- A riding helmet is compulsory and we recommend that you take your own to ensure a correct fit. Helmet makers (GPA, HKM, LAS Helmets, Lamicell, Troxel, Equithème) now offer horse-riding helmets that are ventilated, strong, light and comfortable. You also have the option of buying protective shells to go under your hats (Ranch & Rider, Lexington Safety Products) or western hat helmets (Troxel).

- Sunhat (indispensable under the African heat)

- Sunglasses with high protection lenses - with a cord attached so they don't fly off when riding

- Buff or bandana for protecting your neck and face from the sun, wind or rain

Upper body

- T-shirts in cotton and long-sleeved shirts (to protect against the sun) or t-shirts made from rapid-dry material

- 1 lightweight fleece or jumper

- 1 lightweight waterproof jacket made from Gore-Tex or a similar material that is waterproof and breathable

Legs

- 2 pairs of lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- 1 change of riding trousers or jeans
- A swimming costume
- Non-irritant cotton or synthetic underwear

Hands and Feet

- 1 pair of comfortable riding or walking boots. We recommend short boots with half-chaps specifically for riding. We don't recommend taking your favourite leather boots in case they get damaged
- Lightweight shoes or trainers for the evenings
- Several pairs of socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

Nightwear

- Tents, sleeping bags and mattresses are provided. We recommend you bring a sleeping bag liner.

Our Recommendations

- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lip balm etc)
- A soothing cream may be useful to treat areas irritated by long hours in the saddle
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

Other useful items

- Travel bag 60-80 litres (hold luggage)
- Travel bag 25-30 litres (cabin bag)
- Water bottle (1.5 litres or 2 equivalent)
- Headtorch or small torch for moving around at night - bring spare batteries and bulbs
- Toiletries
- Protein or cereal bars for the longer stretches of riding
- Swiss army knife or equivalent (in checking-in luggage!!)
- Small plastic bags for your rubbish
- Ear plugs (may be useful)
- Camera and high capacity memory card. Spare battery
- A pair of binoculars

Medical kit - our recommendations

Make sure any allergies (to medication or otherwise) and clearly stated in your medical kit. A group pharmacy will also be provided.

- Any medication you regularly take
- Painkillers
- Imodium or similar anti-diarrhea medication
- Vitamin C tablets
- Sunscreen and lip balm - should be high factor
- Insect repellent
- Eye drops
- Hydrating/soothing cream
- Plasters
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc..
- 10cm wide bandage
- Spare prescription glasses/contact lenses
- Re-hydration sachets
- Antiseptic wipes
- Handwash gel

General information

- The airline allows only one bag to be checked-in per passenger. Make sure it weighs no more than the specified weight limit; if it exceeds this weight, you will have to pay excess luggage fees at check-in
- Hand luggage mustn't contain any sharp objects (knives, scissors, nail file or nail scissors, etc.) and the quantity of liquid allowed per passenger is limited to 100ml per container. Check with the airline for their imposed weight limits for hand/ hold luggage.
- If you wish to travel 'light' and wash your clothes throughout the ride, please bring with you laundry detergent that is biodegradable
- All waste that could be considered toxic (batteries, aerosols, batteries, empty cream tubes, film) needs to be kept with you and transported back to

the UK, where recycling is done well and efficiently. Avoid, wherever possible, to bring with you unnecessary packaging

In your hold luggage

- Any liquids, such as shampoo, moisturiser, deodorant over 100 ml and all bottles can be decanted into small, clear, plastic Ziplock bags. We recommend biodegradable washing products where possible.
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.

For more information please [see this page](#) .
