ITINERARY

Highlights

- Ride across the Zavkhan region from North to South
- The region is very remote and still relatively unknown and untouched
- Explore an astounding variety of landscapes, perfect for riders looking for a truly scenic adventure
- The chance to meet with the locals and learn about their culture

Day 1 — 1: ULAANBAATAR - No riding

International flight to Ulaanbaatar, you will likely arrive early in the morning.

You will be met at the airport by a member of the local team and transferred to your hotel for a rest, then you will meet your guide and the rest of the group for lunch.

In the afternoon, you will explore the fascinating city of Ulaanbaatar, marked by its unique blend of Eastern and Western influences. Visits to the National History Museum and the Gandan Monastery provide a strong historical and cultural foundation for the journey ahead.

Dinner and overnight at the hotel.

Day 2 — 2: ULAANBAATAR – ULIATAI – TELMEN - No riding

You will take an early domestic flight (1.5 hours) and then a 3-4 hour drive to Zavkhan, a region renowned for its diverse landscapes — towering snowy peaks, vast green valleys, golden dunes and crystalline lakes.

Upon arrival at Uliatai airport, you will be met by your driver. Then you'll head north by vehicle to your camp on the shores of Lake Telmen. The

afternoon is free to rest before the trek begins. In the evening, you'll meet your horses.

Overnight at the tourist camp.

Day 3 — 3: TELMEN – TWO BULLS "2 BUKH" - 4-5 hours riding

Today, your adventure begins! Guided by experienced Mongolian horsemen and the horses, you will set off on our journey through the remote Zavkhan wilderness.

You will journey west along the Takhilt River, where lush and sandy terrain varies between forested mountains and open valley. You will camp in a beautiful gorge known as Two Bukh (Two Bulls).

Overnight camping.

Day 4 — 4: TWO BUKH – NURAMT CANYON - 4-6 hours riding

Over the next two days, you'll continue your journey westward through a very wild area, leaving the main trail behind and venturing into untouched landscapes. Encounters with people become increasingly rare, though some yurts can still be seen.

Overnight camping.

Day 5 — 5: TWO BUKH – NURAMT CANYON - 4-6 hours riding

Today you'll continue to explore the area. As you traverse wooded mountain zones, the scenery becomes breathtaking — lush vegetation intertwined with ancient rock formations.

You'll set up camp at the magnificent Nuramt Canyon, known for its wild beauty and dramatic rock formations.

Overnight camping.

Day 6 — 6: NURAMT - GOL MOD - 4-6 hours riding

Heading south today, you'll cross the majestic Bor Khyar Dune, stretching nearly 90 km. On the other side lies a lush valley dotted with summer nomadic camps. As you ride through, you'll witness scenes of daily life.

Following a small river, you'll eventually reach the source of the Ulaagchin River. Here, in what was once thought a desert, you'll find a hidden larch forest flourishing among dunes — a striking illustration of Zavkhan's surprising diversity.

Overnight camping.

Day 7 — 7: GOL MOD - KHAR NUUR - 4-6 hrs riding

For the next two days, you'll ride westward. The Ulaagchin River meanders under the Bor Khyar Dune, creating numerous small and large lakes.

Soon, you'll reach the stunning Khar Nuur Lake, nestled between dunes. Its clear blue water contrasts beautifully with the surrounding aridness. You'll follow the lake's eastern shores before reaching our camp south of the lake.

Overnight camping.

Day 8 — 8: GOL MOD - KHAR NUUR - 4-6 hours riding

Today you'll continue riding through landscapes where sand, rivers, and mountains meet and clash, forming surreal panoramas.

Overnight at the tourist camp.

Day 9 — 9: KHAR NUUR - 3-4 hours riding

A day of relaxation by the crystal-clear lake surrounded by dunes and mountains. In the afternoon, you can swim near the Elsen Shanaa Dune, part of the larger Borkh Els Dune.

Overnight at the tourist camp.

Day 10 — 10: KHAR NUUR - SENJIT KHAD - 4-6 hours riding

You leave the blue lake behind and head south towards Senjit Khad, a remarkable rock formation also known as the "Gateway to Heaven," located amid sandy dunes and plateaus. The geology and erosion in the area has given birth to strange, misshapen shapes. The area is also famous for its marmots and herds of semi-wild horses.

Overnight camping.

Day 11 — 11: SENJIT KHAD – MUKHART OASIS - 4-6 hours riding

Today and tomorrow you will explore the vast Mongol Els Dunes, an iconic desert landscape stretching as far as the eye can see. Riding through shifting sands, you'll aim for the stunning Mukhart Oasis, a serene haven surrounded by poplars and sea buckthorn bushes. Here, the Mukhart River flows for about 20 km before vanishing back into the dunes.

After setting up camp, the afternoon is free to swim, stroll or just relax.

Overnight camping.

Day 12 — 12: SENJIT KHAD – MUKHART OASIS - 4-6 hours riding

Today you will continue to explore the vast Mongol Els Dunes and Mukhart Oasis.

Overnight camping.

Day 13 — 13: MUKHART - ULIASTAI - ULAANBAATAR - No riding

Your horseback adventure ends today. After one final crossing, you'll bid farewell to your horses and guides before returning to Uliastai airport for your flight back to Ulaanbaatar.

The afternoon is free for shopping, sightseeing, or relaxing.

Overnight at the hotel.

Day 14 — 14: ULAANBAATAR - No riding

A cultural immersion day in Ulaanbaatar. After breakfast, visit a traditional market full of colors, aromas, and authentic encounters with locals.

In the evening, you'll enjoy a performance by the Mongolian National Academic Ensemble featuring traditional songs, dances, and music — a perfect way to conclude your Mongolian journey.

Overnight at the hotel.

Day 15 — 15: DEPARTURE

You will be transferred to Ulaanbaatar airport for your flight back.

You may arrive home this evening, or early tomorrow, depending on your flight.

EQUESTRIAN INFO

Horses

The legendary Mongolian horse, known for its role in conquest and history, is small but energetic, enduring, and perfectly suited for equestrian trekking across all terrains. Though renowned for their gentle nature, these horses are semi-wild, requiring some adaptation from riders. While some horses are livelier than others, all are carefully selected by the team for their temperament.

Guide & local team

You will be accompanied by at least two local horse guides. There will also be a cook to prepare meals and a vehicle driver. An interpreter will accompany you during the ride.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be an experienced rider who is used to riding outdoors across varied terrain for several hours. Also note that Mongolian horses, while friendly, may be semi-wild. Riders should be prepared for a range of temperaments, and to adjust their riding as required.

Weight limit: 80 kgs / 187 lbs / 13,3 st

PACE

Whilst much of the ride is at a walk there are plenty of opportunities for long trots and canters across the immensity of the steppes.

TACKING ABILITY AND PARTICIPATION

Each horse is saddled and unsaddled by the accompanying Mongolian herders. Feel free to participate in the process if you'd like – simply ask the herders for guidance! You may be asked to assist with camp tasks such as erecting and dismantling tents.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

Previous experience of riding a trail for several days is an advantage but is not required. Riders who do not ride regularly are requested to get riding fit before the holiday.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life. Be prepared to adapt to a different style of riding and accept that Mongolians relate to their horses in a different way to us.

Your belongings are transported by car.

EQUESTRIAN EQUIPMENT

The saddles used include Kazakh, Russian, and Mongolian styles. Comfort levels may vary from rider to rider, so please inform the team of any discomfort on the first day so adjustments can be made.

Recommendations:

- Riders over 1.90 meters tall should bring their own adjustable stirrup leathers, as local saddles may not offer sufficient length.
- Consider bringing a sheepskin or extra padding to ensure comfort during long rides. Use strings to attach it securely to the saddle.
- A helmet is strongly recommended for safety and hygiene. Be sure to bring your own riding helmet or hat.

Please note: Saddlebags are not available on this ride as Mongolian horses aren't used to them. But you will have a support vehicle and the guides will carry water. Backpacks are not to be worn whilst riding.

TRAVEL INFO

COMFORT

- For the 2 nights in Ulaanbaatar, you will stay in a hotel with private bathrooms and wifi.
- For the 3 nights in tourist camps, you will stay in yurts with 2-6 beds, bathroom facilities and hot water (sometimes inconsistent).
- For the remaining 8 nights, you will camp, staying in tents shared between two or three people.

Please note:

Accommodation may be mixed between male and female guests.

On camping nights, tents and mattresses are provided but you will need to bring your own sleeping bag and camping pillow.

There is no electricity throughout the ride. You may bring solar charger/powerbank, if you wish. You may also be able to charge your devices in the support vehicle on driving days.

MEALS

The food is simple, abundant and based on fresh products prepared by a local cook and adapted to western tastes. Meals are served on small camping tables with stools, except for some picnic lunches.

Breakfast is usually hearty.

Lunch is often hot when meeting the logistics truck, but sometimes a picnic.

Dinner is a full hot meal (soup, main course, dessert) and may well include lamb/mutton purchased from local nomads.

Water:

Do not drink water from unknown sources. The cook will boil water each day for you to fill up your water bottles but you should also bring water-purification tablets such as Micropur.

CLIMATE

Mongolia enjoys over 260 sunny days a year and experiences very little rainfall. However, summer brings the most precipitation. The country often sits at the center of a high-pressure system, keeping the skies clear most of the year, earning it the nickname "The Land of Blue Skies."

Despite the sunshine, Mongolia experiences an extreme continental climate due to its geographical features: a vast, semi-desert plateau averaging over 1,500 meters in altitude. Summer temperatures can fluctuate wildly, ranging from +3°C to +35°C during the day and from -3°C to +6°C at night.

Recommendations:

- Wear loose, comfortable, and warm clothing (fleece jackets are ideal).
- Bring t-shirts for layering, which allows you to adjust your temperature more easily.
- Always carry full rain protection, as weather can change quickly.

TIPS

If you are happy with the service you receive from your local guides and driver then you may wish to leave a tip. In order to remain consistent with their standard of living, we would recommend something in the region of £50-55.

PACKING LIST

When packing please remember that the region can be cold and it would be wise to bring layers!

Please note that there is a weight limit of 15kg for hold/checked luggage and 5kg for hand luggage (mainly due to the internal flight limitations). Soft bags are preferred as they are easier to fit into the back up vehicle.

Pack carefully and sensibly: the following guide is here to give you an idea of what to bring:

Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays

- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana
- Warm hat for cold nights

Upper body

- Thermals (long or short sleeved)
- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year and the evenings can be particularly cold. No ponchos or anything that can flap around!

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Thermals
- Casual trousers for the evenings, such as jeans or tracksuit bottoms
- Waterproof over trousers

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps as an extra layer against inclement weather. We don't recommend taking your favourite long leather boots in case they get damaged. We would suggest something with a good grippy sole.
- Waterproof shoes/boots can be useful for abundant dew in the mornings or when it rains
- Trainers or equivalent light shoes for moving around in the evenings
- Several pairs of warm, thick socks
- Gloves - your hands are particularly exposed to the sun, cold or rain whilst riding. Waterproof gloves can be particularly useful

Nightwear

- Sleeping bag. You need at least a comfort factor down to minus 5°C, but would recommend at least minus 8 or 10°C (especially outside of July/August). It is possible to request a sleeping bag from the local team (limited availability)
 - Sleeping bag liner - silk, cotton or fleece - adds an extra layer
 - Pyjamas or tracksuits or thermals for sleeping in
- Please remember it can get very cold at night, especially if you are travelling in June/September: pack accordingly.

Other useful items

- Water-purification tablets
- Swimsuit - for swimming/bathing in lakes
- Towels - camping ones will both dry and pack more easily
- Small backpack for accessing items required during the day (carried by support crew)
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night - bring spare batteries and bulbs
- Water bottle (2 litres or 2 x 1 litre)
- Wet Wipes or equivalent (for when washing facilities aren't available)
- Small plastic bags for rubbish
- Ear plugs (for light sleepers)
- Solar charger/powerbank

In your hold luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag. We recommend biodegradable washing products where possible.
- Swiss army knife (or equivalent)

In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

Medical kit

- Micropur tabs
- Sunscreen and lip balm - should be high factor
- Insect repellent, preferably containing deet

- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets
- Water purification tablets
- Antiseptic wipes
- Handwash gel

Our Recommendations

- Soft bags are preferred as they are easier to fit into the back up vehicle.
- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- Tall riders may benefit from taking a pair of long stirrup leathers with them (the local stirrups are adjustable but are sometimes limited in length)
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- Please take your rubbish home with you. There are no recycling facilities in Mongolia, so take your used batteries, aerosols etc back home and dispose of them appropriately. Try to leave excess packaging material at home before travelling
- You may wish to take some photographs or postcards of your home with you to show your hosts. You may also wish to take some crayons, colouring books etc for the children

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
