

## Crossing the High Atlas Mountains

### MOROCCO

This **exhilarating horseback ride in Morocco** takes you on an unrivalled crossing of the High Atlas mountain range. You ride from the South to the North, through the large olive groves of Skoura and the rugged gorges of the Dades Valley to the remote valley of Ait Bougmez, one of Morocco's best kept secrets. See the famous waterfalls of Ouzoud which open out onto the plains of Marrakesh. You will discover the hidden **Morocco on horseback**, that is rich in cultural history, and encounter the Berber communities, some of which are still living nomadic lifestyles.

<b>Trail Riding</b>	<b>15 days (11 riding)</b>	<b>From £1,670</b>

### ITINERARY

## Highlights

- Ride well balanced Barb stallions, on this exclusive and wild trail ride as you traverse contrasting landscapes.
- Make your way through green valleys, canyons gauged out of orange-red rocks and the arid mountains of the High Atlas on your sure footed horse.
- Ride through villages perched on the mountainside and passed old cave-type dwellings.
- Experience good levels of service at the campsites during the ride

## Day 1 — 1 : EUROPE - MARRAKESH

Fly to Marrakesh. You will be met at the airport and transferred to your hotel for the evening. Dinner will be taken at the hotel. If riders all have flights that arrive early into Marrakech, then it is possible that you will be taken directly to Skoura and spend the night in the palm grove instead of in Marrakesh. (Flights not included but can be arranged if you wish)

## Day 2 — 2: SKOURA – AGHBALOU - 4 hours riding

### Moroccan Camp

You will be met in the hotel reception at 7 a.m. for the transfer to Skoura equestrian centre, where the horses are based. This is a journey of approx 246 km, between 4.5 to 5 hours drive through the Tizi n'Tichka. You can expect amazing views across the deep gorges and colourful mountainside. On arrival you will be allocated your horse, and will go on a short introductory ride to settle in the saddle to make sure everyone is happy with their horses before you start your expedition. You will ride across the peaceful olive groves of Skoura and the desert plateau of Ait Saïd Oumanssour.

Camp out this evening with the opportunity to spend your first night under the Moroccan stars. Everyone is required to help at camp: looking after the horses, feeding and watering, and helping setting up your tent. Your meals are cooked over the campfire but a team of talented cooks who always seem to produce the most delicious dishes with the most basic cooking facilities!

## Day 3 — 3: AGHBALOU - AGUERD - 5 hours riding

---

 Moroccan Camp

Today you will ride through the Tamassent plateaus before arriving at Toundoute. Expect to be greeted with a superb view across the valley filled with almond trees. In the afternoon, good canter across a plateau take you to the village of Tiflit before climbing up the steep gorges to camp near the village of Aguerd.

## Day 4 — 4: AGUERD - TAOUJGALT - 5h30 riding

---

 Moroccan Camp

Your ride will take you along the wadi Nait Tounert. All along the wadi, you will encounter villages and cultivated terraces on both sides of the river. After lunch, you will cross desert plateaus before reaching the Azaghar N'Aiguer pass that towers above the valley. You will follow a small path, which brings you to your camp for the night in the beautiful countryside at 1900m.

## Day 5 — 5: TAOUJGALT - AMESKER - 5h30 riding

---

 Moroccan Camp

Today you are riding in the Dades Valley, discovering beautiful Ksour (fortified villages) with their traditional Berber architecture. The view is amazing with the green gardens and the red of the gigantic cliffs. You will camp further up in the Amesker gorge at 2100m.

## Day 6 — 6: AMESKER - AFLAFAL - 6h30 riding

---

 Moroccan Camp

Today you leave the Dades valley to start the ascent to the Tizi N'ait Ahmed pass which is at 3010 m. In the afternoon, descend to M'goun wadi, which crosses beautiful villages with many kasbahs enroute. Tonight you will camp at the bottom of the Aflafal springs at 2300 m.

## Day 7 — 7: AFLAFALE - AIT BOUGMEZ - 5h riding

---

After enjoying the cool waters of the M'goun gorge, you go up to the valley of Oulilimt following small mule tracks to the high mountain pass Tizi N'ait Imi pass (2905 m). You will enjoy the panoramic views of the high central Atlas and the valley of Ait Bougmez before you start the dizzy descent on the North side of the Atlas. You ride down to the inn where you are staying for the evening.

## Day 8 — 8: AIT BOUGMEZ - NO RIDING

---

Today is a rest day - at least, for the horses. You are off hiking in the happy valley- Ait Bouguemez which is at the foot of the austere Jebel M'Goun (4,068 m). You will see fields, irrigated crops, orchards, villages with rustic architecture, everything is pleasing on the eyes. In the afternoon, you will have the choice between resting or going to meet the local community. Back to the inn for the night.

## Day 9 — 9: AIT BOUGMEZ - AIT BOULLI - 5h30 riding

---

Today you will be back on horseback where you will ride between fields and pine forests covering the slopes of the central Atlas. The track will take you to Wadi Ait Abbas. You will walk along the water's edge to the village of Abachkou, passing villages before reaching the green valley of Ait Boulli where you will stay this evening in an inn.

## Day 10 — 10: AIT BOULLI - AIT BLAL - 6h30 riding

---

 Moroccan Camp

A long ride is ahead of you as you follow along the high valleys. You see the terraced farm lands and the superb villages that are perched on the side of the mountain where Berber traditions are rife. In the afternoon you start to descend following a track along the ridge, far from any noise, to the village of Tizi N'Oubadou to set up camp.

## Day 11 — 11: AIT BLAL - LAC AIT TCHOUARIT - 6h riding

---

 Moroccan Camp

Today you descend from village to village to the wadi Lakhdar where it is sometimes possible to swim. After lunch, you follow a narrow path to the Tizi n'Tachante pass with a bird's eye view of Lake Ait Tchouarit, where you will camp at the edge of the lake.

## Day 12 — 12: AIT TCHOUARIT - BOUHRAZENE - 5h riding

---

Always in the heart of the Berber tradition, the ride continues through the hills planted with olive and almond trees following mule tracks to the village of Sgate. In the afternoon, you ride across the plateaus of Wansoure and Bouhrazene.

## Day 13 — 13 : BOUHRAZENE - OUZOUD FALLS - 3h riding

---

Take your last ride on horseback this morning to find the beautiful Ouzoud Falls. In the afternoon you will be given time to settle in to the guest house before you visit the waterfalls on foot.

## Day 14 — OUZOUD FALLS - MARRAKECH - No riding

---

You will be transferred early this morning to Marrakesh (about a 3 hour drive). You will be taken to the hotel and the afternoon is free in Marrakesh where you can visit the souks, the medina, the Majorelle Gardens, and many other curiosities. Marrakesh is a beautiful and vibrant city, and captures the essence of modern Morocco perfectly, while maintaining a traditional, authentic character.

## Day 15 — 15 : MARRAKESH - EUROPE

---

Transfer back to the airport for your flight back to Europe. (Flights not included but can be arranged if you wish)

## EQUESTRIAN INFO

## Horses

---

Barb and Barb cross Arab stallions, which have huge stamina, great will and are forward going yet very biddable. With their small feet, big hearts and fast paces, these horses are ideally suited to this landscape. These horses must be ridden with light hands and very gently into the contact.

Height at the withers: 1.45 m to 1.55 m.

## Minimum riding ability

---

### MINIMUM RIDING ABILITY

---

You should be a capable rider who is happy riding outdoors in all paces. You should be able to control your horse (speed and direction) in walk, trot and canter whilst maintaining a light hand.

If you weigh more than 90kg or are over 1.95m tall then please contact us to enquire about a suitable horse.

### PACE

---

There is a lot of walking on this trail because of the mountainous landscape, however there are opportunities to trot and canter each day where the terrain allows.

Please note that canters are always in single file due to the fact you are riding stallions.

## TACKING ABILITY AND PARTICIPATION

---

You will be expected to assist with grooming, tacking up and untacking your horse each day whilst out on the trail. It would also be appreciated if you could help with camp tasks such as putting up tents or watering and feeding the horses.

## TRIP CONDITIONS AND REQUESTED EXPERIENCE

---

You need to be physically fit for long hours in the saddle in the sun and at high altitudes. The terrain is varied to include steep ascents/descents and there may be holes to avoid. You need to be able to mount and dismount your horse whilst on rocky paths so as to assist your horse during hard climbs and tricky descents - you will likely be asked to dismount and lead your horse on foot.

Temperatures are cooler in the mountains than in Marrakech because of the altitude but it can still be hot and very sunny in summer. Please remember that there is always a level of unpredictability when riding in the mountains and you may experience wind, cold or even storms.

Having previous experience of riding a trail of several days is compulsory on this ride. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough terrain and open spaces. You also need to be fit enough to walk on foot and lead your horse in the mountains.

You will ride across inhabited valleys and cross desert mountains. The support vehicle may not be able to reach you every day, so please make sure to pack your saddlebags sensibly (water, sunscreen, lip balm). On the days where the vehicle can't reach you, a train of pack mules takes over so it is important you bring a soft bag rather than a hard-sided suitcase.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

## EQUESTRIAN EQUIPMENT

---

Forestier trail riding saddles and comfortable tack.

Saddlebags are provided.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

## TRAVEL INFO

### COMFORT

---

In camp: two man tents with mattresses, communal tent for meals, a hot shower and separate toilet tent.

In Marrakesh: a standard hotel in double rooms.

### MEALS

---

A cook travels with you and prepares all of the meals. You will usually have a cold lunch and a hot evening meal when camping. Meals are typical Moroccan cuisine.

One bottle of water is provided per person each day but you may wish to take some micropur or similar purification tablets with you in case you require more than this.

### CLIMATE

---

The Atlas mountains have a typical mountainous climate with cold winters and the rides don't run during the winter months.

During the summer months the mountains offer a good alternative to the heat of the desert or Marrakech. The nights are cool without being cold (9-14c depending on altitude) and the days are usually sunny with temperatures around 25c. In short, the climate is ideal from May to September, with temperatures dropping in March/April and October.

Marrakech has a Mediterranean climate which is usually hot summers and a clear blue sky, with cold winters. The best season to visit this city is Spring/Autumn when the temperatures are pleasant all day (22-30c).

### GUIDE AND LOCAL TEAM

---

You will be guided by local Moroccan's who are familiar with the horses and the landscape. They will be accompanied by grooms. At least one of the guides will speak English but the grooms may only speak French and Arabic.

### TIPS

---

It is customary to tip the local team as a gesture of thanks and we would recommend c. £30 for the week, but you should give what you feel is right.

### PACKING LIST

---

**IMPORTANT:** Please don't take a hard sided suitcase. Your luggage should be soft sided and you should pack it into two bags if it weighs more than 15-20kg so it's easier for the team to transport between camps

#### Head

- Equus Journeys strongly recommend that you wear a riding helmet and that you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

#### Upper body

- Long sleeved shirts provide protection from the sun and dust
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - the rains can be difficult to foresee and it's better to be prepared. Layering is key to cope with the fluctuations in temperature between day and night
- Casual clothes for the evening

#### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening
- Swimsuit

#### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps as long chaps/long boots can get very hot.
- Sandals, flip-flops or trainers for moving around the camp
- Gloves - your hands are particularly exposed to the sun whilst riding

#### Nightwear

- Thermals are a good option for sleeping in, or a t-shirt and shorts for warmer nights
- A woolly hat when camping (nights can be cold)
- Sleeping bag - we recommend a comfort factor of 0°C/-5°C. We also recommend taking a silk or fleece liner for an extra layer

#### Other useful items

- Towel. Camping towels will pack lighter and dry more easily
- Sarong (for going to/from the shower tent)
- Water bottle (1.5 litre or two x 1 litre)
- Hand sanitiser
- Wet wipes for when showers aren't possible
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night
- Toilet paper and small plastic bags for taking rubbish away

#### In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag.
- Small penknife

#### In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

#### Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Rehydration sachets (dioralyte or similar)
- Spare prescription glasses/contact lenses
- Ear plugs, particularly if you are a light sleeper
- Micropur or similar water purification tablets

## Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided and you should pack it into two bags if it weighs more than 15-20kg so it's easier for the team to transport between camps
- Take a second, smaller bag to pack things you may need during the day such as a book or suncream then you can easily access it during the long lunch break. You are not allowed to ride with your backpack but saddlebags are provided.
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

## VISA & HEALTH

### Formalities

---

It is your responsibility to ensure you have the valid visa requirements for entry.

We will endeavour to keep this section up to date, but please visit <https://travel.state.gov/content/passports/en/country/morocco.htm> (US citizens) or <https://www.gov.uk/foreign-travel-advice/morocco/entry-requirements> (UK citizens) for further information.

To enter Morocco, a passport valid for the duration of your stay is required by all British, American, Canadian and EU nationals. However, the Moroccan Consulate General in London advise that your passport should be valid for at least 3 months on your date of entry to Morocco. If your passport does not meet this requirement you may face difficulties and you should check with the Moroccan authorities and your travel provider before travelling.

#### Passport note:

You should ensure that your passport is stamped when you enter the country. Some tourists have experienced difficulties leaving the country because their passport bears no entry stamp. Your passport should be valid for the proposed duration of your stay in Morocco. No additional period of validity beyond this is required.

#### Visas

Visas are not required by British, American, Canadian and EU nationals for stays in Morocco of up to three months.

### Health

---

There are no legal requirements regarding vaccinations. Still, it's a good thing to get your vaccinations in order before travelling to Morocco. The general vaccination against Diphtheria, Tetanus and Polio (DTP) is recommended. Also both hepatitis A as well as typhoid would be recommended. Malaria is very rare and present only in a few remote areas. Don't underestimate this tropical disease and take precautions. Buy repellent (preferably with 50% DEET), and sleep under a net.

## Insurance

---

It is a condition of your booking with Equus Journeys that you have travel insurance which covers you for the riding activities to be undertaken. Your travel insurance should cover you for medical expenses and repatriation. Your guides will require your travel insurance details before they allow you to ride and may refuse to let you ride if you cannot provide them. You should take your insurance documents with you.

## Voltage

---

127/220 volts AC, 50Hz, depending on age and location of building. Plugs usually have two round pins or the standard three pin UK.

## Budget and money

---

The official currency is the Moroccan Dirham (MAD). One dirham is equivalent with 100 santimat (singular: santim).

- Banknotes 10, 20, 50, 100, 200 dirham
- Coins 1, 5, 10, 20 santimat; ½, 1, 2, 5, and 10 dirham

## Telephone and jetlag

---

The telephone dialling code is +212.

Roaming agreements exist with international mobile phone companies. Coverage is good in towns and cities, and across the west of Morocco, but a little more erratic east and further south.

Time zone: GMT
