EQUESTRIAN INFO

Horses

The horses are mostly pure bred Marwari horses. They vary in size from 14.2 to 16 hands. They are warm bloods and need to be ridden more with the seat. We do not ride on the mouth as one would ride a thoroughbred. We sit deep almost western style and use the reins very lightly. The horses generally have a soft mouth. The Marwari's extraordinary beauty, arched ears and fiery look adds to their charm.

Guide & local team

Who better to lead you than a direct descendant of the House of Ghanerao, a man who can give you the history with anecdotes of the country, offering an experience that is highly personalized and specialized. His passion for nature and conservation of the environment gives a lot of material for exciting stories.

Khem is personally known and related to most of your hosts at the heritage hotels ensuring you are well looked after. He is also a keen naturalist, and can help you identify various species of flora, fauna and avifauna that you may encounter.

A keen sportsman and excellent rider - he has helped to train horses for Polo and now plays golf between Safaris. Khem - a committed bachelor, is a well travelled man and a world citizen, greatly committed to the conservation of the fragile ecology of our planet. All in all, the man most qualified to lead you on your adventure from the plains of Marwar to the hills of Mewar.

Minimum riding ability

MINIMUM RIDING ABILITY

You need to be a competent rider, capable and in control in all paces in open spaces. You must be able to rise to the trot and canter in a forward seat. Please note there is a rider weight limit of 85kgs / 187lbs / 13.3st.

PACE

There are long periods of walking, some fast and regular trots and numerous gallops when the terrain allows it.

TACKING ABILITY AND PARTICIPATION

A team of grooms will feed, care for and saddle your horses. You can help with untacking if you wish, but this is not expected.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You should be at ease at all paces. Having previous experience of a trail ride of several days would be an advantage but it is not compulsory. It is of particular importance to ensure you are comfortable and balanced when riding at speed across rough and open spaces.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life.

EQUESTRIAN EQUIPMENT

The saddles are steel arch cavalry. They are made of leather fitted on a steel frame and the advantage is that they do not sit on the withers of the horse. This way you ride a natural deep seat and it is beneficial for the horse on long rides.

We recommend a seat saver be taken with you and the grooms will happily put it in place.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

You will stay in luxurious or more simple countryside palaces which belong to Jodhpur or Udaipur Maharajas families or to a local civil servant. Some offer swimming pool facilities which are very pleasant when it's hot. You will stay overnight in a double room with private bathroom.

MEALS

Hotels: On most hotel nights a choice of meals will be available. Breakfast will be a choice of various fruits, cereals, toast and some cooked items too.

Contrary to popular belief, not all Hindus are vegetarians and strict vegetarianism is limited to the south. However, you are unlikely to be served beef steak as the cow is sacred. You can expect to eat either goat or chicken. Alcoholic drinks such as beer and wine are available at most hotels.

Water: Take care and do not drink water unless it is out of a bottle. You will be given complimentary mineral water during the ride, but at the hotels you will need to purchase your own.

CLIMATE

Rajasthan has a hot dry climate. The monsoon is from June to September during which it is particularly hot. Rain outside the monsoon months is unlikely.

The rides are scheduled for the cooler months and at this time the maximum temperature would be around 24°C during the day. Please be mindful that evenings can be cool (c. 5°C) and you should bring a warm sweater and be prepared for a chilly morning just in case there is a snow fall in the Himalayas as the temperature does drop suddenly at times.

TIPS

Tipping is popular in India and it is customary to tip not only your team (guide, cook etc) but also staff in hotels and restaurants. You may find it useful to create a communal tipping "pool" at the start of the trip so that the group tip as a whole. Budget for c. £40-50 per person in total. However, tipping is not an obligation and so this is left to your discretion.

Be careful not to tip too much, as being overly generous can affect the general standard of living and destabilise the local economy. If children earn more money than their fathers by begging or asking for money for photos then this can create major distortions within the family.

PACKING LIST

Please pack in accordance with local religious and traditional cultures - it is important to keep your shoulders and knees covered when meeting local populations. Please do not wear shorts or strappy tops in towns and villages. It is advisable to wear long sleeves and knee-length skirts or trousers when visiting temples or other religious places. You will also require some smart casual clothes for your hotel nights.

Please note that baggage allowance on Air India (domestic flights) is 25kgs in checked bags and 7 kgs for carry-ons.

Head

- Riding helmet -- please take your own to ensure a correct fit
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Wooly hat
- Buff or Bandana to protect against sand, sun and dust

Upper body

- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- A light waterproof jacket

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Casual trousers for the evenings.
- Swimsuit to enjoy the swimming pool of the hotels

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Trainers or equivalent light shoes for the evenings
- Socks
- Gloves - your hands are particularly exposed to the sun

Our Recommendations

- Please don't take a hard sided suitcase. Your luggage should be soft sided with a capacity of about 80 litres. We recommend taking a backpack or similar.
- Backpacks should not be worn whilst riding.
- We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc) and whilst riding.
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride.
- All riders may benefit from taking a pair of long stirrup leathers with them (the local stirrups are adjustable but are sometimes limited in length)

Other useful items

- Towels - camping ones will both dry and pack more easily
- Small backpack 25-30 liters
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Headtorch or small torch for moving around camp at night - bring spare batteries and bulbs
- Water bottle (2 litres or 2 x 1 litre)
- Swiss army knife
- Wet wipes or equivalent (for when washing facilities aren't available)
- Toilet paper and a lighter to burn it with
- Small plastic bags for rubbish

- Ear plugs (for light sleepers)

In your hold luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag. We recommend biodegradable washing products where possible.
- Swiss army knife (or equivalent)

In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Travelling in your riding boots and carrying your hat and some riding clothes is highly recommended - then if your luggage goes astray you are still able to ride!

Medical kit

- Any medication you regularly take
- Sunscreen and lip balm - should be high factor
- Insect repellent, preferably containing deet
- Blister plasters in case of any rubs

- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Re-hydration sachets
- Water purification tablets
- Antiseptic wipes
- Handwash gel

Miscellaneous

- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- Please take your rubbish home with you. There are no recycling facilities in Rajasthan, so take your used batteries, aerosols etc back home and dispose of them appropriately. Try to leave excess packaging material at home before travelling
- You may wish to take some photographs or postcards of your home with you to show your hosts. You may also wish to take some crayons, colouring books etc for the children
- If you prefer travelling in a "light way" please choose a biodegradable soap or washing powder/liquid.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
