- Enjoy a canter along the white beaches of the Mediterranean Sea
- Embrace the Camargue culture and taste the traditional, home-made cuisine
- Embark on an adventure and ride between land and sea

## Day 1 — 1 : EUROPE - MAS CAMARGUAIS - 2 hours riding

You are expected at 2.00 pm at the Equestrian farm near Saintes-Maries-de-la-Mer, where you will be greeted by your guide and taken for a coffee where you will meet your fellow travellers and prepare for your first day's ride. (Transfers are possible from the local airports, please see "dates and prices".)

After meeting your horse, you will start your ride in the traditional setting of the Camarguaise countryside. Discover the beautiful scenery before returning to the farmhouse in the afternoon.

Please note: Dinner is not included tonight. Renting a car would be a good idea on this ride, so you can make the most of your free time. We recommend exploring the surrounding areas of Stes Maries de la Mer and Aigues Mortes and discover the many interesting individual features they have to offer.

## Day 2 — 2 : MAS- CACHAREL- AUBANEL- MAS - 5 hours riding

After breakfast, you will start your ride in Cacharel before carrying on to Stes Maries de la Mer. Here, you will ride past the famous l'Etang de Gines and the Launes - an excellent spot for bird watching. Enjoy a well-deserved break and lunch at Bouvau d'Aubanel before ending your day with a ride along a beautiful open beach. The horses are loaded into a lorry and you return to the Mas for your dinner.

## Day 3 — 3 : MAS CAMARGUAIS - 2 hours riding

Wake up in the countryside, in the beautiful traditional farmhouse called the "Mas". A quick breakfast before beginning your day's ride through the local region. Plunge into the heart of the reed beds, a marsh-like land, and discover the last of the reed cutters in Camargue. Ride past the traditional camarguaise huts where the gardians live their days (gardians are Camargue herders) and see them herding the Manades, a semi-feral group of Camargue cattle and horses. After a busy morning of discovering the local culture, return to Mas for some lunch and use your free time to explore the local surroundings of Stes Maries de la Mer and Aigues Mortes (today a free transfer is available).

## Day 4 — 4 : LE GRAND RADEAU- MAS - 5 hours riding

Today you will start your trail ride on the banks of the Petit Rhône. After some time in the saddle, you will cross the river with your horses on the "Bac du Sauvage", a small ferry that connects the two banks. Guided by the captain's commentary, you will observe wildlife and vegetation and have the opportunity to take some beautiful photos of the fascinating Camargue. The Camargue is home to more than 400 species of birds, and provides a habitat for the brightly coloured flamingo that you may see along the way. Take in the breathtaking scenery with a delicious picnic on the beach where you can enjoy a cool down in the fresh waters, leaving your horses to have a well-deserved break. Back on board, you will ride back to the Mas where an aperitif and locally cooked dinner will be waiting for you.

## Day 5 — 5 : MAS – STES MARIES DE LA MER - 3 hours riding

Today half-day ride takes you to a "manade" (cattle business) - you will ride across soft tracks until you reach the manade, where the owner will show you his herd of Camargue bulls and demonstrate the tricks of ranch sorting.

Back to the Mas for lunch and departure in the early afternoon. Spending the night is possible at an extra cost (see "dates and prices").

## CLIMATE

Temperatures in the Camargue vary throughout the year, typically ranging from 3°C in winter to around 30°C in summer. Winters are mild but can feel chilly due to the mistral – a strong, dry wind from the north that sweeps through the region, especially from November to March. Summers are hot and dry, with July and August being the warmest months.

Rainfall is fairly well distributed across the year, though the heaviest rains tend to fall in autumn, especially in October. Spring sees a mix of sunny days and occasional showers, with April often bringing unpredictable weather.

Worth noting: the wetlands of the Camargue are known for the mosquitoes, especially from spring to summer. We recommend bringing insect repellent.

## TIPS

In France it is customary to tip - usually this is by rounding up the price when you are satisfied with the service in a restaurant. You may wish to leave a tip with the guide who can split it amongst all members of the team - this is not obligatory and is entirely at your discretion.

## PACKING LIST

The information provided is general and should be adapted to the season in which you are travelling, specifically concerning the necessity of Goretex waterproofs.

Worth noting: the wetlands of the Camargue are known for the mosquitoes, especially from spring to summer. We recommend bringing insect repellent.

### Head

- A riding helmet is strongly recommended and often compulsory. We recommend that you take your own to ensure a correct fit. Helmet makers (GPA, HKM, LAS Helmets, Lamicell, Troxel, Equithème) now offer horse-riding helmets that are ventilated, strong, light and comfortable.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun, wind or rain
- Warm hat for cold evenings/days

### Upper body

- Lightweight fleece or jumper
- Waterproof jacket (made from Goretex or equivalent) and/ or (depending on the season) a waterproof vest that covers you thighs. No ponchos!!

### Legs

- 2 pairs of lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Waterproof over trousers (made from Goretex or equivalent), especially if you don't have a long waterproof coat
- Casual clothes for the evenings (jeans or walking trousers)
- A swimming costume may be useful for impromptu dips in the lake
- Non-irritant cotton or synthetic underwear

- A soothing cream may be useful to treat areas irritated by long hours in the saddle
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hold luggage: any liquids, such as shampoo, moisturiser, deodorant over 100 ml and all bottles can be decanted into small, clear, plastic Ziplock bags. We recommend biodegradable washing products where possible.
- In your hand luggage carry any valuables, such as your camera, ipod, ipad etc.

## SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
