### ITINERARY

## Highlights

- Discover the beautiful scenery of the Welsh Countryside on horse-back, perfect for long canterers
- Excellent off-road trekking in one of the most scenic regions of Wales
- Enjoy typical Welsh hospitality and stay in traditional bed and breakfasts

## Day 1 — 1 : EUROPE - HEREFORD - BUILTH WELLS - 5-6 hours riding

Arrival at 8.30am at the stables on the border between Herefordshire and Wales. If required, you may arrive a day early and we can help organise accommodation. We recommend international travellers to arrive in London or Birmingham and rent a car or take a train to Hereford, where a taxi can be arranged.

Start your day by meeting your guide and fellow riders, before being partnered with your horse for the week. Prepare your saddle bags and get ready for your first day on the trail. Today is a full day in the saddle exploring the open tracks of the Begwns. Here, you will ride past the 'Roundabout,' an unusual landmark built in the 19th Century to honour Queen Victoria's Diamond Jubilee. A picnic lunch before you cross up and over Rhulen and Aberedw Hill to arrive at the horse's accommodation for the night. Feed and untack before a short taxi ride into the agricultural town of Builth Wells, where you will spend the night at a local bed and breakfast. Dinner will be at 7pm where you will dine in one of the local restaurants in town.

## Day 2 — 2 : BUILTH WELLS - OLD RADNOR - 5-6 hours riding

A delicious Welsh breakfast to start your morning. After a short drive to where your horses are staying, you will feed, groom and prepare them for their big day ahead. Another full-day's trail where you will ride down and through Aberedw Hill into the hamlet of Hundred House. Here, you will find what was once regarded as a strategic location, built by both the Romans and Normans in the first century AD. Your horses take you up Gwaunceste Hill where you can enjoy a fabulous panoramic view. Pass the remains of Black Yalt, an old but famous farmhouse that was built in the 18th century, and later blown to feature in a film about the second World War. Ride down the the winding country lanes to Old Radnor, where you will stay for the night.

## Day 3 — 3 : OLD RADNOR - NEWCHURCH - PAINSCASTLE - 5-6 hours riding

An early morning wake up, and time to catch, feed and prepare your horse for the day ahead. Start the steep climb up onto the spectacular Hergest Ridge. Discover the paces of your horse and enjoy a canter around an abandoned racecourse at the very top of the ridge. Race around the tracks of this racecourse that dates back to the Victorian era. It held regular events until around 1880. After an exciting morning in the saddle, ride through the Parish of Gladestry and follow the quiet country lanes to join a part of Offa's Dyke path across Disgwylfa hill where you will pass through the village of Newchurch. Take in the breathtaking views atop Newchurch hill and Bryngwyn hill before heading to your overnight accommodation in a local inn in the village of Painscastle. Enjoy a night of relaxation and here the history of the most brutal battle in all of Welsh history, the battle of Painscastle in 1198.

## Day 4 — 4 : PAINSCASTLE – BEGWNS - CLYRO - 5-6 hours riding

One last Welsh breakfast before preparing your horse for the last day of the trail. Enjoy the beautiful colours of the rugged moorland of Llanbedr Hill, where you can take in the spectacular views of the Black Mountains. Spot Pen-y-fan, the highest peak in South Wales. Travel the length of Landeilo hill where you will pass the mysterious grave of Twm Tobacco. At the top, you can look down into the hamlet of Aberedw, where the last Prince of Wales- Prince Llewelyn- once took refuge, when hiding from the English in the early 13th century. Your final afternoon will be enjoyed with exhilarating canters on the Begwms. Make the most of the last few moments with your horse with a relaxing walk down the country lanes. A slice of cake to end a great holiday on a high, before saying a final farewell to your horse and the team at before heading home.

The horses are a mixture of well bred, hardy breeds that are native to the UK. They are a herd of extremely fit, friendly and forward going trail horses and ponies. The mixture of terrain means a varied riding pace each day – there will be lots of trotting to cover the distance and canters wherever the terrain allows. There will be points where it is necessary to dismount and walk on foot with your horse, such as steep downhill tracks which may be loose underfoot. On the final day of the trail, you can enjoy exhilarating canters on the sand.

### TACKING ABILITY AND PARTICIPATION

You are required to groom, tack and untack your own horse during the week. You are also welcome to help with feeding and watering the horses if you wish.

### TRIP CONDITIONS AND REQUESTED EXPERIENCE

You will be in the saddle for long hours each day, so riders must have a good level of current riding fitness. You must be physically fit enough to enjoy long trots and long days in the saddle on this riding expedition.

A back up vehicle will carry your luggage from one place to the next.

### EQUESTRIAN EQUIPMENT

Each horse has its own individually fitted English tack, customised and fitted professionally to each horse. All horses are ridden in simple snaffle bits.
