ITINERARY

Highlights

- Discover the beauty of the east coast and the Pangalanes Canal as you ride across beaches on the Indian Ocean's shore
- Camp in the heart of this magnificent island and embrace the local way of life in the country's more remote areas
- Experience the warm welcome and array of emotions that will greet you as you pass through villages where locals will, due to the relatively recent introduction of horses to their island, still find you something of curiosity!
- No trip to Madagascar would be complete without an introduction to the Lemurs, on a private Lemur reserve. Unique to the island, spend some time interacting with these incredible species

Day 1 — 1 : EUROPE - ANTANANARIVO

On your arrival into Antananarivo airport, you will be met by your guide from the local team and taken to your hotel to settle in for the evening.

Flights are not included but we can assist with this on request.

Day 2 — 2 : ANTANANARIVO - ANDASIBE - No riding

After a good night's rest you will take the road east (3 hours by car) and head to Moramanga where you will stop off for a brief rest and a hearty lunch before checking into Feon'ny Ala Hotel (or similar). The hotel is situated on the edge of a dense forest, a stones throw away from the Vakona Lodge reserve. Here you will have your first encounter with the famous species that are unique to the island- the lemur. Overnight at the hotel.

Day 3 — 3 : ANDASIBE - PANGALANE - AMBILA - 3 hours riding

After breakfast you will be driven to meet the team of horses that will be patiently waiting for you at Brickaville, a town found at the end of Route Nationale n° 2. The route slaloms its way down the cliff sides leading towards the east coast of the island. You will have your lunch at Brickaville before getting back in the saddle and heading out along a back path to reach the ferry crossing to the Pangalanes Canal. Here, you will see the the most spectacular view across the Indian Ocean- a picture that will no doubt be imprinted in your memories forever.

You will experience a true adrenaline rush as you cross the open iron railway arch bridge consisting of 2 rails and no parapet, 20 metres above the canal waters. The crossing is well worth it, as on the other side you will find the stunning Ambila beaches, bathed in blue Indian Ocean waves, right at your feet. You will spend the night wild camping against the unforgettable backdrop of the shores of the ocean at Ambila.

Overnight at camp.

Day 4 — 4 : AMBILA - 4-5 hours riding

Today's ride will expose you to another side of the Madagascan landscape as you ride through the sand dunes between the Canal and the Ocean, crossing an idyllic lagoon, on horseback, and riding through lush subtropical forest along sublime riding trails. Following unforgettable gallops towards the Rianala River estuary and the Indian Ocean, Andovoranto - with the air of being at the ends of the earth - will be waiting to welcome you.

Before having lunch in the restaurant Les Cocotiers, you will have a chance to take in the view (and maybe a few photos!) of this magical spot where the ocean and gentle waters of the river meet. If time allows, the more courageous riders may be tempted to take a swim with their horses in the placid waters of the Pangalanes Canal lagoon; here and there, the gushing water from the thermal springs will bubble up to warm your legs and offer a veritable 'natural spa treatment'.

You will wild camp once more at Ambila.

Day 5 — 5 : AMBILA - VAVONY - AMBILA - 5-6 hours riding

Today, you will ride north, along a seemingly never-ending, picturesque path flanked by forest and well-suited to a fast pace. Enjoy the temperate heat as you ride the tracks from Tana-Côte-Est station to the beach. On your arrival at Vavony, a fishing village on the banks of Rasoabe Lake, water spirits allowing, you will gallop along the riverbanks through the shallow's foam and spray. You will return to the village of Ambila riding across the beach to a late lunch before enjoying a range of activities in the sand - jumping the wooden canoes, riding into the waves, swimming and vegging out!

Overnight in a hotel.

Day 6 — 6 : AMBILA - 4-5 HOURS RIDING

You get back to Vavony from Lake Rasoabe to find the horses later in the morning. You ride back to Ambila, following the coastline. In the afternoon, enjoy an excursion in a traditional pirogue to discover the beautiful Pangalanes Canal differently. When you get closer to the stables, you're in for a chance to swim with the horses. In the afternoon, you are greeted by the local children as you head back to Camp.

Dinner and camping at Ambila.

Day 7 — 7 : AMBILA - BRICKAVILLE - ANTANANARIVO - 3 hours riding / 6-7h transfer

After breakfast, your ride will start with you once more crossing the Pangalanes Canal. The horses will push forward, energised by the past 4 days spent in the sea air. You will enjoy a fast-paced and varied ride and make the most of your last gallops through this unique and beautiful countryside.

You will say your goodbyes to the horses and be driven to Antananarivo, having lunch en route. You will spend the night in a comfortable guesthouse in Antananarivo.

Day 8 — 8 : ANTANANARIVO

Today, you will enjoy some free time and a free day to explore the capital city of Antananarivo, often simply called Tana. Here, you will have a chance to visit the city's craft market, be immersed in the fragrance of the local Madagascan vanilla, try the rum and discover the local ambiance and maybe chat to a few locals!

You will then be taken to the airport to catch your flight back to the Europe.

Day 9 — 9 : ANTANANARIVO - EUROPE

Arrive into the Europe.

EQUESTRIAN INFO

Horses

You will be riding geldings and stallions from local farms, and also from Mauritius and South Africa. These large horses are all in excellent condition, docile, patient and are well adapted to long days riding. They are 1,40 cm to 1,70 cm high.

Minimum riding ability

MINIMUM RIDING ABILITY

This ride is suited to experienced and seasoned riders, at ease in the saddle at all three paces outdoors on varied and uneven terrain. Certain of the horses are livelier than others and best ridden by experienced riders, however the herds also include mounts that are perfectly suited for riders of a more intermediate level.

Rider weight limit: 90 kg / 14,2 stones / 198 lbs.

PACE

The base pace of the ride is a walking pace, the terrain will regularly allow for long stretches of trotting as well as some unforgettable gallops. You will experience some long very rhythmic stages.

TACKING ABILITY AND PARTICIPATION

A team of grooms take care of the horses throughout the ride. They will also tack and untack your horses at the beginning and end of each day's ride, however if you wish to work alongside them in caring for the horses, you are more than welcome!

TRIP CONDITIONS AND REQUESTED EXPERIENCE

In order to get the most out of this expedition, you need to be in good all-round physical condition. The temperature during the day can reach highs of up to 30°C in May and November, so you must be prepared to ride in hotter weather than perhaps you are used to all whilst spending long days in the saddle.

Previous experience of a ride over several days is a plus but is not obligatory. On embarking on this adventure to Madagascar, you will meet people from a different culture with a different mindset to your own, you must be ready to accept and respect any differences you encounter.

EQUESTRIAN EQUIPMENT

English tack

Saddle bags are provided

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

Your nights camping will be spent in 3-man tents shared between 2 riders. A shower and toilet tent will also be set up for the camp.

For your remaining nights, you will stay in 2* standard hotels in double rooms with private bathrooms.

MEALS

Your meals will be had around a camp fire in comfortable chairs. During your lunchtime picnics and dinners, you will enjoy varied and quality Madagascan cuisine.

CLIMATE

The area surrounding Antananarivo has a high altitude tropical climate. Although Madagascar is situated in an intertropical zone, the yearly average temperature is moderated by the effects of the altitude. The climate is marked by its cool and dry winters, from May to October, and mild, rainy summers, from November to April. During the cooler seasons, the temperature rarely falls below 10 °C and in the hot season, it rarely tops 30 °C.

Frosts are rare but not completely unheard of; during June, the morning temperature can drop to 1°C. Days when the sun doesn't make an appearance are equally as rare - less than ten sunless days per year!

GUIDE AND LOCAL TEAM

Your guide will be local to the area and Malagasy, French and English speaking.

TIPS

Tipping is customary in Madagascar, especially within the tourism industry. Any tip you leave will be split between the porters at the airport and in your accommodation, your waiters/, the grooms, drivers and camp helpers, the cook and their assistant.

An acceptable tip would be around 20000 Ariary (£4 - £6) each day for the driver and for the guide. For the porters, waiters/ waitresses and other staff 2000 to 10000 Ariary (£0.5 - £3) per worker. These amounts are just a suggestion and any tips left are at your own discretion.

Helmet makers (GPA, HKM, LAS Helmets, Lamicell, Troxel, Equithème) now offer horse-riding helmets that are ventilated, strong, light and comfortable. You also have the option of buying protective shells to go under your hats (Ranch & Rider, Lexington Safety Products) or western hat helmets (Troxel).

- Backpacks cannot be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lip balm etc)

- If you wish to travel 'light' and wash your clothes throughout the ride, please bring with you laundry detergent that is biodegradable
- All waste that could be considered toxic (batteries, aerosols, batteries, empty cream tubes, film) needs to be kept with you and transported back home, where recycling is done well and efficiently. Avoid, wherever possible, to bring with you unnecessary packaging
