## The Canyon trail - Utah

### UNITED STATES

Want to enjoy the **beautiful scenery of the Colorado plateau** without sacrificing levels of comfort to a camping trip? Then this is the perfect riding holiday for you! You will stay at one of the many comfortable hotels in the small town of Torrey, in Utah, and explore different areas in the saddle every day. Every week is different and there is no set itinerary, with the possibility to explore Capitol Reef National Park, Dixie National Forest and Fish Lake National Forest depending on your chosen week. During warmer weather or fall foliage, excursions to the pristine lakes and alpine meadows of **Fish Lake or Dixie National Forest** become part of the itinerary. All of these trails are mostly ungroomed and pioneered by herdsman, Natives and Outlaws, making this a real **remote, off-the-beaten track western adventure**.

## Day 1 — 1: Home - Torrey

International overnight flight to Saint George, Utah (flights are not included, but can be booked upon request). Self drive or transfer to Torrey, Utah. You will meet with the trip leader and interpretative specialist at around 7pm at your accommodation for orientation, outline destinations, and further details.

Overnight at the hotel. Dinner is not included.

Please note that each week is different and riders can explore different areas depending on their time of travel. Early trips highlight high desert environment and canyon riding, while June, July and August highlight the surrounding mountains, taking in elevations up to 10,000 feet and offering panoramic views of the lower canyons and Capitol Reef National Park. The following itinerary is given for informative purposes only.

Note: Transfers are not included but can be arranged, please check the “dates and prices” section to know more.

## Day 2 — 2: Introductory Ride - 4-6 hours riding

After a lovely breakfast, the guides will meet you at the accommodation. Depart for a short vehicle ride to meet the remainder of the crew and the horse.

After becoming familiar with your assigned horse, start the ride at Sand Creek trail going towards the Mummy cliffs and Fremont river. After that you can either head to Hell’s Hole and Paradise overlook, or ride along Pleasant creek, as you pass through Waterpocket Fold in Capitos reef national park. You should keep in mind that this is only an indication on what can be seen on your holiday, as every week is different. As a general rule, the rides explore higher environs (to 11,500 ft.) during mid-summer and lower elevations (to 3,900 ft.) earlier or later in the season. Depending on your chosen week, you will either explore Capitol Reef National Park, Dixie National Forest and Fish Lake National Forest.

Enjoy dinner at a local restaurant before spending the night back at the hotel.

### Day 3 — 3: Capitol Reef National Park - 4-6 hours riding

Today, you might visit Sulfur Creek which flows through a deep, narrow canyon in Capitol Reef national park and the Goosenecks. Here you will be able to see one of the most striking examples of an entrenched river.

In the afternoon, ride through the Keller trail to the Capitol reef overlook on Chokecherry Point. If you are lucky you might spot some local bird species, like the black billed magpie, or the pinion jay.

At the end of the day, return to the Inn and enjoy dinner at a local restaurant.

### Day 4 — 4: The Great Western Trail - 4-6 hours riding

Perhaps today you will make your way to the Great Western trail – a very popular trail system that connects Canada to Mexico going through multiple American states.

Ride to the Meeks lake, along this area you will see beautiful Aspen trees and there’s a high chance to spot deer.

Return to the accommodation where you have plenty of time to relax before heading out for dinner.

### Day 5 — 5: Pleasant Creek - 4-6 hours riding

After breakfast, get ready for another day in the saddle . Today’s itinerary might take you for a ride along Pleasant creek – a stream that has cut a deep scenic canyon through the heart of Capitol Reef.

Observe ancient petro glyphs and historical inscriptions on steep canyon walls.

Get back to the Inn and enjoy your last dinner out.

- Riding helmet
- Sunhat for when not riding

- Long sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year and the evenings can be particularly cold
- Swimming costume - for swimming/bathing in rivers/hot springs

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Thermals
- Casual trousers for the evenings, such as jeans or tracksuit bottoms
- Waterproof over trousers may be useful

### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps as an extra layer against inclement weather. We don't recommend taking your favourite long leather boots in case they get damaged
- Waterproof shoes/boots can be useful for abundant dew in the mornings or when it rains
- Trainers or equivalent light shoes for moving around the camp in the evenings

#### Our Recommendations

- Backpacks cannot be worn whilst riding. We recommend a small bum bag or a coat with pockets so that you can carry small items with you during the day (passport, camera, sunscreen, lipbalm etc)
- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- We recommend taking a copy of your passport and insurance documents with you in case you lose your originals
- In your hold luggage put any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag. We recommend biodegradable washing products where possible.
- In your hand luggage place any valuables, such as your camera, ipod, ipad etc.

### SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
