EQUESTRIAN INFO

Horses

The majority of trail horses have competition experience. There are Connemara ponies, Irish Sport Horses, Irish Draughts, and Irish Cobs, all with good temperaments and stamina which make them ideal for the trails.

Their sizes range from 13.2hh to 16hh.

Guide & local team

The base for the Clew Bay Trail Ride is at Drummindoo Stud. This family business was founded by Paddy Joe and Patsy Foy in 1963. Some stallions that have resided here include the famous Connemara "Carna Dun", the Thoroughbred "Fast Frigate" and the Irish Draught "Shuttlecock" to name but a few. Initially horses were bred, produced and sold worldwide. In 1979 they started to offer horse riding. The farm has been developed over time from a small stud to a modern equestrian facility.
Padraic Foy now leads the trails himself and his a competent, compassionate horseman, and a certified Monty Roberts instructors. When he is not riding on the trail Padraic is busy training horses and people as well as offering Horsemanship Courses and Clinics in Monty's Methods.

MINIMUM RIDING ABILITY

This is a progressive ride and the pace depends on the terrain and weather. There are some opportunities to trot and canter along the way, but overall this is a moderately paced holiday, with a focus on the scenery and culture – with a fun canter down the beach!

TACKING ABILITY AND PARTICIPATION

You are welcome to help groom and tack/untack the horses.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You should be reasonably fit to cope with the long hours of the saddle. Riders who do not ride regularly should get back in the saddle before joining this holiday.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
