EQUESTRIAN INFO

Horses

The horses are a mixture of Hungarian warmbloods, sport horses, Furioso (from English Thoroughbreds) and Kisberi. They are very forward going, balanced and well trained. They are all in great condition and have very healthy, hard hooves, allowing them to be ridden barefoot.

Guide & local team

Your guide, Maja, is from Budapest and speaks good English. She left the formality of riding schools in the city for the wide open landscapes of the

plains for unbridled gallops!

Minimum riding ability

MINIMUM RIDING ABILITY

This ride is open to intermediate and advanced riders, capable of cantering and galloping in balance across open terrain in a group whilst maintaining full control of your horse.

- Rider weight limit: 85 kg/187 lbs/13.3 st. Riders over 85 kg can sometimes be accommodated on request. They must be excellent riders with a light seat (please contact us before booking).

PACE

There are lots of opportunities for longer trots/canters and gallops across the open plains where the going is a mixture of sandy tracks and grassy meadows. There can be some long periods of canter.

TACKING ABILITY AND PARTICIPATION

Guests can help groom and tack, although this is not expected. You can also assist with feeding and watering if you wish.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You need to be fit and in good physical condition.

EQUESTRIAN EQUIPMENT

English tack only.

Saddlebags and seat savers are not provided.

We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit

TRAVEL INFO

The southern plains have a continental climate with strong differences between the harsh winters and hot, dry summers. It can be humid in May/June with thunderstorms. Maximum temperatures are around 26c in summer and 1c in winter, although it can reach 30c in July/August.

TIPS

It is customary to tip 10% in restaurants and to taxi drivers. You may wish to leave a tip with the guide who can split it amongst all members of the team - this is not obligatory and is entirely at your discretion (we recommend €20-30 per person, split between the team)

Our Recommendations

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- You should also bring a copy of your passport/insurance in case you lose your documents. You can also save a copy into your mobile phone.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
