### CLIMATE

---

Cape Town has a long summer from November to March, a season with 11 or more hours of sunshine every day. The average summer temperature is 24.3 degrees Centigrade, with January and February temperatures averaging 26 degrees Centigrade. February is the driest as well as the hottest month of the year. Strong winds occur during November and early December. Temperatures may rise above 30 degrees in these months (for part of the day).

Spring (September/October) and autumn (April/May) are beautiful seasons in the Cape when nature is at its showiest!

Cape Town's winters (June to August) can be stormy and wet. June is the wettest month of the year and light snow can fall on the higher Cape mountains. The average winter temperature is between 7 and 20 degrees Centigrade however it's not uncommon to enjoy a beautiful week of

sunshine in winter.

## TIPS

## PACKING LIST

### Head

- Hard hats are compulsory and we recommend you take your own to ensure a correct fit.
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana

### Upper body

- Long sleeved shirts provide protection from the sun
- T-shirts
- Fleece, jumper or jacket - the evenings can be cold
- Waterproof jacket - all year round, but particularly during the winter months (May - September) when there can be rain or thunderstorms
- Casual clothes for the evening
- You may wish to take something slightly smarter for some of the restaurants but this is not expected

### Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Shorts for lazy lunchtimes
- Casual clothes for the evening

### Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps. We don't recommend taking your favourite long leather boots in case they get damaged (and because they can be very hot!)
- Sandals, flip-flops or trainers for when not riding
- Gloves - your hands are particularly exposed to the sun whilst riding

### Nightwear

#### Our Recommendations

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!

#### Other useful items

- Swimsuit
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding

#### In your luggage

- Any liquids, such as shampoo, moisturiser, deodorant unless they are less than 100ml and all bottles can fit in a small, clear, plastic ziplock bag

#### In your hand luggage

- Any valuables, such as your camera, ipod, ipad etc.
- Your riding hat

#### Medical kit

- Sunscreen and lip balm - must be high factor
- Insect repellent, preferably containing deet
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
