Day 2 — 2: Forests & Vultures - 2-3h riding

 Iva's farm

Today you will set off on a morning trail to the forest that surrounds the village. You will return to the farm for lunch and later drive towards a nearby

lake, which also happens to be a griffon vulture observation spot. If there are no vultures around, you will be taken to the ancient village of Stitkovo. Here you will have the opportunity to visit a church and an ancient cave before returning to the farm.

Dinner and overnight at Ziva’s farm.

Day 3 — 3: Zlatar Lake & Hike - 2-3h riding + 1-2h walking

 Ziva's farm

Today you will get your horse ready and set off towards the shores of lake Zlatar. If the weather permits you can go for a swim (without the horses) before returning to the farm for lunch.

In the afternoon, you will go on a hike through the nearby forest and the Amzići village. You will have the opportunity to meet a few locals and learn more about the region.

Back at Ziva’s farm you will have dinner and, in the evening, you will go on a stroll through Nova Varos town.

Overnight at Ziva’s farm.

 Ziva's farm

Today you will explore the Zlatar mountain on horseback. You will cross several villages along the way and get a glimpse of the local way of life. You will arrive back at the farm in time for lunch and set off by car in the afternoon to visit Mileseva monastery (a 40 min. drive). This monastery dates back to the 13th century and is the home of Beli Andejo (White Angel).

Dinner will be held at a family-owned restaurant located in the canyon of the Milesevka river. Please note this meal is not included in the price and should be paid locally.

Day 5 — 5: Full Day Ride - 5-6h riding

 Ziva's farm

Today you will ride through forests and pastures towards an old hanging pedestrian bridge over Zlatar lake. This bridge used to be the only connection to “civilization” for the villages on the other side of the lake. You will stop for today’s picnic lunch around this area.

After lunch, you are welcome to go for a swim or just relax by the horses. Back in the saddle, you will make your way back to the farm through picturesque villages.

Dinner and overnight at Ziva’s farm.

Day 6 — 6: Foraging & Boat trip - 2-3h riding

 Ziva's farm

On your last trail, you will revisit some of the host’s favourite spots, stopping along the way to forage for strawberries, mushrooms and herbs. Today you will return home a little earlier for lunch.

The afternoon is action packed! You will drive to the upper lake and enjoy a boat ride along the Uvac river to the “Ice” cave. After visiting the cave and the viewpoint above it you will return to the shore and enjoy the sunset.

Drive back to the village and enjoy a farewell dinner with the group.

Overnight at Ziva’s farm.

EQUESTRIAN INFO

Horses

You will ride Serbian mountain horses. This breed is known for their smaller size, but they are strong and sure-footed.

The horses are not shod and they live outdoors.

Heights range from 13.7hh-15hh.

Guide & local team

Iva will be your lead guide. She has a BSc degree in Equine Sports Science from De Montfort University, and over 35 years of practical international experience in horse/rider training and stable management.

Minimum riding ability

MINIMUM RIDING ABILITY

To participate in this holiday, riders should be comfortable at walk and trot and have some experience cantering. You should also be comfortable riding in two-point position, to help the horses during more steep inclines.

The programme can be adapted for beginners (private groups).

Maximum rider weight limit: 90 kilos / 14,1 st / 198 lbs

PACE

This is a technical ride. There are ascents and descents, as well as some obstacles to cross like streams.

Most of the ride will be in walk. There will be a few short trots and canters where the terrain allows it.

TACKING ABILITY AND PARTICIPATION

Riders are welcome to assist with tacking/untacking, but this is not expected.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

There are some sections of the route that will require dismounting and leading the horse. Riders should be able to mount from the ground.

There are also some steep inclines, so riders must be able to maintain a balanced two-point position.

EQUESTRIAN EQUIPMENT

English tack.

Saddle bags are not available - we recommend bringing a bum bag to carry small items with you during the day.

Helmets are mandatory and you should bring your own to ensure a proper fit. There are no helmets available to borrow locally.

TRAVEL INFO

COMFORT

Depending on the group size, you may stay in a guesthouse, log cabin or guest room in a small, family-owned property within 500m from the farm. The rooms are clean but simple.

You may be required to share a bathroom.

There is cell service in most areas. Wifi is available at the accommodations.

MEALS

Most meals are traditional and made with local organic products which provides direct support to local communities.

Meat and milk are a significant part of the diet. The meals are simple but wholesome. Vegetables and fruit aren't always available in large quantities.

Vegetarian diets can be accommodated but meals will mostly focus on eggs and cheese. Please make sure to inform us in advance.

CLIMATE

Temperatures in Amzići show significant seasonal variation. In winter, they can drop to around -6°C, while summer highs often reach 28 – 30°C. Winters tend to be cold and crisp, especially from December to February, with temperatures hovering between -5°C and 3°C. Snowfall is common during this period and can occasionally continue into early spring. Cold air masses from the north can bring extended chilly spells through March. Rainfall is relatively evenly spread throughout the year, though May and November are typically the wettest months. July and August tend to be drier, making them ideal for outdoor activities. Early spring, especially April, often sees a mix of showers and sunshine.

The weather at this altitude can change quickly, with colder spells possible even in July/August. The evenings are always fresh. We recommend bringing a few pieces of warmer clothing even for summer rides.

TIPS

Tipping is customary - plan about 5%-20%.

Euro is preferred but you can also use GBP or USD.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
