

North Patagonia Cattle & Camping Trail

ARGENTINA

Experience a beautiful camping trail through a remote part of northern Patagonia, that boasts cinematic views and stunning landscapes, some accessible only on horseback. This vast wilderness is the perfect location for those looking to disconnect from the modern world and explore rural life in Argentina, with the added chance to spend a day herding cattle alongside the gauchos. The trip also includes two nights at a family-owned traditional 'estancia' or farmhouse, where you will eat delicious home-cooked meals. In this unique and other-worldly region, riders will discover new wildlife, swim in rivers and lagoons, ride the native criollo horses and enjoy cosy evenings around the campfire. At the end of the trip, a stay in the vibrant capital of Buenos Aires beckons. This is a trip for those seeking adventure, untamed beauty and a taste of real Argentina.

ITINERARY

Highlights

- Ride sure-footed Argentine criollo horses across the wild and beautiful landscapes of northwest Patagonia
- Enjoy breathtaking views, riding through beautiful valleys and over majestic peaks
- Wild swim in rivers, pools and natural hot springs
- Embrace the chance for a digital detox –unplug and connect with nature in a wonderfully remote location
- Sleep under the stars and enjoy cosy nights around the campfire
- Try your hand at cattle driving and ride alongside Argentine gauchos
- Spot wildlife such as condors, hares, foxes, red deer, wild boar, pumas and various birds
- Take the chance to go fly fishing for brown and rainbow trout (to be arranged in advance)
- Visit the capital Buenos Aires before or after the ride and enjoy it's rich, vibrant culture: with tango, colourful street art, delicious cuisine and fascinating architecture all on offer

Day 1 — 1: BUENOS AIRES – NEUQUÉN – ESTANCIA - No riding

You'll fly to Buenos Aires (Ezeiza) and then take a domestic flight to Neuquén in western Argentina. (International flights not included but bookable upon request). Please note that you may need to arrive in Argentina a day earlier and spend the night in Buenos Aires.

Please plan to arrive in Neuquen by 1pm latest so you can join the group transfer at 2pm. You may also choose to arrive in Neuquen a day earlier and stay in a hotel. After arriving in Neuquen, you will be met by a member of the local team and begin your transfer (approximately 5-6 hours) to the estancia near Caviahue, a small town on the Chilean border. On the way, enjoy breath-taking views of the snow-capped Andes.

Upon arrival, you'll meet your hosts. If there's time, you can enjoy a short introductory ride before dinner.

Dinner and overnight at the estancia.

Day 2 — 2: ESTANCIA – EL MANZANO - 6-7 hours riding

After a hearty breakfast, you'll get ready for your first full day ride and cattle drive. This morning will be a slow pace in order to move the cows, (a herd of approximately 300-400 cows) and you'll get the chance to ride alongside a team of local gauchos. Be prepared for a good 3-4 hours in the saddle.

Afterwards, you'll enjoy lunch by a stream and then continue to ride for three more hours before reaching your campsite, just metres from a waterfall on the Agrio River. Time for a dip and a classic spit-roasted lamb barbeque (asado).

Dinner and overnight camping.

Day 3 — 3: EL MANZANO – TROLOPE RIVER - 5 - 6 hours riding

Today you'll ride to Salto del Agrio, where the river plunges from a basalt edge into a peaceful lagoon.

You'll enjoy lunch inside the caldera, with the roar of the nearby waterfall echoing around you. Brave souls can swim in the natural pool (be prepared for cold water). Later, you'll ride through majestic Araucarias—towering Monkey Puzzle trees that reach up to 80 metres—and head towards tonight's camp by the Trolope River.

Dinner and overnight camping.

Day 4 — 4: TROLOPE RIVER – EL TROLON - 5 - 6 hours riding

This is a day for adventure: today you'll cross the mountain range, ascending into pure wilderness.

After about five hours on horseback and lunch in the peaks, you will reach the most remote destination of the ride—a natural hot spring in a hidden valley, fed by the Copahue volcano. You can take a dip and relax, and then afterwards, you'll head to the nearby campsite.

Dinner and overnight camping.

Day 5 — 5: EL TROLON – LAGUNA DEL CUERO - EL TROLON) - 5 - 6 hours riding

You'll ride light today, bringing only day packs. The morning will be faster paced, with some nice canters and the chance to spot condors.

Afterwards, you'll arrive at a mountain lagoon at the summit of cerro bayo, where you'll have lunch and swim in the lagoon with the horses—an unforgettable moment. In the afternoon, a shorter ride takes you back to camp at El Trolon. Time to soak again in the hot spring and enjoy some wine while dinner cooks.

Dinner and overnight camping.

Day 6 — 6: EL TROLON – LLANO BLANCO - 5-6 hours riding

Today you'll begin the return journey, riding three hours through high valleys and along scenic trails. You'll have lunch under willow trees in a quiet valley before continuing to ride for a few more hours.

As you glimpse the El Morado hill in the distance, the journey starts to feel full circle. Tonight, you'll camp near the ranch, ready to reflect on the incredible days behind you.

Dinner and overnight camping.

Day 7 — 7: LLANO BLANCO – ESTANCIA - 5-6 hours riding

A relaxed final ride takes you to a riverside beach on the Agrio River. Along the way, you'll descend through historical landmarks from the Conquest of the Desert, spotting ruins, monoliths and relics.

You'll enjoy lunch by the river, swim if you please, and ride the last part of the ride through golden light until you reach the farmhouse. A hot shower and a final farewell dinner brings this unforgettable week to an end.

Dinner and overnight at the estancia.

Day 8 — 8: NEUQUÉN – BUENOS AIRES – EUROPE - No riding

After breakfast, you will leave the estancia at around 9am (possibly earlier depending on flights) and for your transfer to Neuquen airport (a 5-6 hour drive).

Please book a flight departing after 4pm to allow time for your transfer. You may decide to spend a night or two in Buenos Aires or travel directly to Europe.

EQUESTRIAN INFO

Horses

The horses are mostly the native criollo breed – they are surefooted, well trained and used to the local terrain. The ranch has a herd of around 40 horses who all live outdoors, with many born and raised on the farm.

Guide & local team

The ranch is a family-run business and all of the guides are part of the family, deeply connected to the land and grateful for the opportunity to share it with others. They are all fluent English speakers. The team will be assisted by gauchos, some of whom have been with the family for more than 50 years.

Minimum riding ability

MINIMUM RIDING ABILITY

You should be comfortable in walk, rising trot and canter, have good balance in the saddle and be comfortable riding outdoors over varied and steep terrain. Previous experience of a multi-day trail ride is recommended. This ride welcomes intermediate riders and above who are physically fit and comfortable with adventure.

Maximum rider weight limit: 90 kilos / 14,1 st / 198 lbs.

This ride may be able to accommodate experienced riders weighing up to 95kgs. Please contact your travel advisor.

PACE

This is not a fast ride due to the steep and rugged terrain, but there will be opportunities to trot and canter in the valleys.

TACKING ABILITY AND PARTICIPATION

You will be expected to groom and tack up your own horse, with the local team there to assist if needed. You will also be required to help pitch tents and assist with camp chores, although on some days, a group of gauchos may ride ahead to set up camp and prepare dinner for you. The gauchos and guides will prepare the pack mules.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You should be in good physical condition as you will be riding in a remote location, far away from medical help. All guests should be riding fit and comfortable spending several hours in the saddle each day, as well as riding over rugged terrain. There may be some technical or rocky sections when you will need to dismount and walk your horse. As the trails can also be steep, this ride is not recommended for those with vertigo.

This trip is designed for those seeking adventure: You should be comfortable riding in a remote location with no phone service, happy with wild camping and spending time outdoors for several days. Please inform your travel advisor of any allergies or medical conditions in advance.

Pack mules are used for camping gear, food equipment and supplies. A support vehicle also carrying additional supplies and equipment will meet the group at certain points during the ride and sometimes at campsites, but not all, as some areas are only accessible on horseback. Please plan to carry all of your personal belongings on your horse, as the pack mules and support vehicle are used exclusively for equipment and supplies.

EQUESTRIAN EQUIPMENT

The saddles are Argentine 'cangalla' saddles, with sheepskins. These are very comfortable and ideal for long-distance riding. The bridles are rawhide bridles. The local team also provides saddle bags. Ponchos can be rented or purchased. Riding helmets are highly recommended but not compulsory. The local team has helmets available for guests who wish to borrow one. If a rider chooses not to wear a helmet, they are required to sign a liability release accepting personal responsibility for the risks involved.

TRAVEL INFO

COMFORT

You will spend 2 nights at the estancia/farmhouse, and 5 nights camping (two people sharing 3-man tents).

The farmhouse is rustic and cosy, with 7 bedrooms, each with two single beds. There are 5 bathrooms which are shared between guests. Please note, there are no double beds.

Please note that for the camping part of the trip, tents will be provided but you will need to bring your own sleeping bag. You can also rent a sleeping bag at the ranch for US\$50. There will be no bathroom facilities or electricity during the camping part of the trail.

Single rooms and tents are not always available – please contact your travel advisor for more information.

MEALS

All meals are prepared with high quality, natural ingredients. Meat comes from grass-fed sheep, born and bred on the ranch. Much of the food and wine is organic.

Breakfasts will be around 8am. Lunch on the ride will be around 1pm and dinners are around 8:30pm. All water, soft drinks and alcohol (wine/beer/spirits) are included (but limited due to logistics). Please let us know in advance if you have specific preferences.

Meals are hearty and varied. Guests can expect traditional Argentine asados, fresh salads, empanadas, regional stews, homemade pasta, and even freshly baked bread. Vegetarian options may be available, please inform your travel advisor in advance. Everything is prepared by a chef who joins the group for the ride.

CLIMATE

The weather in Patagonia can be extremely changeable and unpredictable. Please be prepared for all conditions: sun, wind, rain, (and even snow). Temperatures can vary between 30°C during the day and -2°C overnight.

TIPS

You should tip what you feel the service is worth and what you feel comfortable with. We suggest around 10–15% of the trip cost to be shared among the team.

PACKING LIST

Please pack carefully and sensibly: the following guide is here to give you an idea of what to bring. Please bring a soft-sided bag which can easily be transported. There is no weight limit for luggage brought to the estancia but please note that domestic flights from Buenos Aires to Neuquen sometimes have a weight limit of 15kg of checked baggage per person. Please check with the airline.

For the trail, each rider will be provided with a saddlebag which fits approximately two changes of clothes, an extra pair of shoes, a sweater, underwear, socks, personal toiletries and a torch. Sleeping bags and jackets are usually tied to the back of the saddle. Riders carry all of their belongings on their horse, with a weight limit of 6–7 kg per saddlebag (max 14 kgs total). You are welcome to leave any additional luggage at the estancia.

Head

- Riding helmet -- helmets are highly recommended and we suggest you bring your own to ensure a correct fit
- Sunhat for when not riding
- A warm hat for chilly nights / evenings around the campfire.
- Sunglasses – for protection from sun and wind, with a cord attached so they don't fly off when riding
- Buff or bandana for protecting your neck and face from the sun and dust

Upper body

- Thermals in case of cold weather (can also be worn at night)
- Long-sleeved shirts provide protection from the sun
- Short-sleeved T-shirts
- Lightweight fleece or jumper
- Warm polar fleece or equivalent (plus a spare in case one gets wet)
- Windproof and waterproof jacket with hood.
- Down jacket or warm coat for the cold evenings

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Lightweight, waterproof over trousers
- Casual clothes for the evenings (jeans or walking trousers)
- Thermals in case of cold weather

Hands and feet

- Several pairs of warm socks
- Gloves - your hands are particularly exposed to the sun, wind or rain whilst riding

Shoes

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps. We don't recommend taking your favourite long leather boots in case they get damaged
- Hiking boots (or hybrid walking/riding boots that are safe and suitable for riding)
- Lightweight shoes or trainers for the evenings
- Flip flops or sandals

Nightwear and sleeping gear

- Sleeping bag with a comfort rating of at least minus 10c.
- We also suggest adding a liner, such as silk or fleece for extra warmth.
- Thermals or warm pyjamas.
- Eye-mask.
- Ear-plugs.

Equipment

- Swimming costume
- Microfiber or quick drying towel
- Headtorch (and spare battery)
- Dry bags to secure your personal items in saddle bags
- Water bottle
- Camera with spare batteries
- Powerbank and charging cables
- Small bum bag for carrying small items during the day
- Book/reading material
- Notepad and pen

Cosmetics, personal items and medicines

- Any medication you regularly take (including a list of any allergies)
- Sunscreen and lip balm - should be high factor
- Insect repellent
- Pain killers (ibuprofen, paracetamol etc)
- Plasters in case of any rubs
- Antiseptic cream
- Anti-histamines
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication
- Micropur or similar water purification tablets
- Re-hydration sachets / tablets
- Wet wipes
- Handwash gel
- Toilet paper
- Hairbrush / comb and dry shampoo
- Deodorant
- Toothbrush and toothpaste

Our recommendations:

- We recommend travelling in your riding boots and carrying your hat and some riding clothes / any essentials and valuables in your hand luggage - then if your luggage goes astray you are still able to ride!
- Please print copies of your passport and insurance documents and take them with you.
- Please carry any valuables in your hand luggage.
- Backpacks should not be worn whilst riding. We recommend a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc)

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
