Today you will ride towards the abandoned village of Finestres. Along the way, you will stop by a geological formation known as the “Chinese Wall” of Finestres, which provides sweeping views over the Canelles reservoir. From there, you continue across hills to another forgotten village, Fet, before following the trail on to the Montfalcó refuge, where you will stop for lunch.

In the afternoon, you will ride towards Santa Quiteria, a small historic chapel with panoramic views over the valleys. Later, you will leave the horses and set off to explore the dramatic Mont-rebei Gorge, either by boat or on foot (water-level dependent).

Dinner and overnight in Albergue Mont Falco.

Day 3 — 3: Montsec Range - 4h riding

Casa Domenc

After breakfast, you will climb the limestone mountains of the Montsec range. As it is not possible to ride through the Montrebei Gorge itself, you will ascend through the base of Montgai and then descend towards the striking Chiriveta tower. From here, you continue on to a small hillside chapel, located on a narrow ledge between limestone cliffs. The Nuestra Señora del Congost chapel, dates back to the 11th century and provides panoramic views of the gorge.

You then ride towards the village of Chiriveta to visit the ruins of the Church of Nuestra Señora de la Piedad. After crossing the river, you will leave the horses and enjoy lunch in a nearby village.

In the afternoon, you will go on a guided visit of the medieval village of Montañana, whose beautifully preserved buildings and cobbled streets offer a real journey back in time.

Drive back to Aren for dinner and overnight in Casa Domenc.

Day 4 — 4: Sis Mountain Range - 5h riding

Hospederia de Roda de Isabena

Today you will set off from Montañana and follow a trail that climbs gently between old olive groves, almond trees and vineyards. Eventually, you will arrive at the small village of Cajigar, where you stop for lunch. There will be enough time for you to take in the views over the Sierra de Sis before saying goodnight to the horses.

In the afternoon, you will be transferred to the historic village of Roda de Isábena, officially listed among the most beautiful in Spain. You will spend the night in this village, in a charming guesthouse set around what is known as the smallest cathedral in the country.

Dinner and overnight in Hospederia de Roda de Isabena.

Day 5 — 5: Crossing the Sis Range - 5h riding

Hospederia de Roda de Isabena

Today you will set off on a steady ascent into the dramatic Sis Mountain range. The trail narrows between rocky outcrops so, for safety, you dismount to lead the horses on foot for about 15 minutes. After this section, you will continue to ascend towards the high points of the ridge, where you will witness sweeping views of the snow-capped Pyrenees.

After taking in the views, you will follow the ridgeline before descending on an old bridle path to the small village of Denuy, where you will stop for a picnic in the shade of oak trees.

In the afternoon, you'll drive to the nearby Obarra Monastery for a guided visit.

Dinner and overnight in Hospederia de Roda de Isabena.

Day 6 — 6: Isábena River - 6h riding

Hospederia de Roda de Isabena

Today you will follow the course of the Isábena river. In the narrower sections of the valley, the trail climbs towards the small villages of Pardinella and Bascas de Obarra, offering panoramic views over the surrounding hills. The route then picks up the river once more, leading you to the village of La Puebla de Roda for lunch.

In the afternoon, you will continue on towards Roda de Isábena, crossing a beautiful old stone bridge dating back to the Roman period before reaching your accommodation.

Dinner and overnight in Hospederia de Roda de Isabena.

Day 7 — 7: Old Transhumance trail - 5h riding

 Hotel Vilas del Turbón

For your final riding day, you will follow an old transhumance trail once used by shepherds and their herds. Along the way, you will pass a prehistoric monument – the menhir of Merli. From here, you cross the El Chordal range with sweeping views of the Turbón Massif – often called the “magical mountain” of Huesca. Local legend says that Noah’s Ark came to rest here after the flood, and that it was once a gathering place for witches of Upper Aragon.

The ride finishes in the village of Padarniu, on the southern slopes of Turbón. You will have lunch in Casa Fumenal, a farmhouse dating back to the 16th century.

Dinner and overnight in Hotel Vilas del Turbón.

Day 8 — 8: Departure day

After breakfast, you will be transferred back to Barcelona airport for your return flight. Please book a flight departing after 12:00pm.

- We recommend travelling in your riding boots and carrying your hat and some riding clothes in your hand luggage - then if your luggage goes astray you are still able to ride!
- You should also bring a copy of your passport/insurance in case you lose your documents. You can also save a copy into your mobile phone.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
