Hiking & Horse Riding in Mongolia

ITINERARY

Highlights

- Enjoy five days of riding on Mongolian horses, with the trip open to riders of all levels, from beginner/low intermediate to experienced.
- Stay mostly with nomadic families and learn about their daily life.
- Explore a variety of landscapes, including mountains, grasslands, hills and waterfalls, and areas such as the Bayan Gobi, Khangai Mountains, and the famous Orkhon Valley -- all in just nine days.
- Soak up Mongolian culture with a visit to the famous Erdene Zuu monastery and a trip to traditional song and dance show.
- Discover the Mongolian capital of Ulaanbaatar, a city of striking contrasts.

Day 1 — 1: ARRIVAL IN ULAANBAATAR - BAYAN GOBI DESERT - No riding

Arrive in Ulaanbaatar early in the morning (flights not included but can be booked upon request).

Your English-speaking guide will pick you up from Chinggis Khan Airport. (Please note, it is also possible to arrive a day earlier and we can arrange an early pick-up from your hotel, but additional hotel nights are not included in the price).

At around 8am, you will be transferred directly to the Bayan Gobi Desert (4-5 hour drive), with lunch on the way. You'll travel to Khogno Khan Park, visit the "Mini Gobi" dunes, enjoy a camel ride, and explore Ovgon Khiid Monastery.

Dinner and overnight at a family camp.

Day 2 — 2: BAYAN GOBI DESERT – TUVKHUN MONASTERY - ORKHON VALLEY - 2-3

hours riding

After breakfast, you'll be driven to visit the Tuvkhun Monastery. Enjoy lunch on the way and in the afternoon, you'll continue to the Orkhon Valley.

Arrive at the home of a nomadic family, where your guide and hosts will introduce you to Mongolian traditions and daily life. You'll enjoy your first horseback ride through the area, experiencing the nomadic way of life close up.

Dinner and overnight with the nomadic family.

Day 3 — 3: ORKHON VALLEY - BUURUG CAMP - 5 hours riding

Today you'll enjoy a longer ride on horseback through the beautiful natural landscape, heading towards Buurug Camp. Enjoy lunch on the way.

Dinner and overnight stay at Buurug Camp (tourist camp).

Day 4 — 4: BUURUG - NAIMAN NUUR LAKES - 5 hours riding

Today you will ride to the stunning natural area of Naiman Nuur – also known as 'the eight lakes', a chain of pristine lakes set among volcanic craters, forests and mountain meadows.

You'll then stop for a picnic lunch before continuing to ride through this remote area towards the next nomadic family.

Dinner and overnight with local family.

Day 5 — 5: NAIMAN NUUR LAKES - 5 hours riding

You'll spend a second day riding and exploring the landscapes around the Naiman Nuur Lakes, with a picnic lunch and, for those who are brave, a chance to take a dip in one of the lakes. You'll then continue riding to the next family.

Dinner and overnight with local family.

Day 6 — 6: NAIMAN NUUR LAKES - ORKHON WATERFALL - 5 hours riding

Today is your last day on horseback. After breakfast, you will set off on your horse, headed towards the beautiful Orkhon Waterfall, which cascades down into the Orkhon River, Mongolia's longest river, and flows through the historic Orkhon Valley, a UNESCO World Heritage Site which is rich in nomadic culture and ancient history.

After dismounting to see the waterfall and take pictures, you and the rest of the group can choose between continuing on horseback or taking the car to the next nomadic family.

Dinner and overnight with local family.

Day 7 — 7: NOMADIC FAMILY - KHARKHORIN - No riding

You'll say goodbye to the nomadic family after having breakfast, and transfer to Kharkhorin. You'll have lunch on the way and then visit the Kharkhorin Monastery.

Tonight you'll have dinner and stay overnight at a tourist camp.

Day 8 — 8: KHARKHORIN - ULAANBAATAR - No riding

After breakfast, you'll return to Ulaanbaatar. You'll have lunch upon arrival and in the afternoon, a guide can take you shopping in the city.

For your last evening, you'll attend a traditional Mongolian show, with traditional dances, music and songs.

You'll enjoy a final farewell dinner and then stay overnight at a hotel (in a twin or triple room).

Day 9 — 9: DEPARTURE

After breakfast, you'll be transferred to the airport for your flight home.

EQUESTRIAN INFO

Horses

The legendary Mongolian horse is small but strong, energetic and enduring; perfectly suited for equestrian trekking across all terrains. Though good natured, these horses live a semi-wild life, and riders should be adaptable – open to different ways of riding and handling the horses. Some horses are livelier than others, but all are carefully selected by the team to suit the rider.

Guide & local team

The tour guides, drivers and equestrian guides are seasoned professionals dedicated to providing a unique and high-quality experience. The local families, who are an integral part of the team, are also used to welcoming and hosting guests.

Minimum riding ability

MINIMUM RIDING ABILITY

This trip can accommodate beginner and low intermediate riders, however, it is a requirement of this trip that all participants have had at least 6 riding lessons in the weeks/months prior to departure and have a basic understanding of how to ride a horse.

Please note that Mongolian horses, while friendly, may also be semi-wild. Guests should be adaptable and prepared for a range of temperaments. It is important to follow the instructions of the local equestrian guides (for example, they will ask you not to add or remove layers while riding, and to mount from the left side).

Rider weight limit is 85 kg / 187 lbs / 13 st 5 lbs.

PACE

Much of the ride will be at a walk, with some trots and canters depending on the terrain and abilities of the group. Guests will ride for around 4-5 hours per day.

TACKING ABILITY AND PARTICIPATION

Each horse is saddled and unsaddled by the accompanying Mongolian herders. Feel free to participate in the process if you'd like – simply ask the herders for guidance. While staying with local families, you may be asked to participate in tasks such as washing up.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

You should be in good health as you will be riding in a remote location, far away from medical help. All guests should also be physically fit and have good balance, as you will be spending several hours in the saddle riding over varied terrain. It is a requirement of this trip that all participants have had at least 6 riding lessons in the weeks/months prior to departure and have a basic understanding of how to ride a horse.

Please also note: This ride is designed for those seeking adventure – you should be comfortable spending long periods outdoors in a remote area (with no phone service in some parts), and with staying at family camps where there are limited bathroom facilities. Please inform your travel advisor of any allergies or medical conditions in advance.

Visiting a new country offers the opportunity to meet other cultures with different mentalities, therefore it is important to accept these differences and respect the local way of life. Be prepared to adapt to a different style of riding and accept that Mongolians relate to their horses in a different way than

those in Western countries.

EQUESTRIAN EQUIPMENT

The saddles used are Russian and Mongolian style. Comfort levels may vary from rider to rider, so please inform the team of any discomfort on the first day so adjustments can be made.

Recommendations:

- Riders over 1.90m tall should bring their own adjustable stirrup leathers, as local saddles may not offer sufficient length.
- Consider bringing a sheepskin seat saver or extra padding to ensure comfort during long rides. It must be securely attached to the saddle - please ask the local guides for assistance.
- A helmet is strongly recommended for safety and half chaps are recommended for comfort and to protect your legs. Please bring your own helmet and chaps to ensure a proper fit.
- Please note: Saddlebags are not available on this ride as Mongolian horses aren't used to them. But you will have a support vehicle and the guides will carry water. Backpacks are not to be worn whilst riding.

TRAVEL INFO

COMFORT

For 5 nights, you will be hosted by local families. You will sleep in a yurt with other guests, separate from the family. There are 3-5 beds in a yurt. The families don't provide shower facilities but you will be provided with a portable shower or you may choose bathe in nearby lakes and rivers. Toilets may be compost toilets or holes in the ground.

For 2 of the nights, you will sleep in yurts at tourist camps, which have electricity, toilets and showers, and a dining area.

The last night is spent in a hotel in Ulaanbaatar, and you will stay in a double, twin or triple room with a private bathroom and wifi.

Please note:

Yurts may be mixed between male and female guests, and when staying with local families, beds vary in comfort. You will need a sleeping bag (available to rent free of charge or you can bring your own) and we recommend a power bank for charging your devices on those evenings (there is no electricity when staying with local families). You may also be able to charge your devices in the support vehicle on driving days.

MEALS

Meals are carefully arranged to give you a taste of Mongolian life: Most meals are hearty and meat-based, featuring beef, lamb, and chicken, served with rice, noodles, bread, flour-based dishes, and vegetables. You'll also enjoy treats like jam, honey, butter, aaruul (dried cheese), milk tea and eggs. Dietary requirements can normally be accommodated, please inform your travel advisor upon booking.

Water:

Do not drink from unknown sources. You will be supplied with fresh water to drink. You may also bring water-purification tablets such as Micropur.

CLIMATE

Mongolia enjoys over 260 sunny days a year and experiences very little rainfall. However, summer brings the most precipitation. The country often sits at the centre of a high-pressure system, keeping the skies clear most of the year, earning it the nickname "The Land of Blue Skies."

Despite the sunshine, Mongolia experiences an extreme continental climate due to its geographical features: a vast, semi-desert plateau averaging over 1,500m in altitude. Summer temperatures can fluctuate wildly, ranging from +3°C to +35°C during the day and from -3°C to +20°C at night.

We recommend wearing layers and carrying rain gear, as the weather can change quickly.

TIPS

If you are happy with the service you receive from your local guides and driver then you may wish to leave a tip. In order to remain consistent with the standard of living, we would recommend approx €60 per person to be shared between the team.

PACKING LIST

Please pack carefully and sensibly: the following guide is here to give you an idea of what to bring. A support vehicle will carry your luggage for most of the ride so there is no weight limit as such, but we recommend approximately 20kgs. Please remember that the region can be cold and the weather extremely changeable -- please bring layers and rain gear. We recommend that you pack essentials in your hand luggage - such as your sleeping bag, towel and sanitary products (within allowance), rain jacket and riding gear -- just in case your luggage is delayed.

Please note: you will need to separate your belongings and pack a small bag (we'd recommend a dry bag) for days when you visit the Naiman Nuur lakes (max 8-10kg), as the luggage will be carried by yaks. You can leave the rest of your luggage in the support vehicle and pick it up later.

Head

- Equus Journeys strongly recommends that you wear a riding helmet and that you take your own to ensure a correct fit. There are many lightweight options available nowadays
- Sunhat for when not riding
- Sunglasses - with a cord attached so they don't fly off when riding
- Buff or bandana
- Warm hat for cold nights

Upper body

- Thermals (long or short-sleeved)
- Long-sleeved shirts provide protection from the sun and are an extra layer
- T-shirts
- Lightweight fleece or jumper
- Warm fleece or jumper (and a spare in case one gets wet)
- Warm and waterproof jacket - it can rain at any time of year, and the evenings can be particularly cold. No ponchos or anything that can flap around!

Legs

- Lightweight, comfortable riding trousers or jodhpurs - we recommend riding in them at home before taking them on holiday to ensure they don't rub
- Thermals
- Casual trousers for the evenings, such as jeans or tracksuit bottoms
- Waterproof over trousers

Hands and Feet

- Comfortable riding boots. We recommend short boots with half chaps but you may wish to take long chaps as an extra layer against inclement weather. We don't recommend taking your favourite long leather boots in case they get damaged. We would suggest something with a good grippy sole.
- Waterproof shoes/boots can be useful for abundant dew in the mornings or when it rains
- Trainers or equivalent light shoes for moving around in the evenings
- Several pairs of warm, thick socks
- Gloves - your hands are particularly exposed to the sun, cold or rain whilst riding. Waterproof gloves can be particularly useful

Nightwear

- Sleeping bag. You need at least a comfort factor down to minus 5°C, but would recommend at least minus 8 or 10°C (especially outside of July/August). It is possible to request a sleeping bag from the local team (available to rent).
 - Sleeping bag liner - silk, cotton, or fleece - adds an extra layer
 - Camping pillow (not essential but very useful)
 - Pyjamas or tracksuits, or thermals for sleeping in
- Please remember it can get very cold at night, especially if you are travelling in June/September: pack accordingly.

Other useful items

- Water-purification tablets
- Swimsuit - for swimming/bathing in lakes
- Towels - camping ones will both dry and pack more easily
- Small backpack for accessing items required during the day (carried by support crew)
- Camera and high capacity memory card. Spare battery
- Bumbag for carrying your camera and small items whilst riding
- Head torch or small torch for moving around camp at night - bring spare batteries and bulbs
- Water bottle (2 litres or 2 x 1 litre)
- Wet Wipes or equivalent (for when washing facilities aren't available)
- Small plastic bags for rubbish
- Ear plugs (for light sleepers)
- Solar charger/power bank

Medical kit

- Micropur tabs
- Sunscreen and lip balm - should be high factor
- Insect repellent, preferably containing DEET
- Any medication you regularly take
- Blister plasters in case of any rubs
- Antiseptic cream, plasters, aspirin, anti-histamine, insect-bite salve etc...
- Spare prescription glasses/contact lenses
- Eye drops
- Imodium or similar anti-diarrhoea medication

- Re-hydration sachets
- Water purification tablets
- Antiseptic wipes
- Handwash gel

Gifts for local families

Mongolian tradition wants the traveller to thank his host for his kind hospitality by offering small gifts. Some ideas for gifts include fresh vegetables and fruits (to be bought on the way), cakes or sweets (from home or bought locally), other local products/specialities from your home country, toys or books for children, kitchen utensils or camping accessories. You may also wish to take some photographs or postcards of your home with you to show your hosts.

Please avoid offering soaps, pens, or used clothes.

Other recommendations:

- Please print copies of your passport and insurance documents and take them with you.
- Backpacks should not be worn whilst riding. We recommend bringing a small bumbag or a coat with pockets so that you can carry small items with you during the day (camera, sunscreen, lipbalm etc). The guides will carry saddle bags carrying water.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
