Day 2 — 2: Foothills of Empordá - 4-5h riding

 Masía La Palma

Today you'll follow a ridge with sweeping views over Mediterranean forests. The trail descends towards the Fluvià River, and you'll leave the rolling hills behind as you reach the open plains. Here you will enjoy canters through olive groves and wheat fields, riding past stone farmhouses and country chapels.

You'll eventually arrive at your overnight location – Masía La Palma, or Masía Can Grau (availability dependent).

Day 3 — 3: Forests & Plains - 5-6h riding

 Bassegoda Park

After breakfast, you will start preparing the horses. Earlier this morning, at dawn, the cattle set off with the herder from the farm.

Today's route leads you towards Sant Llorenç de la Muga, where you'll reunite with the cattle and their herder. Along the way, you'll pass small shepherds' shelters and remnants of rural architecture. As you approach the shrine of Sant Quirze d'Olmells, the scenery begins to change, giving way to dense Mediterranean forest that stretches across the plains of Palau Surroca and towards the castle of La Roca. You'll take a short break by the shrine of Sant Sebastià near Terrades, before continuing towards the lunch location.

After a siesta, you'll rejoin the cattle and continue down towards Albanyà. Upon arrival, the horses will be settled in a nearby field, while you head to the Bassegoda campsite.

Dinner and overnight in wooden bungalows.

Day 4 — 4: Massif of Bassegoda - 5-6h riding

After breakfast, you'll head out to the fields where the horses await. During the morning you will ride in the mountain, enjoying the fresh air. You will eventually rejoin with the cattle that set off earlier in the morning. At this point, you may need to help the team collect the cattle that dispersed along the way.

Leaving behind the roads and any sign of civilisation, you'll enter the Bassegoda Massif, a striking natural fortress that dominates the valley. The trail follows the course of the Píncaro stream, winding its way towards the Coll de Bassegoda and the Coll del Principi. Here, in a vast plateau of red pine forests, you'll meet the herd once more and head together towards La Comella farmhouse for a well-deserved picnic.

The final stretch of the day leads you to Morató, where you'll set up camp. The tents and crackling campfire create a cosy base for the evening, while the horses graze freely nearby.

Day 5 — 5: Mountain paths & River Break - 2h riding

After breakfast, you'll gather the horses and prepare for another memorable day in the saddle. Today's route begins by rounding up the cattle at La Comella House, where they rested overnight. From there, you'll set off on a gentle descent, following the river's course through the valley. You'll continue towards Sant Julià de Ribelles and cross Morató before arriving back at camp.

After enjoying lunch at camp, you will have time to relax by the riverbank. If the weather allows, you can even go for a swim!

Day 6 — 6: Returning to Civilisation - 5-6h riding

 Can Soler

This morning's trail follows a narrow path winding through dense forests. To your left, you will see the Pic de les Bruixes (the "Witches Peak"), one of the peaks of the Pyrenees.

An escarpment will nudge you towards the Coll de les Falgueres before you cross the border into France. You will descend to the river headed towards the Manère village, then climb once more, back across the border into Spain. You will then begin a gentle descent to the Can França road where you will stop for a picnic lunch.

In the afternoon, both horses and herd press on to Rocabruna.

Dinner and overnight in a rural hotel - Can Soler or Casa Etxalde, depending on availability.

Day 7 — 7: Countryside & Village trails - 3-4h riding

After preparing your horse, you'll gather the cattle and guide the herd along the Rocabrana road, continuing towards the village of Font-Rubí. From there, you'll start your last descent through the Coll Pregon pass, following the ancient trails down to the village of Camprodon. Here, the cattle trail winds right through the heart of the village, where locals and visitors alike gather to watch your arrival.

The journey continues towards the final stop in the village of Llanars, where the cattle and horses will stay. Back in Camprodon, a well-deserved lunch awaits, followed by a restful afternoon in the hotel.

Day 8 — 8: Departure day

After breakfast, you will be transferred to Barcelona or Girona airport. Please make sure to book a flight departing after 1:30 pm (if flying from Girona), or after 2:30pm (if flying to Barcelona).

Minimum riding ability

MINIMUM RIDING ABILITY

This holiday is suitable for strong intermediate riders and above. You need to be an independent rider and comfortable at all three paces in outdoor

settings.

Rider weight limit: 90kg / 198lb / 14st.

PACE

The pace is mostly at walk with trots and canters where the terrain allows it. When riding with the cattle, riding is usually at a walk to keep the animals calm.

TACKING ABILITY AND PARTICIPATION

All riders are expected to tack and untack their own horses, however help is always on hand if necessary.

The local team will set up the camp for the group, but those who wish to help with setting up tents / camp tasks are welcome -- assistance is always appreciated.

TRIP CONDITIONS AND REQUESTED EXPERIENCE

A good fitness level is required for this trip.

On this holiday you will accompany the cattle and its herders as they move towards the village of Llanars. The rider's route isn't always the same as the one that the cattle follows. This is to ensure everyone's safety and provide a more scenic experience to the riders. There are some sections where you will need to dismount and lead your horse downhill.

You may need to assist the herders rounding up dispersed cattle throughout the holiday, so you must be an independent rider.

This trip includes a few days camping in very remote areas, without reception.

EQUESTRIAN EQUIPMENT

English saddles with saddle bags.

It is possible to request Western tack - please make sure to inform your travel advisor in advance.

Hard hats are mandatory. We recommend our riders to wear a helmet to the correct standard and you should bring your own to ensure a proper fit.

TRAVEL INFO

COMFORT

The accommodation on this trail is simple. You spend five nights in bungalows and small rural hotels, each offering a proper bed and hot shower.

The two camping nights are more basic, with no bathroom or shower facilities. **Please note you must bring your own sleeping bag and sleeping mat.**

MEALS

Breakfast usually includes fresh bread, pastries, cheese, cold cuts, jam, and fruit.

Lunch is a picnic featuring a variety of dishes such as pizzas, quiches, tabbouleh, cold salads, tortilla, cured meats, and fruit. On certain days, the picnic will be carried in the saddlebags.

Dinners consist of a starter, a main course, and a dessert.

Anne takes great care in selecting local, seasonal produce and personally prepares your picnics.

Dietary requests can usually be accommodated if mentioned in advance - please inform your travel advisor upon booking.

SUSTAINABLE TOURISM

1. **Travel light.** It's a little known fact, but the lighter you pack, the better for the environment as heavy bags will produce higher emissions (when flying a plane or driving a car!).
2. **Reduce plastic waste.** Take your favorite reusable bottle with you. Avoid single-use bags, cups, or straws.
3. **Preserve nature.** Always take your rubbish with you during the ride and recycle them. Leave all the flowers or plants as you found them, and never get too close when observing wildlife. Make sure to use eco-friendly products such as body wash or laundry detergent (if camping) to protect both your skin and the environment.
4. **Choose your experiences carefully.** Respect animal life by not participating in any activities that abuse wild animals (shows, elephant rides, etc.).
5. **Support local populations.** Buy local handicrafts, be respectful of customs, and learn about the culture of local communities.
6. **Share!** Raise awareness among your family and friends about sustainable tourism.
